Sex Confronting Sexuality:

Sex Confronting Sexuality Kerry Phelps, 1993-04-01 *Confronting Commercial Sexual Exploitation and Sex Trafficking of Minors in the United States* National Research Council, Institute of Medicine, Committee on Law and Justice, Board on Children, Youth, and Families, Committee on the Commercial Sexual Exploitation and Sex Trafficking of Minors in the United States, 2013-12-12 Every day in the United States children and adolescents are victims of commercial sexual exploitation and sex trafficking. Despite the serious and long term consequences for victims as well as their families, communities, and society, efforts to prevent, identify, and respond to these crimes are largely under-supported, inefficient, uncoordinated, and unevaluated. *Confronting Commercial Sexual Exploitation and Sex Trafficking of Minors in the United States* examines commercial sexual exploitation and sex trafficking of U.S. citizens and lawful permanent residents of the United States under age 18. According to this report, efforts to prevent, identify, and respond to these crimes require better collaborative approaches that build upon the capabilities of people and entities from a range of sectors. In addition, such efforts need to confront demand and the individuals who commit and benefit from these crimes. The report recommends increased awareness and understanding, strengthening of the law's response, strengthening of research to advance understanding, and to support the development of prevention and intervention strategies, support for multi-sector and interagency collaboration, and creation of a digital information sharing platform. A nation that is unaware of these problems or disengaged from solutions unwittingly contributes to the ongoing abuse of minors. If acted upon in a coordinated and comprehensive manner, the recommendations of *Confronting Commercial Sexual Exploitation and Sex Trafficking of Minors in the United States* can help advance and strengthen the nation's emerging efforts to prevent, identify, and respond to commercial sexual exploitation and sex trafficking of minors in the United States.

Home Truths About Child Sexual Abuse Catherine Itzin, 2005-06-28 *Home Truths About Child Sexual Abuse* brings together the findings of research and clinical work by leading figures in the UK and USA. It makes visible the prevalence of sexual abuse and exploitation of children by normal, ordinary, heterosexual family men both within and outside the family. Comprehensive and multidisciplinary in approach, it covers the many different aspects of child sexual abuse, including phenomenology, definitions, and terminology, epidemiology, explanatory frameworks, concepts, and theory, the contribution of radical feminism, constructs, classifications, and typologies, policy, treatments, multi-disciplinary and multi-agency work, medical advice, gender issues, criminal justice. The book provides the evidence and knowledge base necessary to begin to achieve effective prevention. It offers professionals, researchers, and policy makers an invaluable source of reference and an informed basis for action.

Confronting Sexual Harassment Anna-Maria Marshall, 2017-03-02 Examining the relationship between law and social change in the context of employees' everyday problems with sexual harassment, this volume elaborates a framework for studying the role of law in everyday acts of resistance, what the author calls the legal consciousness of injustice. The framework situates the analysis in

the context of a specific social problem and its related legal domain It de centres the law by accounting for the way that social movements counter movements policy makers and powerful institutions frame the debate surrounding the social problem Drawing on frame analysis developed in social movement studies this aspect of the approach specifically incorporates other schema and shows how law supports both oppositional and dominant interpretations of experience Following the stages of a dispute the framework then examines the way that people use frames to make sense of their experiences
