Sex As A Political Variable

**Lee Ellis, Craig T. Palmer, Rosemary
Hopcroft, Anthony W. Hoskin**

Sex As A Political Variable:

Sex as a Political Variable Richard Seltzer (Ph. D.), Jody Newman, Melissa Voorhees Leighton, 1997 Though women constitute 52 percent of US voters only 10 percent of the members of Congress and one of the 50 state governors are women This book presents research and analysis on women as both candidates and voters in US politics using numerous empirical sources of data [Sex as a Political Variable](#) , **Sex Scandals in American Politics** Alison Dagnes, 2011-09-15 From the misbehavior of President Clinton to Governor Mark Sanford's Argentinean tryst sex scandals have become a prominent feature of American public life This unique collection of essays explains why politicians elected for their leadership and promises of ethical behavior risk their career and the socio political consequences of their actions It argues that political sex scandals are distinct from other types of sex scandals because the nature of elected office is very different from civilian life The construction disgrace and aftermath of political sex scandals are examined from different academic angles including the politics of place human communication political psychology media sociology feminism and criminology The essays delve into the role of culture and geography on the political outcome of a scandal the rhetoric of apologia the psychology of risk trends and patterns in media coverage the impact on different organized interests legal ramifications and how different countries view political sex scandal This accessible work will engage anyone studying American politics political behavior political communication as well as sociological issues and the role of the media **The Election of the Century and what it Tells**

Us about the Future of American Politics Stephen J. Wayne, Clyde Wilcox, 2001-12-31 This work places the 2000 presidential and congressional elections into the larger and future context of American politics It examines a range of topics including wedge issues in 2000 the economy foreign policy and race the dimensions of gender age and religion for example

Masculinity, Femininity, and American Political Behavior Monika L. McDermott, 2016-07-01 What influences political behavior more one's gender or one's gendered personality traits Certain gendered traits have long been associated with particular political leanings in American politics For example the Democratic Party is thought to have a compassionate feminine nature while the Republican Party is deemed to have a tougher more masculine nature **Masculinity Femininity and American Political Behavior** a first of its kind analysis of the effects of individuals gendered personality traits masculinity and femininity on their political attitudes and behavior argues that gendered personalities and not biological sex are what drive the political behavior of individual citizens Drawing on a groundbreaking national survey measuring gendered personality traits and political preferences the book shows that individuals levels of masculine and feminine personality traits help to determine their party identification vote choice ideology and political engagement And in conjunction with biological sex these traits also influence attitudes about sex roles For example the more strongly an individual identifies with feminine characteristics the more strongly they identify with the Democratic Party Likewise the more masculine an individual the more they are drawn to the GOP The book also demonstrates that despite conventional wisdom biological sex does not

dictate gendered personalities As such the personality trait approach of the book moves gender and politics research well beyond the traditional male female dichotomy Moreover Masculinity Femininity and American Political Behavior points to new and as yet underexplored strategies for candidate campaigns get out the vote efforts and officeholders governing behavior *Faith, Politics, and Sexual Diversity in Canada and the United States* David Rayside, Clyde Wilcox, 2011-04-01 For decades agitation by lesbians gays and other sexual minorities for political recognition has provoked a heated response among religious activists many of whom fear that moral decay is a necessary accompaniment to the public recognition of sexual diversity For their part queer rights groups worry about the policy ramifications of accommodating faith in the public sphere This remarkable comparative study explores the interplay of sexual diversity and religious faith in the United States and Canada and examines how interest group mobilization political party ties to religious constituencies court rulings public policy and debates over sexuality within faith communities have contributed to conflict and bridge building in both countries A timely discussion of faith sexuality and political conflict Faith Politics and Sexual Diversity reveals that despite the presence of tenacious anti gay sentiment religious adherence does not invariably entail opposition to the political recognition of queer rights **The Handbook of Sex Differences Volume III Behavioral Variables** Lee Ellis, Craig T.

Palmer, Rosemary Hopcroft, Anthony W. Hoskin, 2023-06-30 The Handbook of Sex Differences is a four volume reference work assembled and written to assess sex differences in human traits although findings regarding other species are also included Based on the authors highly influential 2008 book Sex Differences these volumes highlight important new research findings from the last decade and a half alongside earlier findings Conclusions reached by meta analyses are also included In this the work's third volume findings from thousands of studies pertaining to behavior broadly defined are summarized Traits covered include those involving personality social behavior criminality work and sex stereotypes The eight chapters comprising Volume III are as follows 16 Personality and Behavioral Tendencies 17 Social Behavior 18 Acquiring Selling and Consuming Behavior 19 Criminality Near Criminality and Victimization 20 Education Work Social Status and Territorial Behavior 21 Sex Stereotypes 22 Attitudes and Actions Toward Others According to their Sex 23 Ecologically Based Sex Differences The Handbook of Sex Differences is of significant importance for any researcher student or professional who requires a comprehensive resource on sex differences

