**When Montana Outraced the East** Catharine Melin-Moser,2025-04-01 In Gilded Age Montana three former frontiersmen turned from speculation in minerals to speculation in Thoroughbred horses The rest is horse racing history or would be if the story had ever been written When Montana Outraced the East retrieves the largely forgotten late nineteenth century golden age of the Montana Thoroughbred industry when Montana horses won some of the biggest prizes in American horse racing confounding national sportswriters and threatening to reshape the balance of power within America s oldest sport This book introduces readers to larger than life characters like silver baron Noah Armstrong pioneer banker Samuel Larabie and Copper King Marcus Daly each pursuing his passion for horses by studying pedigrees importing blue blooded stock and turning them loose on native grasses under Montana s big sky Where one observer saw verist madness in the enterprise another sports journalist foresaw a not too distant day when Montana would rival the worlds of old Yorkshire and the Blue Grass region of Kentucky in the fame and celebrity of its racehorses And indeed in due time the Montana horsemen were fielding equine stars like Spokane winner of the 1889 Kentucky Derby Scottish Chieftain winner in the 1897 Belmont Stakes and Ogden the Horse of Mystery that rocked the eastern racing establishment by taking the 1896 Futurity at prerace odds of 150 to 1 Catharine Melin Moser recreates the thrilling era when through the shrewd foresight hustle and luck that had made them

millionaires Montana entrepreneurs made a lasting mark on American horse racing In telling their story her book restores a significant and thoroughly captivating chapter to American Thoroughbred racing history      **Giants of the Seas** Aaron

Saunders,2013-10-01 The cruise ship market is a 30 billion dollar industry and in 2013 it is estimated that it will carry more than 20 million passengers nor is there any sign of a slow down in the seven percent annual growth What keeps the passengers coming in such huge numbers isn't the food the ports or the entertainment They come for the magnificent floating palaces themselves the giants of the sea In this new book the author showcases the most influential cruise ships of the last three decades beginning with Royal Caribbean's ground breaking Sovereign of the Seas When she was launched in 1988 she was the largest passenger ship constructed since Cunard's Queen Mary entered service some 48 years earlier and her entry into service sparked a fiercely competitive building boom that continues to this day The reader is taken aboard thirty of the most spectacular ships to reveal how their innovative designs changed the landscape of modern cruising By employing original and archival photographs deck plans cruise programmes as well as the author's intimate knowledge of many of these vessels a unique picture is built up of these great ships and it becomes clear that the true Golden Age of Cruising is not in some distant past but exists right now and that its origins can be traced back to one ship launched in 1988 A truly sumptuous and fascinating book for all those drawn to the world of the modern cruise ship As seen in Ships Monthly Magazine      *Big Chief Island* R.
