Seventeenth Century Studies Edmund W. Gosse,2020-07-22 **RENAISSANCE and SEVENTEENTH - CENTURY STUDIES** JOSEPH ANTHONY. MAZZEO,2021-11-30 First published in 1964 Renaissance Seventeenth Century Studies contains essays which fall into two groups The first four are concerned with problems of metaphor and style and treat two important eras in literary history when these problems underwent critical re examination St Augustine marks the classical attempt to take account of biblical poetics while the two essays on the theory of the metaphysical style treat the attempt of seventeenth century critics to comprehend at the theoretical level the expansion of metaphysical possibilities that marked the metaphysical movement The second group of essays are in general concerned with Machiavelli and Machiavellism and Andrew Marvell However they are again essentially concerned with the way in which crucial metaphors and idea images serve as principles for organising experience both in Machiavelli s own writings and in that of work of Marvell which reflects

his influence The final essay Cromwell as Davidic King weaves together Machiavellian and Augustinian strands as they are manifested in the works of a poet of wit the various light of whose mind responded harmoniously to the different currents of thought and taste these essays discuss This book will be an essential read for scholars and researchers of literature literary history political philosophy and philosophy in general Seventeenth Century Studies Presented to Sir Herbert Grierson R. Gosse,2016-08-27 **Studies in Sixteenth- and Seventeenth-Century Italian Sacred Music** Jeffrey Kurtzman,2024-10-28 Although he is often identified as a Monteverdi scholar Approaches to Monteverdi Aesthetic Psychological Analytical and Historical Studies published in the Variorum series in 2013 the majority of Jeffrey Kurtzman s work has focused on other sixteenth and seventeenth century Italian sacred music Organized into three sections part one begins with a chapter on the Monteverdi Mass and Vespers of 1610 which spotlights the other major work in Monteverdi s first prominent sacred print the Missa in illo tempore followed by examples of Kurtzman s work on the sacred music of other composers such as Giovanni Francesco Capello and Palestrina The section concludes with a piece on polyphonic psalm structures in seventeenth century Italian Office music Part two includes pieces which explore the relationship between the standard clef set the high clef set specific Magnificat tones and sounding pitch in the Magnificats of Roman composers the issue of polyphonic psalm antiphons and the question of vocal and instrumental substitutes for plainchant antiphons in the Vespers service and the use of instruments in the performance of sacred music demonstrating that the concertato style of the seventeenth century had its origins in the practice of substituting instruments for voices and doubling voices with instruments thereby introducing multifaceted possibilities for varying sonorities through the course of a composition Part 3 contains two articles the first surveying various styles in the Office repertoire of the seventeenth century based on the approximately 1500 prints of Italian Office music in Kurtzman s and Anne Schnoebelen s catalogue of Mass Office and Holy Week Music Printed in Italy 1516 1770 The second article published for the first time in this volume assesses the impact on Italian liturgical music of the Catholic reform of the second half of the sixteenth century **Privileged Persons** Hester W.
