are also available *Sex Lives of the U.S. Presidents* Nigel Cawthorne, 2004 Sex and power it is said are inextricably linked A president's sexual chemistry can be both his greatest weapon and his very undoing Down the years many a president's political industry has been matched only by the fervour of his carnal pursuits This irreverent history of the chief executive exposes the sexual appetites of the office's incumbents from the often less than puritanical founding fathers right up to the excesses of the Kennedy White House and the allegations that have rocked the Clinton administration Now fully updated to include new revelatory material on Bill Clinton and George W Bush **Affairs of State** Robert P. Watson, 2012-09-06 In recent years Arnold Schwarzenegger Eliot Spitzer John Edwards Newt Gingrich Herman Cain and countless other politicians have made headlines for their sexual scandals But such stories are not new Indeed there is a long history of misbehavior in politics including in the nation's highest office Bill Clinton it can safely be said was not the first president to misbehave nor was he the worst In fact there is a long history of presidential peccadilloes Many presidents have been influenced and had their careers affected by the hand of a woman sometimes that of a wife or mother but at other times that of a mistress But these stories are rarely told Instead history has tended to glorify our leaders Such a scrubbed version of the lives of presidents however omits their marital woes love lives and sexual peccadilloes As Robert P Watson reveals it is precisely these intimate and all too human moments that provide some of the most valuable insights into our leaders *Affairs of State* is not just about sex and scandal the who did it of history although such incidents are described in detail It is a book about love marriage and affairs in the White House offering an intimate character study of the First Couples who made history To see the author discuss his book on Inside South Florida please click [here](#) To see him discuss the book on C SPAN please click [here](#) **Clash** Jon Marshall, 2022-05 Finalist for the AEJMC James A Tankard Book Award Donald Trump's presidency was marked by angry attacks on journalists an extraordinary ability to capture the media spotlight a flood of disinformation from the White House and bitter partisanship reflected in the media Trump's dysfunctional relationship with the press affected how the United States dealt with the crises of COVID 19 climate change social unrest due to systemic racism and efforts to overturn the 2020 election But Trump's troubled relationship with the press didn't happen by chance *Clash* explores the political economic social and technological forces that have shaped the relationship between U S presidents and the press during times of crisis In addition to Trump's presidency *Clash* examines those of John Adams Abraham Lincoln Woodrow Wilson Franklin Roosevelt Richard Nixon Ronald Reagan Bill Clinton George W Bush and Barack Obama Some of these presidents faced military or international crises Others were challenged by economic downturns or political scandals And sometimes the survival of America's system of government was at stake By examining what happened between presidents and the press during these pivotal times *Clash* helps us understand how we arrived at our current troubled state of affairs It concludes with recommendations for strengthening the role the press plays in keeping presidents accountable *Zapped by the God of Absurdity* Paul Krassner, 2019-03-26 This is a curated collection of Krassner's satirical writing and reporting that

