James Ussher and John Bramhall Jack Cunningham, 2017-11-30 This book examines the lives of two leading Irish ecclesiastics James Ussher 1581 1656 and John Bramhall 1594 1663 Both men were key players in the religious struggles that shook the British Isles during the first half of the seventeenth century and their lives and works provide important insights into the ecclesiastical history of early modern Europe As well as charting the careers of Ussher and Bramhall this study introduces an original and revealing method for examining post Reformation religion Arguing that the Reformation was stimulated by religious impulses that pre date Christianity it introduces a biblical concept of Justice and Numinous motifs to provide a unique perspective on ecclesiastical development Put simply these motifs represent on the one hand the fear of God's judgement and on the other the sacred conception of the fear of God These subtle understandings that co existed in the Catholic church were split apart at the Reformation and proved to be separate poles around which different interpretations of Protestantism gathered By applying these looser concepts to Ussher and Bramhall rather than rigid labels such as Arminian Laudian or Calvinist a more subtle understanding of their careers is possible and provides an altogether more

satisfactory method of denominational categorisation than the ones presently employed not just for the British churches but for the history of the Reformation as a whole *Oliver Cromwell: Oxford Bibliographies Online Research Guide* Sarah Covington, 2010-06 This ebook is a selective guide designed to help scholars and students of Islamic studies find reliable sources of information by directing them to the best available scholarly materials in whatever form or format they appear from books chapters and journal articles to online archives electronic data sets and blogs Written by a leading international authority on the subject the ebook provides bibliographic information supported by direct recommendations about which sources to consult and editorial commentary to make it clear how the cited sources are interrelated related This ebook is a static version of an article from Oxford Bibliographies Online Renaissance and Reformation a dynamic continuously updated online resource designed to provide authoritative guidance through scholarship and other materials relevant to the study of European history and culture between the 14th and 17th centuries Oxford Bibliographies Online covers most subject disciplines within the social science and humanities for more information visit www.oxfordbibliographies.com [The Oxford History of Britain](#) Kenneth O.
