

THE SEVENTEENTH CENTURY

SIR GEORGE CLARK

GB 47/51 95

Seventeenth Century 2nd Edition

M Lipman

Seventeenth Century 2nd Edition:

The Retrospective Review (1820-1828) and the Revival of Seventeenth Century Poetry Jane Campbell, 1974-06 This essay had its beginning in an investigation of changing attitudes to seventeenth century Pre Restoration poetry during the English Romantic period In the course of that research Jane Campbell discovered that a relatively little known periodical the Retrospective Review which was published in London from 1820 to 1828 appeared to have played an interesting part in the rehabilitation of the poets of the earlier period This book then is an attempt to outline the history of this review to place it against its literary background and to assess its role in the critical re evaluation of the poets of the earlier seventeenth century an age to which the Retrospective s contributors and their contemporaries looked with fascination as well as with an affectionate feeling of kinship

Europe in the Seventeenth Century Donald Pennington, 2015-12-14 As before the second edition of this widely used survey is in two main parts The first analyses the major themes of seventeenth century European history on a continent wide basis The second part moves on to outline political diplomatic and military events in the various states and nations of the time For the second edition all the chapters have been rewritten to take account of recent scholarship Moreover many new topics are discussed the family crime the impact of printing climate population and social mobility Islam in seventeenth century Europe Throughout the book emphasises current lines of research and controversy to illustrate that the history of the period is a process of enquiry and argument rather than incontrovertible fact

Seventeenth Century Lyrics from the Original Texts Norman Ault, 1928 **The Seventeenth-Century Literature Handbook** Robert C. Evans, Eric J. Sterling, 2010-02-10 One stop resource offering complete textbook for courses in seventeenth century literature progressing from introductory topics through to overviews of current research

Seventeenth Century Practical Mathematics Paul Hughes, 2021-09-28 This exciting Greenville Collins biography is about seventeenth century navigation focusing for the first time on mathematics practised at sea This monograph argues the Restoration kings Charles II and James II promotion of cartography for both strategy and trade It is aimed at the academic cartographic and larger market of marine enthusiasts Through shipwreck and Arctic marooning and Dutch and Spanish charts Collins evolved a Prime Meridian running through Charles s capital After John Ogilby s successful Britannia Charles set Collins surveying his kingdom s coasts and James set John Adair surveying in Scotland They triangulated at sea Subsequently Collins persuaded James to sustain his dead brother s ambition This the British coast s first survey took six years After James s flight and William III s invasion Collins lead the royal yacht squadron for six years more garnering funds to publish Great Britain s Coasting Pilot The Admiralty and civic institutions subsidised what became his own pilot Collins aided Royal Society members in their investigations and his new guide remained vital to navigators through the century following Charles s cartographic promotion bloomed the most spectacularly in the atlases of Ogilby Collins and John Flamsteed for roads harbours and stars

The Audiencia of Santo Domingo in the Seventeenth Century Marc Eagle, 2005

The Audiencia of Santo Domingo a superior appellate court for the district of the Caribbean with significant extrajudicial responsibilities was one of the primary institutions for the administration of Spain's overseas colonies. However, encroachment by other European powers, relative isolation from the metropolis and general poverty made the island of Hispaniola an undesirable destination for colonial bureaucrats in the seventeenth century and the Dominican tribunal was considerably weaker and far less important than its counterparts in the Iberian Peninsula or in major cities like Mexico and Lima. Just the same, the audiencia in Santo Domingo remained an integral part of the colonial judicial system during this time and provided an entry point to the Indies for many officials who would later move on to positions elsewhere in the Indies.

Sweden in the Seventeenth Century Paul Lockhart, 2017-03-14 The history of Sweden in the seventeenth century is perhaps one of the most remarkable political success stories of early modern Europe. Little more than a century after achieving independence from Denmark, Sweden an impoverished and sparsely populated state had defeated all of its most fearsome enemies and was ranked amongst the great powers of Europe. In this book which incorporates the latest research on the subject, Paul Douglas Lockhart surveys the political, diplomatic, economic, social and cultural history of the country from the beginnings of its career as an empire to its decline at the end of the seventeenth century. Examines the mechanisms that helped Sweden to achieve the status of a great power and the reasons for its eventual downfall. Emphasises the interplay between social structure, constitutional development and military necessity. Clear and well written, Lockhart's text is essential reading for all those with an interest in the fascinating history of early modern Sweden. **From Puritanism to Platonism**

