interested in comparative literature The Reception of Vergil in Renaissance Rome Jeffrey A. Glodzik, 2023-01-16 In this work Jeffrey Glodzik argues that Vergil played a central role in the prevailing discourse of Renaissance Roma Roman humanists associated with the papacy employed the language of Vergil to express a vision for Rome and its divinely ordained destiny Using the transformation methodology allelopoiesis he shows that in their neo Latin works Roman humanists focused on a Christian interpretation of the fourth ecloque to highlight an incipient Golden Age ignored pessimistic readings of the Aeneid to emphasize the glories of a renewed imperium and encapsulated Vergil's words to celebrate papal Rome's unquestionable destiny Ultimately Glodzik demonstrates that the interpretation and application of Vergil were not uniform throughout Europe Vergil was instead shaped to fit the concerns of papal Rome Aphrodite and Venus in Myth and Mimesis Nora Clark, 2015-04-01 Aphrodite and Venus in Myth and Mimesis is a broad flexible source book of comparative literature and cultural studies It promotes the wide ranging presence and impact of prominent idiosyncratic personalities in fabled goddess mythology and its emphatic notions of endearment and allure The book brings together seven hundred acknowledged sources drawn from successive historical global and literary eras including principal commentaries along with factual information and important renditions in art prose and verse within and beyond mainstream western culture A lengthy detailed introduction presents a copious documented preview of the viable adaptation and mimesis of divine characterization and its respective centrality from the long distant past to the present day Myth rarely latent demonstrates varied modes of expression and open ended flexibility throughout the six comprehensive chapters which illuminate and probe in turn aspects of the ideological presence sensibilities trials and triumphs and interventions of the goddess whether sacred or profane Particular literary extracts and episodes range across ancient cultures alongside quite recent expressions of hermeneutics blending myth with the contemporary in the multi layered reception or admonishment of the goddess whether by one designation or the other As such this book is wholly relevant to all stages of the evolution and expansion of a dynamic European literary culture and its leading authors and personalities Jacopo Sannazaro and the Uses of Pastoral William John Kennedy, 1983 Vittoria Colonna and the Spiritual Poetics of the Italian Reformation Abigail Brundin, 2016-02-11 Vittoria Colonna was one of the best known and most highly celebrated female poets of the Italian Renaissance Her work went through many editions during her lifetime and she was widely considered by her contemporaries to be highly skilled in the art of constructing tightly controlled and beautifully modulated Petrarchan sonnets In addition to her literary contacts Colonna was also deeply involved with groups of reformers in Italy before the Council of Trent an involvement which was to have a profound effect on her literary production In this study Abigail Brundin examines the manner in which Colonna s poetry came to fulfil in a groundbreaking and unprecedented way a reformed spiritual imperative disseminating an evangelical message to a wide audience reading vernacular literature and providing a model of spiritual verse which was to be adopted by later poets across the peninsula She shows how through careful management of an appropriate literary

persona Colonna's poetry was able to harness the power of print culture to extend its appeal to a much broader audience In so doing this book manages to provide the vital link between the two central facets of Vittoria Colonna's production her poetic evangelism and her careful construction of a gendered identity within the literary culture of her age The first full length study of Vittoria Colonna in English for a century this book will be essential reading for scholars interested in issues of gender literature religious reform or the dynamics of cultural transmission in sixteenth century Italy It also provides an excellent background and contextualisation to anyone wishing to read Colonna's writings or to know more about her role as a **Urban Poetics in the French Renaissance** mediator between the worlds of courtly Petrachism and religious reform Elisabeth Hodges, 2016-12-05 The city view forms the jumping off point for this innovative study which explores how the concept of the city relates to the idea of the self in early modern French narratives At a time when print culture cartography and literature emerged and developed together the city view a picture or topographic image of a city became one of the most distinctive and popular products of the early modern period Through a construct she calls urban poetics Elisabeth Hodges draws out the relationship between the city and the self showing the impact of the city in cultural production to be so profound that it cannot be extricated from what we know by the name of subjectivity Each chapter of the book brings focus to a crucial text that features descriptions of the self in the city by the writers Villon Corrozet Sc ve and Montaigne and investigate how representations of urban experience prepared the way for the emergence of the autonomous subject Charting a course between cartography literary studies and cultural history this study opens new vistas on some of the period s defining problems the book the subject the city **Campania in the Flavian Poetic Imagination** Antony Augoustakis, R. Joy Littlewood, 2019-01-17 The region of Campania with its fertility and volcanic landscape exercised great influence over the Roman cultural imagination A hub of activity outside the city of Rome the Bay of Naples was a place of otium leisure and quiet repose and literary productivity and yet also a place of danger the looming Vesuvius inspired both fear and awe in the region s inhabitants while the Phlegraean Fields evoked the story of the gigantomachy and sulphurous lakes invited entry to the Underworld For Flavian writers in particular Campania became a locus for literary activity and geographical disaster when in 79 CE the eruption of the volcano annihilated a great expanse of the region burying under a mass of ash and lava the surrounding cities of Pompeii Herculaneum and Stabiae In the aftermath of such tragedy the writers examined in this volume Martial Silius Italicus Statius and Valerius Flaccus continued to live work and write about Campania which emerges from their work as an alluring region held in the balance of luxury and peril **Poetry and Identity in** Quattrocento Naples Matteo Soranzo, 2016-04-22 Poetry and Identity in Quattrocento Naples approaches poems as acts of cultural identity and investigates how a group of authors used poetry to develop a poetic style while also displaying their position toward the culture of others Starting from an analysis of Giovanni Pontano s Parthenopeus and De amore conjugali followed by a discussion of Jacopo Sannazaro s Arcadia Matteo Soranzo links the genesis and themes of these texts to the

