Hawkins LLC,2021-10-28 Although there is broad consensus among Bible prophecy scholars that the times of the gentiles will continue until the return of Jesus Christ the century old traditional interpretation holds that Daniel s fourth gentile kingdom the Roman Empire ceased to exist in AD 476 in the West at Rome and therefore must be revived politically in the beginning of the seven year tribulation period That prevailing viewpoint is obscuring a clear understanding of the continuing existence of the fourth kingdom as well as its fulfillment in history of important prophecies related to the end times Peters forewarned about this potential interpretation problem in The Theocratic Kingdom 1884 Daniel s Fourth Kingdom 1 establishes that the divided Roman Empire still exists today and explains why that fact matters regarding the season of Christ s return 2 respectfully questions the traditional interpretation 3 exhorts the church to love not the temporal kingdoms of this world but instead to embrace her gospel inspired Holy Spirit empowered love driven apolitical evangelical mission to share the gospel with all nations while expecting the possibly imminent pretribulation rapture and 4 invites all readers believers and skeptics alike to consider the relevance of the Bible concerning world history current events and the future Apostolic Perspective on Systematic Theology Dr. Adrian G. Haymond,2015-10-30 Apostolic Perspective of Systematic Theology delves into the major doctrines that formulate the Christian belief explained from an Apostolic point of view The book explores various facets of theology including God and the Godhead man and sin angels and demons covenants and dispensations and last things It compares through study of the Scriptures in both testaments to arrive at a reasoned argument for stances on various subjects as salvation the nature of the Godhead the deity of Christ and the inerrancy of the

Bible The purpose of the book is to instill a love of study for the serious Bible student that compels the reader to apply sound hermeneutical principles in defense of the hope that lies within the believer As there is no premium on ignorance of the principles that lie within the Word of God the author compares each facet of doctrine while building a comprehensive system of theology that can stand against the face of higher criticism and doctrinal error providing the reader with a reasonable explanation of what is most precious to all Christians ones own faith
