Dark Horse Pictures Andy Hopkins,2007 **Modern Fantasies on Love versus Classical Romances** Ljuba Tarvi,2023-07-14 Viewed through the lens of physics love conquers nothing is the conclusion reached when love patterns in romances are viewed through laws of quantum physics In this book based on the metaphor Love Text is Energy love in fiction is interpreted in the same way as subatomic particles are studied in quantum mechanics by investigating traces of their clashes in giant colliders i e as Marx s converted forms of the protagonists conscious and unconscious decisions and actions The book introduces the Token Valence Method which assumes that a word like an elementary particle is neither a particle nor a wave but rather a quantum state The TVM has revealed three models of love patterns in fiction adaptation 21st century alienation 20th century and imagination 1991 2021 **Give Me My Crown Back** Santosh Jha,2020-03-16 Unashamedly the author begs you to read this eBook You must spare two hours to save humanity from definite annihilation Beg others too to join the conclusive crusade against Enemy Number One of 7 5 billion people There is no choice you destroy it or it eliminates us all Either you reclaim your Crown be the sovereign or die a slave It s now or never Dead for sure can t yearn Even the mightiest of human colossal in the long history of humanity feared only one thing The Question even simple innocuous and straight question the Question of Ultimate Reason This fear emanates out of the universal causality of reality that power and authority comes out of series of successes one has and every success is a complex conglomeration of hypocrisies often forceful which an individual piles up to be successful The mighty and great is usually sitting on top of a Mountain of Hypocrisies with a glittering but slippery Crown on his head The single simple and straight forward question which every mighty individual or even the mightiest state and governments are terribly scared of and out to kill is What Happened To Human Dignity If an individual is the sole Media of all Reality if I Is God none and nothing else can and should take away the Crown Position from You the individuality and Your Liberty to be You This acceptance is option less The mounting and huge hypocrisies of contemporary human world and culture by which state governments politics economy commerce religion et all

are reducing You and personal spaces as slave to their nefarious agenda must end They must bow down to the Real and True Sovereign You For this to happen the You the individual must rise and insist Give Me My Crown Back In this eBook we shall discuss issues in two parallel streams First is the detailed deliberation of stupidities hypocrisies and calamitous consequences of current politics stupidities of state and oligarchic governance systems along with the nexus with economic structures and practices they have sustained since decades to destroy the dignity and sovereignty of individual making life hell for him or her Secondly there is elaboration of the scientific objective basis of people rule and de empowerment of state governments in 21st century In the light of irrefutable objective logic of modern science about Reality Human Consciousness and Cognitive science et al we shall prove how and why the true sovereign the people Must Get Its Crown Back and for what novel true and right purposes All futilities and utilities all rights and wrongs all good and bad etc shall be decided and installed on the basis of modern contemporary Science Of Reality nothing else There shall also be details of the possible alternative model of politics governance administration and economic prudence that need to be put in place replacing the current dispensations to install Human Dignity and sovereignty of individual We talk about them in broad principles as small details can always be filled in depending upon requirements at grassroots levels of operations However the most difficult part of the eBook shall be How To Go About It But we shall try and we may succeed if you all align with the idea and lend support to it Do step in for a novel experience and experiment welcome *Catalog of Copyright Entries* Library of Congress.
