Shared Secrets Elizabeth Findley Shores, 2021-02-19 Winner 2023 Booker Worthern Literary Prize. For nearly a century, British expatriate Charles Joseph Finger (1867-1941) was best known as an award-winning author of children's literature. In *Shared Secrets*, Elizabeth Findley Shores relates Finger's untold story, exploring the secrets that connected the author to an international community of twentieth-century queer literati. As a young man, Finger reveled in the easy homosociality of his London polytechnical school, where he launched a student literary society in the mold of the city's private men's clubs. Throughout his life, as he wandered from England to Patagonia to the United States, he tried to recreate similarly open spaces such as Gayeta, his would-be art colony in Arkansas. But it was through his idiosyncratic magazine *All's Well* that he

constructed his most successful social network writing articles filled with coded signals and winking asides for an inner circle of understanding readers Capitalizing on the publishing opportunities of the day Finger used every means available to express his twin loves literature and men He produced an enormous body of work and his short semiautobiographical fiction won some critical acclaim Ultimately the children s book that won Finger a Newbery Medal ushered him into the public eye ending his development as an author of serious queer literature Shared Secrets is both the story of Finger s remarkable adventurous life and a rare look at a community of gay writers and artists who helped shaped twentieth century American culture even as they artfully concealed their own identities *Conservation Research Report* ,1967 **The Great**
