John Donne

Seventeenth Century English Literature By Wedgwood C V:

The Ludic Self in Seventeenth-Century English Literature Anna K. Nardo, 1991-09-03 This book argues that play offered Hamlet John Donne George Herbert Andrew Marvell Robert Burton and Sir Thomas Browne a way to live within the contradictions and conflicts of late Renaissance life by providing a new stance for the self Grounding its argument in recent theories of play and in a historical analysis that sees the seventeenth century as a point of crisis in the formation of the western self the author demonstrates how play helped mediate this crisis and how central texts of the period enact this The Cambridge Bibliography of English Literature Frederick Wilse Bateson, 1940 mediation Seventeenth-Century English Literature Thomas N. Corns, 2013-12-16 A History of Seventeenth Century Literature outlines significant developments in the English literary tradition between the years 1603 and 1690 An energetic and provocative history of English literature from 1603 1690 Part of the major Blackwell History of English Literature series Locates seventeenth century English literature in its social and cultural contexts Considers the physical conditions of literary production and consumption Looks at the complex political religious cultural and social pressures on seventeenth century writers Features close critical engagement with major authors and texts Thomas Corns is a major international authority on Milton the Caroline Court and the political literature of the English Civil War and the Interregnum The Cambridge **History of English Literature, 1660-1780** John Richetti, 2005-01-06 The Cambridge History of English Literature 1660 1780 offers readers discussions of the entire range of literary expression from the Restoration to the end of the eighteenth century In essays by thirty distinguished scholars recent historical perspectives and new critical approaches and methods are brought to bear on the classic authors and texts of the period Forgotten or neglected authors and themes as well as new and emerging genres within the expanding marketplace for printed matter during the eighteenth century receive special attention and emphasis The volume s guiding purpose is to examine the social and historical circumstances within which literary production and imaginative writing take place in the period and to evaluate the enduring verbal complexity and cultural insights they articulate so powerfully The New Cambridge Bibliography of English Literature George Watson, Ian The New Cambridge Bibliography of English Literature: Volume 2, 1660-1800 George Watson, Ian R. Roy Willison, 1974 Willison, 1971-07-02 More than fifty specialists have contributed to this new edition of volume 2 of The Cambridge Bibliography of English Literature The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis articulation and coordination that it has been retained in all its essentials for the new edition The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries **British Sources of Information** P. Jackson, 2003-09-02 This comprehensive and versatile reference source will be a most important tool for anyone wishing to

seek out information on virtually any aspect of British affairs life and culture The resources of a detailed bibliography directory and journals listing are combined in this single volume forming a unique guide to a multitude of diverse topics British politics government society literature thought arts economics history and geography Academic subjects as taught in British colleges and universities are covered with extensive reading lists of books and journals and sources of information for each discipline making this an invaluable manual The Compleat Cook or the Secrets of a Seventeenth-Century Housewife Rebecca Price, 2022-12-09 First published in 1974 The Compleat Cook is a book to inspire any creative cook in the days of tasteless mass produced foods By the subtle use of herbs wines and flavorings of all kinds Rebecca Price has provided us with multitude of new culinary experiences These are the recipes of a practical cook collected tried and commented upon with meticulous care Furthermore the book also tells us about Rebecca her family friends servants her kitchen and even the silver she used as hostess to many guests throughout her life in Westbury Bucks in London and in Houghton Regis Beds Madeleine Masson in her introduction is able to set Rebecca Price's work in a scholarly historical context to give a lively account of her family background This book will be a useful resource for collectors of cookery books and also for social historians and The New Cambridge Bibliography of English Literature: Volume 4, 1900-1950 George Watson, I. students of food history R. Willison, 1972-12-07 More than fifty specialists have contributed to this new edition of volume 4 of The Cambridge Bibliography of English Literature The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis articulation and coordination that it has been retained in all its essentials for the new edition The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries London's News Press and the Thirty Years War Jayne E. E. Boys, 2014 A topical subject offering interesting parallels between the news revolution in the age of James I and Charles I and our internet age An important contribution to the history of print and books London's News Press shows that seventeenth century England was very much part of a European wide news community The book presents a new print history that looks across Europe and the interconnecting political and religiousgroups with international networks It tells the story of the printers and publishers engaged in the earliest illicit publications their sources and connections in Germany as well as the Netherlands and traces the way legitimacy was achieved These were the earliest printed periodical news publications Periodicity and its implications for trade and customers is explored as well as the roles of publishers and editors The period saw a much biggercirculation of news than had ever been experienced before The book also describes the lively nature of relationships that ensued between news networkers editors writers and readers along their interconnecting chains The subject is topical Our understanding of reading and communications is undergoing major changes with the rise and proliferation of social media James I and Charles I faced new media and an unprecedented growth in informed

