Amalgamation Schemes Jared Sexton,2008 In this analysis Sexton pursues a critique of contemporary multiracialism from the splintered political initiatives of the multiracial movement to the academic field of multiracial studies to the melodramatic media declarations about the browning of America He contests the rationales of colorblindness and multiracial exceptionalism and the promotion of a repackaged family values platform in order to demonstrate that the true target of multiracialism is the singularity of blackness as a social identity a political organizing principle and an object of desire From this vantage Sexton interrogates the trivialization of sexual violence under chattel slavery and the convoluted relationship between racial and sexual politics in the new multiracial consciousness

The Dialectic of Sex Shulamith Firestone,2003-03-05 No one can understand how feminism has evolved without reading this radical inflammatory second wave landmark Naomi Wolf Originally published in 1970 when Shulamith Firestone was just twenty five years old and going on to become a bestseller **The Dialectic of Sex** was the first book of the women s liberation movement to put forth a feminist theory of politics Beginning with a look at the radical and grassroots history of the first wave with its foundation in the abolition movement of the time Firestone documents its major victory the granting of the vote to women in 1920 and the fifty years of ridicule that followed She goes on to deftly synthesize the work of Freud Marx de Beauvoir and Engels to create a cogent argument for feminist revolution Identifying women as a caste she declares that they must seize the means of reproduction for as long as women and only women are required to bear and rear children they will be singled out as inferior Ultimately she presents feminism as the key radical ideology the missing link between Marx and Freud uniting their visions of the political and the personal In the wake of recent headlines bemoaning women s squandered fertility and the ongoing debate over the appropriate role of genetics in the future

of humanity The Dialectic of Sex is revealed as remarkably relevant to today's society a testament to Shulamith Firestone's startlingly prescient vision Firestone died in 2012 but her ideas live on through this extraordinary book A must have for those interested in feminist theory both past and present Kathleen Hanna founding member of the Riot Grrrls movement Sex and Racism Calvin C.
