Exploring/Teaching the Psychology of Women Michele A. Paludi, 1990-03-16 The first of its kind this manual presents educational approaches and processes which reflect feminist principles for teachers and leaders of courses and workshops in the psychology of women Sample syllabi outlines references lists of audio visual material organizations discussion questions and experiential exercises reflect the content areas typically covered in these courses achievement sexuality health adjustment psychotherapy communication victimization methodology life style choices work and development

At Home with Pornography Jane Juffer, 1998-07-01 Twenty five years after the start of the feminist sex wars pornography remains a flashpoint issue with feminists locked in a familiar argument Are women victims or agents In *At Home with Pornography* Jane Juffer exposes the fruitlessness of this debate and suggests that it has prevented us from realizing women's changing relationship to erotica and porn Over the course of these same twenty five years there has been a proliferation of sexually explicit materials geared toward women made available in increasingly mainstream venues In asking what is the relationship of women to pornography Juffer maintains that we need to stop obsessing over pornography's transgressive aspects and start focusing on the place of porn and erotica in women's everyday lives Where she asks do women routinely find it for how much and how is it circulated and consumed within the home How is this circulation and consumption shaped by the different marketing categories that attempt to distinguish erotica from porn such as women's literary erotica and sexual self help videos for couples *At Home with Pornography* responds to these questions by viewing women's erotica within the context of governmental regulation that attempts to counterpose a dangerous pornography with the sanctity of the home Juffer explores how women's consumption of erotica and porn for their own pleasure can be empowering while still acting to reinforce conservative ideals She shows how for instance the Victoria's Secret catalog is able to function as a kind of pornography whose circulation is facilitated both by its reliance on Victorian themes of secrecy and privacy and on its appeals to the selfish pleasures of modern career women In her pursuit to understand what women like and how they get it Juffer delves into adult cable channels erotic literary anthologies sex therapy guides cyberporn masturbation and sex toys showing the varying degrees to which these materials have been domesticated for home consumption Representing the next generation of scholarship on pornography *At Home with Pornography* will transform our understanding of women's everyday sexuality

Trusting Ourselves Karen Johnson, 1991 Definitive and comprehensive *Trusting Ourselves* is the only book to cover every aspect of psychology as it applies to women This groundbreaking work will empower its readers to understand and make decisions about their psychological well being and treatment in much the same way *Our Bodies Ourselves* redefined women's health care In a radical reversal of the usual approach to psychological care which assumes that only the professional understands the problem Johnson strongly believes that women and their values perspectives and biases have

merit and that most patients understand why they are not happy with their lives. Trusting this self knowledge and taking action on one's own behalf provide a foundation for all the information in this book. It is time to revise psychotherapy to incorporate a woman's perspective. *Catalog of Copyright Entries. Third Series* Library of Congress. Copyright Office, 1979