publicopinion fuelled by a flow of information that was essentially beyond the reach of government control So there are parallels with the contemporary struggle to adapt and there is a corresponding growth in the publication of history books reflecting upon the origins of the public sphere and the development of public opinion JAYNE E E BOYS is an independent scholar who lives in Suffolk and British Columbia The Concise Cambridge Bibliography of English Literaturee George Old English Scholarship in the Seventeenth Century Rebecca Brackmann, 2023 Old English scholars of the mid seventeenth century lived through some of the most turbulent times in English history but this book argues the upheaval inspired them to produce some of the most famous landmark texts in early Old English studies Libraries: Language and literature ,1988 The Nostalgic Imagination Stefan Collini, 2019-01-03 This unusual book explores the historical assumptions at work in the style of literary criticism that came to dominate English studies in the twentieth century Stefan Collini shows how the work of critics renowned for their close attention to the words on the page was in practice bound up with claims about the nature and direction of historical change the interpretation of the national past and the scholarship of earlier historians Among the major figures examined in detail are T S Eliot F R Leavis William Empson and Raymond Williams while there are also original discussions of such figures as Basil Willey L C Knights Q D Leavis and Richard Hoggart The Nostalgic Imagination argues that in the period between Eliot's The Sacred Wood and Williams's The Long Revolution the writings of such critics came to occupy the cultural space left by academic history s retreat into specialized archive bound monographs Their work challenged the assumptions of the Whig interpretation of English history and entailed a revision of the traditional relations between literary history and general history Combining close textual analysis with wide ranging intellectual history this volume both revises the standard story of the history of literary criticism and illuminates a central feature of the cultural history of twentieth century Britain The Origins of the American Civil War Brian Holden Reid, 2014-09-25 The American Civil War 1861 65 was the bloodiest war of the nineteenth century and its impact continues to be felt today It and its origins have been studied more intensively than any other period in American history yet it remains profoundly controversial Brian Holden Reid's formidable volume is a major contribution to this ongoing historical debate Based on a wealth of primary research it examines every aspect of the origins of the conflict and addresses key questions such as was it an avoidable tragedy or a necessary catharsis for a divided nation How far was slavery the central issue Why should the conflict have errupted into violence and why did it not escalate into world war and the Rhetoric of Historical Form Martine Watson Brownley, 2016-11-11 Clarendon and the Rhetoric of Historical Form is the first major evaluation from a literary point of view of the writings of Edward Hyde the first Earl of Clarendon and the most important English historiographer of the seventeenth century As an early reformer in the Long Parliament as an adviser to Charles I and Charles II as the major architect of the Restoration on the Royalist side and as Lord Chancellor of England from 1660 to 1667 Clarendon played a crucial role in determining the course of English history during and after the

tumultuous years of the civil wars As a historian and a literary stylist he produced the History of the Rebellion generally regarded as the greatest historical work written in England during the seventeenth century Martine Watson Brownley evaluates Clarendon's literary abilities and achievements focusing on his prose style narrative form and thematic structure on biographical influences on his writing and on his literary background and associations She also places Clarendon in the context of the development of English literary historiography during the seventeenth century Various political and literary changes for example the antiquarian movement the civil wars and alterations in English prose and narrative styles made the seventeenth century a particularly crucial era in the evolution of an English historiography that would lead to historical works which were also classics of literature Brownley demonstrates that through his experiments in style and structure in the History of the Rebellion and particularly through the imaginative overview which he evolved for and in his work Clarendon made the most significant advances in English literary historiography before the late eighteenth century triumvirate of Gibbon Robertson and Hume Clarendon and the Rhetoric of Historical Form will be valuable to scholars interested in historiography prose and narrative style and seventeenth century literature and history **The Cumulative Book Index** ,1978 A world list of books in the English language The Variorum Edition of the Poetry of John Donne John Donne, 2021-01-05 Based on an exhaustive study of the manuscripts and printed editions in which these poems have appeared the eighth in the series of The Variorum Edition of the Poetry of John Donne presents newly edited critical texts of thirteen Divine Poems and details the genealogical history of each poem accompanied by a thorough prose discussion Arranged chronologically within sections the material is organized under the following headings Dates and Circumstances General Commentary Genre Language Versification and Style the Poet Persona and Themes The volume also offers a comprehensive digest of general and topical commentary on the Divine Poems from Donne s time through 2012 The Polar Star John Scally, 2024-04-03 The 1st duke of Hamilton played an important role in the politics and life of Britain in the first half of the seventeenth century Born in 1606 into the Scottish ancient noble family of Hamilton who enjoyed a blood connection with the royal Stuarts he was well placed to take full advantage of the union of the crowns in 1603 which opened up substantial opportunities in England and Ireland The centre of that new world was the recently established Stuart court in London Following his father Hamilton entered that courtly world in 1620 at the age of fourteen and was executed on a scaffold outside Whitehall Palace in March 1649 During that period he was involved in some of the most momentous events in British history the wars of the three kingdoms and the collapse of the Stuart monarchy His story casts a distinctive light on the period and allows a fresh account of the slowly unfolding crisis that saw an anointed king put on trial and publicly executed The book is structured in three parts Part one is a cluster of five studies concentrating on events in Scotland England Ireland and mainland Europe prior to 1638 Part two presents three chapters on Hamilton's role in the three kingdom crisis between 1637 1643 Part three covers the remarkable final phase in Hamilton's life detailing the Engagement

defeat at Preston and his execution in London This biography of the 1st duke cuts a unique and distinctive path through one of the most heavily researched periods in the history of Britain In a period of kingly personal rule Hamilton stood at the shoulder of the king cajoling persuading and ultimately failing to steer him away from civil war in his kingdoms The main source for this account is the Hamilton Papers brought into the public domain in the last few decades and used extensively for the first time

The Cambridge bibliography of English literature, edited by F.W. ... F.W. Bateson,1957
