Tracy,Kimberly Kempf-Leonard,2013-11-21 It takes courage to do research on crime and delinquency Such research is typically conducted in an atmosphere of concern about the problem it addresses and is typically justified as an attempt to discover new facts or to evaluate innovative programs or policies When as must often be the case no new facts are forthcoming or innovative programs turn out not to work hopes are dashed and time and money are felt to have been wasted Because they take more time longitudinal studies require even greater amounts of courage If the potential for discovery is enhanced so is the risk of wasted effort Long term longitudinal studies are thought to be especially risky for other reasons as well Theories issues and sta tistical methods in vogue at the time they were planned may not be in vogue when they are finally executed Perhaps worse according to some perspectives the structure of causal factors may shift during the execu tion of a longitudinal project such that in the end its findings apply to a reality that no longer exists These

fears and expectations assume an ever changing world and a corresponding conception of research as a more or less disciplined search for news Such ideas belittle the contributions of past research and leave us vulnerable to theories programs policies and research agendas that may have only tenuous connections to research of any kind Bengal, Past & Present ,1927 **Murder...By Category** Tasha Mackler,1991-11 For the first time here is an annotated bibliography of murder mysteries that is organized by the category of the mystery and lists only contemporary publications including an extensive listing of titles that are paperback originals Categories range from Academic Getting Away with Murder and Old Crimes and Murders to Writers and Their Conventions Because an interesting annotation should be available for reading contemporary publications were chosen With the exception of a few favorites each entry was in print in either a paperback or a hardcover edition in 1985 and listings continue through late 1991 Murder By Category is the companion to take for library and bookstore browsing Report Wisconsin.
