often made secretive references to sexual magick You will also learn how to create a physical representation of the spirit you are going to use as a partner The second part of the book includes the practices and techniques which the author found to be effective from other sources or developed himself This includes techniques of diet exercise breathwork banishings purifications and finally an invocation ritual to summon the spirit who is going to be your lover Then you will learn the previously hidden secrets of having sex with a spirit lover You ll learn how to prepare and recognize the signs that this is an actual occurrence and not simply a fantasy And then when you have accomplished your ritualized mating you will learn how to collect and use the resulting highly charged fluids for magical purposes Everything we are everything we have is a gift from the Divine Doesn t it make sense that we use all of our abilities to honor the source from which they came That means we can even make use of our sensual natures to honor the Gods If you want to follow a system based on western traditions this book can be your guide Ecstatic Ritual Brandy Williams,1990 *Sex Magic: Couple's Edition* Tahtahme Xero,2017-12-10 To the Couple You read about heartbreak and betrayal every day and at every turn This workbook combats that directly In the interest of preserving long term intimacy years long ritual true kinship and above all everlasting bond and connective trust that cannot be broken I offer these pages composed of the purest gold I spun from ten years of work with the same person A relationship cannot thrive on sex and sex magic alone but when a it has this energy and puts it to use consider it only the pure fire of endless possibilities This book is for any long term committed and sexual couple It is for forever lovers that are looking to see what Sex Magic in all its glory can offer them and their relationships It is for the a mighty pair with goals and things to accomplish who want nothing to stand in their way This book is for people who value their relationship and would not jeopardize this for a thing Sex Magic in general works for anyone but as it is presented in this book will not hold the same type of power we utilize in these pages if you do not fall into the above criteria These words offer power for joint work between consenting couples only so do not expect it to do otherwise To those ready for this journey I urge you to take your time with this workbook This book is not supposed to be worked beginning to end and you do yourselves a disservice if you go that route Open it randomly at your leisure Create a unique journey for yourselves Don t feel in a rush to finish it but do work on it steadily Complete each prompt with care and intention it is your intentions that build the magic and it is the work and memories as a unit that build the foundation of your strength together You may even find on your journey that you grow even closer and get to know each other better than you had ever previously imagined Consider it a reference piece for you for all time and should be treated with this reverence As you work at your leisure and desire as your intuition calls for you to do and most of all feel free to change any and everything to fit in with your lifestyle desires and pleasures When you have filled these pages please cherish the powerful art that you have created together And continue onward Peace on Your Path TahtahmeBastet PriestessSacred WomanWomb Workerthepathofagoddess gmail com Sex Magicians Michael William West,2021-03-02 Explores the background and sexual magical beliefs of Paschal Beverly

between them arguing that all these sources position the body and its senses as the locus of culture and the means of reproducing it Segol explores the rituals acting on these models attending especially to their inherent erotic power and ties these to contemporary Western sex magic showing that such rituals have a continuing life Asking questions about its cosmology myths and rituals Segol poses even larger questions about the history of kabbalah the changing conceptions of the human relation to the divine and even the nature of religious innovation itself This groundbreaking book will appeal to students and scholars of Jewish studies religion sexuality and magic **How to Do Sex Magic** Orry Whitehand,2015-06-16 Sex magic is one of the most controversial magical methodologies It attracts frustrated newcomers to the occult expecting to have all their lusts fulfilled in steamy orgies It gives pulp thumpers something to rant about It makes for lurid headlines in newspapers with more regard for sales than facts All of these things just go to show the enormous human fascination with sex Which is precisely why sexuality and desire can be harnessed for magical ends Wherever such levels of obsession exist the magical powerhouse of the subconscious can be readily tapped That being said to use such obsessions effectively is quite different in practice than most people would imagine If you are reading this book hoping to find a world in which your sexual fantasies will be fulfilled you are going to be disappointed This book is about using sexuality to power magic not the other way around There are some absolutely excellent manuals on the more advanced techniques of sex magic out there This book is not one of them Its purpose is to guide the interested newcomer in a safe and effective way None of its practices involve unsafe sex or BDSM techniques All are practised solo or with an existing partner We will be looking at the following specific areas in this book which cover both magic for results the casting of spells and magic for self transformation initiatory magic The Magic of Desire Sexual Response as an Engine Auto Erotic Spells Channelling Desire to an Effect Vision Magic Touching the Divine Other Applications *A Worldbuilder's Guide to Magic* Brent A. Stypczynski,2021-10-25 Constructing a functional system of magic that helps readers suspend disbelief is a crucial part of worldbuilding in the fantasy genres Yet creating a believable compelling and original fictional universe can be daunting To help inspire writers this guide provides an overview of how magic has been understood in history and used in myth legend and modern fiction Different forms of magic are explored and a broad range of stories from Nordic myths to modern novels are described and referenced Discussion explores how magic as a concept shapes and is shaped by fictional worlds and societies **Rites of Pleasure** Jennifer Hunter,2004 Few belief systems are more open to diverse sexual expression than Paganism So how can Pagans practice healthy sacred sexuality in a society that often devalues such intimacy In Rites of Pleasures Jennifer Hunter takes a candid in depth look at different practices and gender roles within Paganism from monogamy and marriage to sexual gatherings and polyamory The result is a book filled with true erotic inspiration for those who wish to remove the mental obstacles that can prevent full and pure sexual pleasure *Introduction to Sex Magic* Joel Dietz,2019-12-02 At its simplest level sex magic is simply about bringing more intention into sexual acts and using them as a means for positive transformation This book which
