Sex As Bait Eve Casanova And Don Juan:

Sex as Bait S. Giora Shoham,1983 **A Psychoanalytic History of the Jews** Avner Falk,1996 This includes the evolution of the Hebrew religion as a projective response to the inner conflicts produced by the human family the sociopsychological development of the Israelite kingdoms in Canaan the fascinating duality of Jewish life in the Diaspora and the emotional ties of the Jews to their idealized motherland from the Babylonian exile to modern political Zionism *Art, Crime and Madness* Shlomo Giora Shoham,2003-01-01 Art Crime and Madness explores the relationship between creative innovation deviance and morbidity To innovate one has to be able to view the medium and the object of creativity in a different hitherto unexplored manner The essence of art is creative innovation coupled with an ability in varying degrees to transcend the boundaries of consciousness But this ability is also the prerogative of the mentally deranged Likewise the criminal and the deviant are more likely to transcend normative barriers while creating hence the wide range of criminal and deviant behaviour in society Although the inverse hypothesis does not hold the mere existence of deviance or morbidity does not predispose the individual to creativity nevertheless criminal and mad behaviour are often very innovative This thesis is illustrated by historical case histories of creative deviance and genius madness and contemporary observations The painter Michelangelo Merisi Caravaggio killed a man while still a teenager and a second victim during a ball game In his lifetime he was considered degenerate but today he is considered the greatest painter of the Italian Settecento and his portrait adorns the Hundred Thousand Lira note Jean Genet the homosexual thief was born out of wedlock and as a teenager he transgressed almost all the paragraphs of the French criminal code But he became a famous French playwright the mouthpiece for criminals and deviants His plays built up a philosophical apology for the *raison d'être* of the criminal group An Existentialist Theory of the Human Spirit (Volume 1) Shlomo Giora Shoham,2020-07-22 This first volume examines how sexual mores and behavior religious dogma and practice and artistic creativity and authenticity have influenced and been influenced by the existentialist thought of Kierkegaard Heidegger Sartre Nietzsche Husserl and Buber and the writings of Camus Dostoevsky Beckett Kafka and Shestov It compares the author's personality theory with those of Freud Jung Fairbairn Karl Abraham and Melanie Klein and Buddhist Gnostic Christian and Muslim mysticism with Jewish Kabbalah It explains society's harsh treatment of Carlo Gesualdo Vincent van Gogh and Antonin Artaud and analyzes the existentialist approach to existence absurdity human dialogue and suicide It will appeal to students and professionals in fields as diverse as philosophy psychology sociology anthropology religion law music art drama literature and biology **Theory and Structure in Addiction and Cure** Adi Ann Berkovic,Shlomo Giora Shoham,Efrat Vignansky-Addad,2019-01-03 This book will be of value to everyone interested in the prevention of addiction and the detection treatment and rehabilitation of drug addicts It interprets and applies research findings about the causation and cure of drug addiction using the author's personality theory which is extensively compared with that of other personologists The book includes the qualitative analysis of 12 addict case

studies It is especially timely in view of the need for effective legislation judicial procedures and treatment programs to deal with the opioid crisis in the United States and Canada Adaptation and Nation Catherine Rees,2017-11-17 This book focuses on modern theatrical adaptations that rework classic plays in new British and Irish settings It explores these shifted national contexts and examines what they might reveal about the political and cultural climate of the new setting In examining the modern setting alongside the country of the original text it also reveals fascinating resonances between two different national contexts The book discusses five British and Irish playwrights and their current adaptations examining well known dramatists such as Martin McDonagh Sarah Kane and Brian Friel while analysing some of their less well known plays offering a novel examination of the adaptation process The book further provides an insightful commentary on some significant events of the twentieth century in Britain and Ireland such as the historic Labour victory of 1945 and scandals in the Royal Family since the 1990s This book will appeal to theatre and performance enthusiasts as well as students and scholars of both theatre and adaptation **Humans in the Making** Michel J. F. Dubois,2020-11-02 The human specificity can be described by verticality bipedalism technique use articulated language high cognitive capacities complex society at three levels body mind social In this book is proposed an evolutionary process that make better understand how such humanity could have emerged in the long time more than 6 million years The process is based on a very early necessity to use technic for surviving correlated with neoteny which impulsed a darwinian evolutionary process with four distinguished punctuation described as neotenizations And Man Created God Shlomo Giora Shoham,2011-08-08 And Man Created God presents a new theory of mytho empiricism based on the mythological concepts of Claude L vi Strauss and the structuralism of Jeanne Piaget The whole nature of mythogenes as the creative force linking history and transcendence is then elucidated The corpus of myths in the books of Genesis and Exodus are presented in a new light and then compared with the Egyptian Mesopotamian and Greek mythologies to highlight the Judaic myths with the pagan contrast **The Measure of All Things** Shlomo Giora Shoham,2014-09-01 The Measure of All Things is the final volume in a trilogy about man as related to the genesis of the world to metaphysics and to the ontological vicissitudes of the human species This book reviews the condition of man and his relationship with the forces of evolution in both a biological and a spiritual sense It is therefore an innovative excursion into the present day arguments between the evolutionist and creationist regarding the fate of man **Ve-'Ed Ya'aleh (Gen 2:6), Volume 2** Peter Machinist,Robert A. Giora Shoham,1994 In The Bridge to Nothingness author Shlomo Giora Shoham explicates myth as a projection of human experience Human development dynamics according to Shoham are represented by myths and reflected in religious creeds Myths constitute projective evidence of the development of psychic processes at early orality they at once reveal and conceal their psychological content In this work Shoham deals with ideas that are common to Gnosticism Kabala and existentialism irrespective of their historical interrelationships He compares the Heideggerian notion of the thrownness of the individual into the world with the Gnostic teaching of the divine descent and incarnation the incarceration of the divine in objects and life forms All three ideologies speak of God as the spiritual core of human being Union with God is unachievable but one can achieve symbiosis with God and humanness through creativity and revelation The author s integration of psychology and mythic symbolism is stimulating The Bridge to Nothingness is filled with deep psychological and spiritual insights His portrayal of kabalistic thought is perceptive and erudite He makes use of the latest scholarship and more importantly what he says will contribute to the field and provoke discussion and debate His sensitivity to the dynamics of mystical experience enables him to see clearly its positive dimension Very little has been written on the interface between Gnosticism Kabala and psychology Shoham s work is original provocative and insightful The Bridge to Nothingness will break new ground in these studies and enrich the understanding of psychological and religious symbolism BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved **God as the Shadow of Man** S. Giora Shoham,2000 God as the Shadow of Man is based on the pioneering work of Claude Levi Strauss who postulated that myths are links between nature and culture Shoham enlarges this concept and claims that myth in the form of a mythogene the structural longings and experiences of the individual as projected onto mythology links history and transcendence the individual and society and consciousness and energy matter The mythogenes are related to Shoham s personality theory which in essence postulates that personality types can be paxonomized along a continuum with one pole having the Tantallic

type which aims to melt into the object and the other pole having the Sisyphean type which aims to overpower and control the object A Primer in the Sociology of Crime S. Giora Shoham, John P.