social political and intellectual vicissitudes of Naples under the domination of Kings Alfonso and Ferrante Delving further into Pontano s literary and astrological production Soranzo illustrates the consolidation and eventual dispersion of this author's legacy by looking at the symbolic value attached to his masterpiece Urania and at the genesis of Sannazaro's De partu Virginis Poetic works written in neo Latin and the vernacular during the Aragonese domination in this way are examined not only as literary texts but also as the building blocks of their authors careers **Encyclopedia of Italian Literary Studies: A-J** Gaetana Marrone,2007 Publisher description **Humanistica Lovaniensia** Gilbert Tournoy, Dirk Encyclopedia of Italian Literary Studies Gaetana Marrone, Paolo Puppa, 2006-12-26 The Sacre, 2001 Volume 50 Encyclopedia of Italian Literary Studies is a two volume reference book containing some 600 entries on all aspects of Italian literary culture It includes analytical essays on authors and works from the most important figures of Italian literature to little known authors and works that are influential to the field The Encyclopedia is distinguished by substantial articles on critics themes genres schools historical surveys and other topics related to the overall subject of Italian literary studies The Encyclopedia also includes writers and subjects of contemporary interest such as those relating to journalism film media children's literature food and vernacular literatures Entries consist of an essay on the topic and a bibliographic portion listing works for further reading and in the case of entries on individuals a brief biographical paragraph and list of works by the person It will be useful to people without specialized knowledge of Italian literature as well as to scholars of the Homeric Hymns Andrew Faulkner, Athanassios Vergados, Andreas Schwab, 2016-11-17 The Reception of the Homeric Hymns is a collection of original essays exploring the reception of the Homeric Hymns and other early hexameter poems in the literature and scholarship of the first century BC and beyond Although much work has been done on the Hymns over the past few decades and despite their importance within the Western literary tradition their influence on authors after the fourth century BC has so far received relatively little attention and there remains much to explore particularly in the area of their reception in later Greco Roman literature and art This volume aims to address this gap in scholarship by discussing a variety of Latin and Greek texts and authors across the late Hellenistic Imperial and Late Antique periods including studies of major Latin authors such as Virgil Horace and Ovid and Byzantine authors writing in classicizing verse While much of the book deals with classical reception of the Hymns including looking beyond the textual realm to their influence on art the editors and contributors have extended its scope to include discussion of Italian literature of the fifteenth century German scholarship of the nineteenth century and the English Romantic poets demonstrating the enduring legacy of the Homeric Hymns in the literary world The Quest for an Appropriate Past in Literature, Art and Architecture, 2018-10-16 This volume explores the various strategies by which appropriate pasts were construed in scholarship literature art and architecture in order to create national regional or local identities in late medieval and early modern Europe Because authority was based on lineage political and territorial claims were underpinned by historical arguments either true or

otherwise Literature scholarship art and architecture were pivotal media that were used to give evidence of the impressive old lineage of states regions or families These claims were related not only to classical antiquity but also to other periods that were regarded as antiquities such as the Middle Ages especially the chivalric age The authors of this volume analyse these intriguing early modern constructions of antiquity and investigate the ways in which they were applied in political intellectual and artistic contexts in the period of 1400 1700 Contributors include Barbara Arciszewska Bianca De Divitiis Karl Enenkel Hubertus G nther Thomas Haye Harald Hendrix Stephan Hoppe Marc Laureys Fr d rique Lemerle Coen Maas Anne Fran oise Morel Kristoffer Neville Konrad Ottenheym Yves Pauwels Christian Peters Christoph Pieper David Rijser Bernd Roling Nuno Senos Paul Smith Pieter Vlaardingerbroek and Matthew Walker Restoration as Fabrication of Origins Henri de Riedmatten, Fabio Gaffo, Mathilde Jaccard, 2023-07-24 The aim of this publication is to clarify the relationships between material restoration and politics in Italian Renaissance art The focus of this research is on the question of origin as a foothold for political patrimonial and cultural identity These claims were enacted within a system which rather than restoring the initial forms and meanings of existing objects remodeled the past according to new identity requirements spaces were reorganized and works of art invested with new meanings Their material and aesthetic reality was thus transformed and redefined The aim is therefore to analyze the potential physical modifications of these artefacts in light of their symbolic recoding With contributions by Kathleen W Christian Caroline S Hillard Mateusz Kapustka J r mie Koering Victor Lopes Florian M tral Arnold Nesselrath Neville Rowley Beat Wyss Restoration practices in Italian Renaissance art Reassessing the concept of Renaissance Recoding of ancient works for political purposes Renaissance Latin Poetry Ian Dalrymple McFarlane.1980 Virgil's Fourth Ecloque in the Italian Renaissance L.