serves both as a look back on his career and as a memoir One of his most infamous works *The Parts That Were Left Out of the Kennedy Book* made outrageous claims that some people thought were true He reports from a swingers event and a conspiracy convention and from the trial of Dan White for the murders of San Francisco Mayor George Moscone and Supervisor Harvey Milk during which Krassner coined the term the Twinkie defense He also includes anecdotes about encountering celebrities such as Lenny Bruce Johnnie Cochran Ram Dass Larry Flynt Squeaky Fromme Dick Gregory Charles Manson and Robin Williams and that time he took an acid trip with Groucho Marx **Congressional Record** United States. Congress,2002 **Tough Times for the President** , *Dead Last* Phillip G. Payne,2009 2009 CHOICE Outstanding Academic Title If George Washington and Abraham Lincoln are the saints in America's civil religion then the twenty ninth president Warren G Harding is our sinner Prior to the Nixon administration the Harding scandals were the most infamous of the twentieth century Harding is consistently judged a failure ranking dead last among his peers By examining the public memory of Harding Phillip G Payne offers the first significant reinterpretation of his presidency in a generation Rather than repeating the old stories Payne examines the contexts and continued meaning of the Harding scandals for various constituencies Payne explores such topics as Harding's importance as a midwestern small town booster his rumored black ancestry the role of various biographers in shaping his early image the tension between public memory and academic history and finally his status as an icon of presidential failure in contemporary political debates Harding was a popular president and was widely mourned when he died in office in 1923 but with his death began the construction of his public memory and his fall from political grace In *Dead Last* Payne explores how Harding's name became synonymous with corruption cronyism and incompetence and how it is used to this day as an example of what a president should not be *The Washington Book* Carlos Lozada,2024-02-27 The Pulitzer Prize winning opinion columnist at The New York Times and an absolutely original genius Bob Woodward The Washington Post Carlos Lozada explores how people in power reveal themselves through their books and writings and in doing so illuminate the personal political and cultural confusions driving Washington and the nation A longtime book critic and columnist in Washington Carlos Lozada dissects all manner of texts commission reports political reporting Supreme Court decisions and congressional inquiries to understand the controversies animating life in the capital He also reads copious books by politicians and top officials tell all accounts by administration insiders campaign biographies by candidates longing for high office revisionist memoirs by those leaving those offices behind With this unsparing and gentle erudite and entertaining Steve Coll Pulitzer Prize winning author of *Ghost Wars* essay collection Lozada argues that no matter how carefully political figures sanitize their experiences positions and records they almost always let the truth slip through They show us their faults and blind spots their ambitions and compromises and their underlying motives and insecurities Whether they mean to or not they tell us who they really are Lozada notes that Barack Obama constantly invoked the power of his life story in his memoirs and speeches a sign of how he tried to transform his personal

symbolism from inspiration on the campaign trail into an all purpose government tool Donald Trump revealed not just his vanity but his utter isolation from the world long before he entered the bubble of the White House In deft and lacerating prose Lozada interprets the unresolved tensions of Hillary Clinton s ideological beliefs He imagines the wonderful memoir of George H W Bush could have given us but instead left scattered throughout various books and letters He explores why Kamala Harris has struggled to carve out a distinctive role as vice president He explains how Ron DeSantis s pitch to America is just a list of enemies And he even glimpses what Vladimir Putin fears the most and why he seeks conflict with the west He does so all through their own books and their own words This monumental read The Guardian is the perfect guide to the state of our politics and the men and women who dominate the terrain It explores the construction of personal identity the delusions of leadership and the mix of subservience and ambition that can define a life in politics The more we read the stories of Washington the clearer our understanding of the competing visions of our country

Recarving Rushmore Ivan Eland, 2014-10-01 Who were the best and worst U S presidents In the past when historians and scholars have rated the presidents their evaluations often have been based on individual charisma activism and service during periods of crisis Taking a distinctly new approach in Recarving Rushmore Ivan Eland profiles each U S president from Washington to Obama on the merits of his policies and whether those strategies contributed to peace prosperity and liberty This ranking system is based on how effective each president was in fulfilling his oath to uphold the Constitution Contrary to the preferences of modern conservatives and liberals this oath was intended to limit the role of the federal government Readers will be intrigued to discover why of the four men given exalted representations on Mount Rushmore only Washington deserves the honor They will learn why Teddy Roosevelt has been overrated why Jefferson hypocritically violated his lofty rhetoric of liberty and why Lincoln provoked a civil war that achieved far less than believed Readers will uncover why some presidents are rated much higher than the conventional wisdom for example Warren Harding and some rank much lower for example Harry Truman As for more modern U S chief executives Republicans will be astounded to learn that Nixon was the last liberal president and that Reagan wasn t all that conservative Democrats will be amazed to learn that Clinton was in some respects more conservative than George W Bush and why both Obama and Bush are ranked as bad Readers will learn why the author goes against the grain and anoints Eisenhower and Carter as the two best modern presidents