in Seventeenth Century England James Deotis Roberts, 2012-12-06 The research of Professor J D Roberts has interested me for several years. It has interested me because he has been working in a really rich area of intellectual history. Even before Professor Whitehead taught us to speak of the seventeenth century as the century of genius, many of us looked with wonder on the creativity of the men who produced religious and philosophical literature in that period of controversy and of power. It was in a most unusual way a flowering time of the human spirit. The present volume is devoted to one fascinating chapter in the history of ideas. We know now far better than we knew a generation ago how incendiary Puritan ideas really were. They had tremendous consequences, many of which continue to this day in spite of the absurd caricature of Puritanism which is popularly accepted. The best of Milton's contemporaries were great thinkers as well as great doers. *Icelandic Books of the Seventeenth Century, 1601-1700* Halldór Hermannsson, 1917 **Property, Liberty and Self-Ownership in**

Seventeenth-Century England Lorenzo Sabbadini, 2020-09-03 The concept of self-ownership was first articulated in anglophone political thought in the decades between the outbreak of the English Civil War and the Glorious Revolution. This book traces the emergence and evolution of self-ownership over the course of this period, culminating in a reinterpretation of John Locke's celebrated but widely misunderstood idea that every Man has a Property in his own Person. Often viewed through the prism of libertarian political thought, self-ownership has its roots in the neo-Roman or republican concept of

liberty as freedom from dependence on the will of another As Lorenzo Sabbadini reveals seventeenth century writers believed that the attainment of this status required not only a specific kind of constitution but a particular distribution of property as well Many regarded the protection of private property as constitutive of liberty and it is in this context that the vocabulary of self ownership emerged Others expressed anxieties about the corrupting effects of excessive concentrations of wealth or even the institution of private property itself Bringing together canonical republican writers such as John Milton and James Harrington lesser known pamphleteers and Locke a theorist generally regarded as being at odds with neo Roman thought Property Liberty and Self Ownership in Seventeenth Century England is a bold innovative study of some of the most influential concepts to emerge from this groundbreaking period of British history *Islamic Intellectual History in the Seventeenth Century* Khaled El-Rouayheb, 2015-07-08 This book investigates the intellectual currents among Ottoman and North African scholars of the early modern period **Cervantes in Seventeenth-Century England** Dale B. J. Randall, Jackson C. Boswell, 2009-01-29 Cervantes in Seventeenth century England garners well over a thousand English references to Cervantes and his works thus providing the fullest and most intriguing early English picture ever made of the writings of Spain s greatest writer Besides references to the nineteen books of Cervantes s prose available to seventeenth century English readers including four little known abridgments this new volume includes entries by such notable writers as Ben Jonson John Fletcher William Wycherley Aphra Behn Thomas Hobbes John Dryden and John Locke as well as many lesser known and anonymous writers A reader will find among others a counterfeiter a midwife an astrologer a princess a diarist and a Harvard graduate Altogether this broad range of writers famed and forgotten alike brings to light not only sectarian and political tensions of the day but also glimpses of the arts of weaving singing acting engraving and painting Even dancing for there was a dance called the Sancho Panzo The volume opens with a wide ranging Introduction that among other things traces the English reception of both Cervantes s Don Quixote and his Novelas ejemplares including the part they played in English drama In the main body of the work individual items are arranged chronologically by year and within that framework alphabetically by author thus providing little known seventeenth century evidence regarding the nature and breadth of British interest in Cervantes in various decades Thorough annotation helps readers to place individual entries in their historical social political and in some instances religious contexts The volume includes twenty nine germane seventeenth century pictures an index of references to chapters in Don Quixote and a full bibliography and index The Character Sketch as Philosophy Katie Ebner-Landy, 2025 Katie Ebner Landy shows that early modern Europeans inspired by the ancient philosopher Theophrastus embraced the character sketch as a source of moral and political education Yet Enlightenment thinkers spurned this genre in favor of elaborating principles thereby helping to drive a wedge between philosophy and literature *Dutch Painting In The Seventeenth Century* Madlyn Millner Kahr, 2018-02-23 This new edition of an established survey of the Golden Age of Dutch painting has been revised corrected and updated in the text notes and bibliography as a

result of new scholarship The author has written a new preface to this edition Rembrandt Vermeer Hals Ruisdael Cuyp de Witte van Goyen van de Velde Hobbema Fabritius de Hooch and Saenrendam are some of the painters included and discussed

