Alvarez, Claudia de Lima Costa, Veronica Feliu, Rebecca Hester, Norma Klahn, Millie Thayer, 2014-03-05 Translocalities Translocalidades is a path breaking collection of essays on Latin American Caribbean and United States based Latina feminisms and their multiple translations and cross pollinations The contributors come from countries throughout the Americas and are based in diverse disciplines including media studies literature Chicana/o studies and political science Together they advocate a hemispheric politics based on the knowledge that today many sorts of Latin Americanities Afro-queer indigenous feminist and so on are constructed through processes of translocation Latinidad in the South North and Caribbean middle of the Americas is constituted out of the intersections of the intensified cross border transcultural and translocal flows that characterize contemporary transmigration throughout the hemisphere from La Paz to Buenos Aires to Chicago and back again Rather than immigrating and assimilating many people in the Latin Americas increasingly move back and forth between localities between historically situated and culturally specific though increasingly porous places across multiple borders and not just between nations The contributors deem these multidirectional crossings and movements and the positionalities engendered translocalities translocalidades Contributors Sonia E Alvarez Kiran Asher Victoria Vicky M Balaes Marisa Belausteguigoitia Rius Maylei Blackwell Cruz C Bueno Pascha Bueno Hansen Mirangela Buggs Teresa Carrillo Claudia de Lima Costa Isabel Espinal Veronica Feliu Macarena Gomez Barris Rebecca J Hester Norma Klahn Agustín Lao Montes Suzana Maia Margara Millán Adriana Piscitelli Ana Rebeca Prada Ester R Shapiro Simone Pereira Schmidt Millie Thayer **The Emergence of the Latin American Novel** Gordon Brotherston, 1977-09-29 This survey concentrates on the modern novel of Spanish speaking America Dr Brotherston starts

with a long and suggestive introduction on the general topic settings and people showing the growth of a sense of Latin American identity in the fiction produced in the continent as a whole There follow detailed studies of individual modern novels taken as representative of their time their author their country and the continent A conclusion surveys and sums up these themes The analytical studies of important and representative novels related to each other in theme and preoccupation the substantial quotations in English the notes and the useful bibliography make this a book which gives students and other readers a well considered introduction to the Spanish American fiction of this century *Masters of War* Clara

Nieto,2011-01-04 In *Masters of War* Clara Nieto adeptly presents the parallel histories of the countries of Latin America histories that are intertwined each reflecting the United States coherent policy of intervention set into motion by the Monroe Doctrine As the value of this continued policy comes increasingly into question Nieto argues for the need to evaluate the alarming precedent set in Latin America the institution of client dictatorships the roles played by the interests of U S corporations the enormous tolls taken on civilian populations and the irreversible disruption of regional stability Drawing from an impressive array of documents and sources as well as from her unique first hand insights as a participant in crucial meetings and negotiations in the region from the mid 1960s through the mid 1980s Nieto chronicles the Cuban Revolution the CIA sponsored coup against popularly elected President Allende in Chile the U S invasions of Panama and Grenada U S support for the cultivation and training of paramilitary death squads in Nicaragua El Salvador and Colombia as well as similarly severe but less well known situations in other countries such as Uruguay Venezuela Argentina Peru Bolivia Honduras and Guatemala *Masters of War* offers from an informed perspective perhaps for the first time a distanced objective analysis of recent Latin American history Clara Nieto s depth of knowledge and understanding is an invaluable resource at a time when the media is seen as unapologetically aligned with the interests of major corporations and policymakers and the American public has reached a new height of apprehension regarding the intentions behind and consequences of its government s policies News Media Coverage of Environmental Challenges in Latin America and the Caribbean Bruno

Takahashi,Juliet Pinto,Manuel Chavez,Mercedes Vigón,2018-09-11 This edited collection provides a unique survey of the ways in which news media organizations across Latin America and the Caribbean cover global regional and local environmental issues and challenges There is growing recognition within academia governments industries NGOs and civil society about the importance of strategic communication and the news media in informing current societal and policy discussions about environmental issues With this in mind this volume explores the content of reporting as well as the structural and individual contests faced by media organizations and journalists with a focus on the very unique political social cultural and environmental conditions that affect the countries individually The book provides a survey of the most relevant and current environmental issues that have attracted public attention across the region and within countries in Latin America and the Caribbean in the first part of the 21st century This volume will be of interest to students instructors and

researchers interested in Latin America and the Caribbean media and the environment      Puerto Rico and the Origins of U.S. Global Empire Charles R. Venator-Santiago, 2015-03-05 Drawing on a postcolonial legal history of the United States territorial expansionism this book provides an analysis of the foundations of its global empire Charles R Venator Santiago argues that the United States has developed three traditions of territorial expansionism with corresponding constitutional interpretations namely colonialist imperialist and global expansionist This book offers an alternative interpretation of the origins of US global expansion suggesting it began with the tradition of territorial expansionism following the 1898 Spanish American War to legitimate the annexation of Puerto Rico and other non contiguous territories The relating constitutional interpretation grew out of the 1901 Insular Cases in which the Supreme Court coined the notion of an unincorporated territory to describe the 1900 Foraker Act s normalization of the prevailing military territorial policies Since then the United States has invoked the ensuing precedents to legitimate a wide array of global policies including the war on terror Puerto Rico and the Origins of US Global Empire The Disembodied Shade combines a unique study of Puerto Rican legal history with a new interpretation of contemporary US policy As such it provides a valuable resource for students and scholars of the legal and historical disciplines especially those with a specific interest in American and postcolonial studies      American Propaganda from the Spanish-American War to Iraq Steven R. Brydon, 2021-11-01 In this book Steven R Brydon analyzes American war propaganda spanning from the Spanish American War through the wars in Afghanistan and Iraq Brydon argues that many of these wars were fought based on false or misleading narratives beginning with blaming Spain for the sinking of the Maine and continuing most recently with charges that Saddam Hussein had weapons of mass destruction and was involved in the terrorist attacks of September 11 Research has shown that well told stories can affect the public s beliefs attitudes and actions and Brydon has identified some of these recurring stories that have been told to support and sustain each war during this time period Using Fisher s narrative paradigm Brydon critically evaluates these war stories to determine if they possessed narrative coherence and fidelity that provided good reasons to go to war rather than simply the appearance of these qualities The responsibility Brydon stresses is on the media and on academics to view future war narratives through a critical lens in order to best inform the American people Scholars of media studies history military studies American studies and international relations will find this book particularly useful      Climate and Culture Change in North America AD 900-1600 William C. Foster, 2012-05-15 Additional keywords Aboriginal or Native peoples Indians First Nations      **Visible Dissent** Teresa Longo, 2018-05-15 Highlighting the importance of reading and re reading the Latin American canon in the United States Longo finds that literature can be an instrument of progressive social change and argues that small literary presses City Lights Curbstone and Seven Stories have made that dissent visible in the United States Locating the work of artists and writers alongside that of scholars and legal advocates Visible Dissent not only unveils the staying power of committed writing it honors the cross currents and the on the ground implications of humane political