The Election of the Century: The 2000 Election and What it Tells Us About American Politics in the New Millennium Stephen J. Wayne, Clyde Wilcox, 2016-07-08 This book places the 2000 presidential and congressional elections into the larger and future context of American politics The essays in Part I focus on the role of wedge issues in 2000 including the economy foreign policy and race Part II examines the electorate in terms of gender religion and age Part III analyzes Republican and Democratic strategies in 2000 Part IV focuses in on specific factors affecting the 2000 races including the Clinton factor Deciphering Sociological Research Gerry Rose, 1982-06-10

Sociological research methods are a key component of teaching and courses at all levels yet courses often fail to catch light

for lack of effective student books or provoke smouldering resentment from students at misplaced enthusiasm for recondite statistics Gerry Rose's new book should go a long way to remedy these problems It is a complete teaching course with a clear rationale and a distinctive approach to the topic unblemished by epistemological or prescriptive polemic Its method is to present through the analysis of twelve pieces of published research reprinted in the book the systematic deciphering of research in relation to the key issues of methodology The first nine discursive chapters discuss the main research methods topics including concepts and indicators sampling data analysis and the relationship of theory to evidence balancing the problems of quantitative data with the treatment of qualitative data and fieldwork studies The papers shortened articles from British US and Australian journals are put through the methodological hoops and systematically compared and assessed Additionally each chapter is provided with a full set of exercises and the book also includes a glossary of terms This straightforward and business like book will be welcomed by all teachers and professional sociologists and also by social researchers who are concerned with examining or preparing research reports Even authors and journal editors will find it provoking and useful

Gender and Political Psychology Zoe Oxley, 2017-10-02 This book showcases new work done by gender politics scholars and political psychologists covering a variety of political psychology topics These include stereotyping and prejudice intergroup conflict social identity attitude formation group affinity group decision making anxiety contextual effects on individual behaviour and the evolutionary roots of political behaviour Political psychological insights are applied to address topics of longstanding concern within the field of gender and politics Among the citizenry gender differences in political ideology responses to partisan conflict Hispanic identity formation and symbolic racism are explored Other chapters pose the following questions relating to female candidates What have been the effects of state parties gender inclusive policies Who is most likely to gender stereotype candidates Are general attitudes toward women in political office related to vote choice in specific contests What are the implications of politicized motherhood Finally a set of essays engage a variety of themes related to gender decision making rules and authority in small deliberative bodies This book was originally published as a special issue of *Politics Groups and Identities*

The Social Construction of Sexual Harassment Law Mia Cahill, 2020-08-26 This title was first published in 2001 The global legal landscape is littered with attempts to provide context and meaning for sexual harassment law Most have failed because they have limited themselves to the mere words of law This cross national study is the first to expand our notion of sexual harassment law and implementation by exposing the relationship between law and its social context demonstrating how this fundamentally influences legal understandings and outcomes Taking a unique theoretical approach this book explores perceptions of law within national corporate and the individual contexts analyzing the potentials of each level to influence the social understanding of law and the wider role of law in society itself The result is a pioneering work of fresh insight which will appeal to a broad range of academic disciplines

Understanding Central America John A. Booth, Christine J. Wade, Thomas W Walker, 2018-09-03 Understanding Central

America explains how domestic global political and economic forces have shaped rebellion and regime change in Costa Rica Nicaragua El Salvador Guatemala and Honduras throughout their histories during the often turbulent 1970s and since The text provides students a comprehensive coverage of Central America political science and international relations The authors explain the origins and development of the region s political conflicts their resolution and ongoing political change This Sixth Edition provides the most up to date information on the recent political changes in each of the five countries presented

Public Opinion and Constitutional Controversy Nathaniel Persily,Jack Citrin,Patrick J. Egan,2008-04-04 American politics is most notably characterized by the heated debates on constitutional interpretation at the core of its ever raging culture wars and the coverage of these lingering disputes are often inundated with public opinion polls Yet for all their prominence in contemporary society there has never been an all inclusive systematic study of public opinion and how it impacts the courts and electoral politics Public Opinion and Constitutional Controversy is the first book to provide a comprehensive analysis of American public opinion on the key constitutional controversies of the twentieth century including desegregation school prayer abortion the death penalty affirmative action gay rights assisted suicide and national security to name just a few With essays focusing on each issue in depth Nathaniel Persily Jack Citrin Patrick Egan and an established group of scholars utilize cutting edge public opinion data to illustrate these contemporary debates methodically examining each one and how public attitudes have shifted over time especially in the wake of prominent Supreme Court decisions More than just a compilation of available data however these essays join the popular constitutionalism debate between those who advocate a dominant role for courts in constitutional adjudication and those who prefer a more pluralized constitutional discourse Each essay also vividly details the gap between the public and the Supreme Court on these hotly contested issues and analyzes how and why this divergence of opinion has grown or shrunk over the last fifty years Ultimately Public Opinion and Constitutional Controversy sheds light on a major yet understudied part of American politics providing an incisive look at the crucial part played by the voice of the people on the