Doctrine and Devotion in Seventeenth-century Poetry R. V. Young, 2000 English devotional poets of 17c set in a wider European and Catholic context *Critical Essays of the Seventeenth Century ...: vol.II, 1650-1685; vol.III, 1685-1700* Joel Elias Spingarn, 1908

Early Modern England 1485-1714 Robert Bucholz, Newton Key, 2008-08-25 The second edition of this bestselling narrative history has been revised and expanded to reflect recent scholarship The book traces the transformation of England during the Tudor Stuart period from feudal European state to a constitutional monarchy and the wealthiest and most powerful nation on Earth Written by two leading scholars and experienced teachers of the subject assuming no prior knowledge of British history Provides student aids such as maps illustrations genealogies and glossary This edition reflects recent scholarship on Henry VIII and the Civil War Extends coverage of the Reformations the Rump and Barebone s Parliament Cromwellian settlement of Ireland and the European Scottish and Irish contexts of the Restoration and Revolution of 1688 9 Includes a new section on women s roles and the historiography of women and gender Accompanied by Sources and Debates in English History 1485 1714 Click here for more discussion and debate on the authors blogspot <http://earlymodernengland.blogspot.com> Wiley disclaims all responsibility and liability for the content of any third party websites that can be linked to from this website Users assume sole responsibility for accessing third party websites and the use of any content appearing on such websites Any views expressed in such websites are the views of the authors of the content appearing on those websites and not the views of Wiley or its affiliates nor do they in any way represent an endorsement by Wiley or its affiliates

Unity in Diversity Randall J. Pederson, 2014-08-14 Unity in Diversity presents a fresh appraisal of the vibrant and diverse culture of Stuart Puritanism provides a historiographical and historical survey of current issues within Puritanism critiques notions of Puritanisms which tend to fragment the phenomenon and introduces unitas within diversitas within three divergent Puritans John Downname Francis Rous and Tobias Crisp This study draws on insights from these three figures to propose that seventeenth century English Puritanism should be thought of both in terms of Familien hnlichkeit in which there are strong theological and social semblances across Puritans of divergent persuasions and in terms of the greater narrative of the Puritan Reformation which united Puritans in their quest to reform their church and society

Seventeenth-Century Libraries Robyn Adams, Jacqueline Glomski, 2023-04-12 Seventeenth Century Libraries Problems and Perspectives presents key topics for understanding the theory and practice of library formation in the seventeenth century both in Britain and on the Continent In eight studies plus a substantial introduction and afterword based on meticulous research the volume addresses questions of acquisition classification administration and access spatial arrangement and furniture networks of collecting and dispersal of libraries and serves as an introduction to methods of investigating these themes Seventeenth Century Libraries Problems and Perspectives is a landmark volume that confronts

outstanding issues of cultural and intellectual history by synthesizing recent research on the growth of libraries during a period that was crucial for the development of modern knowledge management historical attitudes and material culture Contributors Robyn Adams Richard Foster Francesca Galligan Jaap Geraerts Jacqueline Glomski Shanti Graheli Clodagh Murphy David Pearson Dominique Varry and Elizabeth Wells

The Reception of the Galilean Science of Motion in Seventeenth-Century Europe Carla Rita Palmerino, J.M.M.H. Thijssen, 2013-03-20 This book collects contributions by some of the leading scholars working on seventeenth century mechanics and the mechanical philosophy Together the articles provide a broad and accurate picture of the fortune of Galileo's theory of motion in Europe and of the various physical mathematical and ontological arguments that were used in favour and against it Were Galileo's contemporaries really aware of what Westfall has described as the incompatibility between the demands of mathematical mechanics and the needs of mechanical philosophy To what extent did Galileo's silence concerning the cause of free fall impede the acceptance of his theory of motion Which methods were used before the invention of the infinitesimal calculus to check the validity of Galileo's laws of free fall and of parabolic motion And what sort of experiments were invoked in favour or against these laws These and related questions are addressed in this volume