issues that have become an indelible part of the modern day political landscape **Coronavirus Disease (COVID-19): Psychological Reactions to the Pandemic** Joanna Sokolowska, Peter Ayton, Eduard Brandstätter, 2021-10-14 A Stata® Companion to Political Analysis Philip H. Pollock III, 2015-01-21 With Philip Pollock's Third Edition of A Stata Companion to Political Analysis students quickly learn Stata via step by step instruction more than 50 exercises customized datasets annotated screen shots boxes that highlight Stata's special capabilities and guidance on using Stata to read raw data This attractive and value priced workbook an ideal complement to Pollock's Essentials of Political Analysis is a must have for any political science student working with Stata An IBM® SPSS® Companion to Political Analysis Philip H. Pollock III, Barry C. Edwards, 2019-08-06 The text provides by far the best introduction for students wanting to learn how to use SPSS in conducting statistical analysis Its clear in depth examples makes data analysis accessible to even the most numbers phobic student Michael Burch Eckerd College In Pollock's trusted IBM SPSS workbook students dive headfirst into actual political data and work with a software tool that prepares them not only for future political science research but the job world as well Students learn by doing with new guided examples annotated screenshots step by step instructions and exercises that reflect current scholarly debates in American political behavior and comparative politics This Sixth Edition of An IBM SPSS Companion to Political Analysis features thoroughly revised and updated datasets and is compatible with all post 12 releases of SPSS Give your students the SAGE edge SAGE edge offers a robust online environment featuring an impressive array of free tools and resources for review study and further exploration keeping both instructors and students on the cutting edge of teaching and learning *The Politics of Emotions, Candidates, and Choices* Heather E. Yates, 2016-05-29 Anchored in the idea that political campaigns matter to electoral outcomes *The Politics of Emotions Candidates and Choices* analyzes the dynamics of emotional voting and decision making over the course of three presidential elections between 2004 and 2012 Each presidential campaign reflects a unique tone and mood which influences voters perceptions of choices and candidate image Accounting for the idiosyncratic nature of a campaign environment and a candidate's message this analysis isolates specific emotional dimensions that were influential on voters appraisals of specific campaign issues Relying on the Affective Intelligence theory and the Transfer of Affect thesis to narrate the causal relationships between voters emotional responses and issue appraisals this book illustrates the specific electoral contexts when voters emotions are trusted as political knowledge and transferred to their beliefs about certain policies **Women as Candidates in American Politics** Susan J. Carroll, 1994-05-22 In this second edition Susan Carroll updates her pioneering study of women candidates and their campaigns in the aftermath of the Year of the Woman Although in many regards the political climate has become vastly more favorable for female candidates opportunities are still limited by the political structure Carroll examines a number of possible reforms and actual developments which may eventually mean larger numbers of women being elected to public office **Sexual Identities, Queer Politics** Mark Blasius, 2021-02-09 In this collection political and public policy analysts explore

the social concerns of lesbians gays bisexuals and the transgendered what has come to be known as lgbt or queer politics Compared to the humanities and to other social sciences political science has been slow to address this phenomenon Issues ranging from housing to adoption to laws on sodomy however have increasingly raised important political questions about the rights and status of sexual minorities particularly within liberal democracies such as the United States and also on an international level This anthology offers the first comprehensive overview of the study of lgbt politics in political science across the discipline s main subfields and methodologies and it spotlights lgbt movements in several regions around the world Focusing on the politics of sexuality with regard to the politics of knowledge the book presents a discussion of power that will interest all political scientists and others concerned with minority rights and gender as well as with transformation in the relations between public and private The articles cover such topics as lgbt power in urban politics the impact of public opinion on lgbt life means of effecting legal and political change in the United States and international differences in lgbt political activism The authors represent a new cadre of political scientists who are creating an interdisciplinary domain of research that is informed by and in turn generates political activism They are Dennis Altman M V Lee Badgett Robert W Bailey Mark Blasius Cathy J Cohen Timothy E Cook Paisley Currah Juanita D az Cotto Jan Willem Duyvendak Leonard Harris Bevin Hartnett Rosalind Pollack Petchesky David Rayside Rebecca Mae Salokar and Alan S Yang
