Major Black Religious Leaders Since 1940:

Major Black Religious Leaders Since 1940 Henry J. Young, 1979 **Black Religious Intellectuals** Clarence Taylor, 2013-04-15 Professor Clarence Taylor sheds some much needed light on the rich intellectual and political tradition that lies in the black religious community From the Pentecostalism of Bishop Smallwood Williams and the flamboyant leadership of the Reverend Al Sharpton to the radical Presbyterianism of Milton Arthur Galamison and the controversial and mass mobilization by Minister Louis Farrakhan black religious leaders have figured prominently in the struggle for social equality in America **Afro-American Life, History and Culture**, 1985 **African-American Religious Leaders** Nathan Aaseng, 2014-05-14 Religion and spirituality have been key elements of African American life since the earliest days of the slave trade African American Religious Studies Gayraud S. Wilmore, 1989 This anthology provides a coherent interdisciplinary theoretical base for students of African American religious studies and will assist in the design of programs and courses for lay theological education and training To this end the editor has assembled material from Old and New Testament studies theology church history pastoral counseling worship and social action A Plea for British Black Theologies, Volume 2 Roswith I. H. Gerloff, 2010-11-01 This volume is the appendix to volume one and includes notes bibliographies and related materials Since the Second World War more than 1 000 black independent congregations in around 300 different organizations have sprung up all over Britain The immigration of Afro Caribbeans and West Africans has led to the emergence and growth of many churches which flourish in the cities and attract a growing number of members They now play an increasingly active role in the social and ecumenical life of the nation which is reflected in cooperation with the New Instrument of the British churches They comprise a rich diversity of theological traditions and cultural inheritance some in an interesting blend some in a struggle with white elements Existence and growth of these communities have often been explained by factors inherent in British society such as social deprivation and English racism The book attempts to prove that as much these factors are a reality they do not account for the dynamics of the movement its proliferation and stability Rather these congregations are carried by strong cultural and theological forces which molded the spiritual experience of the African diaspora They carry a living faith sound contextual theologies and a form of organization which presents a model for other ethnic minorities 1950, Crossroads of American Religious Life Robert S. Ellwood, 2000-01-01 The year 1950 saw the height of the postwar religious boom in America and also the depths of the Cold War It was a year when religious enthusiasm and postwar affluence coexisted with anxiety about global communism and an ever present nuclear threat McCarthyism the advent of the hydrogen bomb and the onset of the Korean War provoked ardent and diverse responses from religious leaders and occasioned lively debate in flourishing religious journalism Robert Ellwood's 1950 is a cultural time capsule recovering the impetus for many of today's trends remembering endings and beginnings and documenting many other developments in American religious life of fifty years ago It highlights the parallels and divergences

between religious culture then and now *Major Black Religious Leaders, 1755-1940* Henry J. Young, 1977 An Ex-colored Church Raymond R. Sommerville, 2004 The Christian Methodist Episcopal Church was an important part of the historic freedom struggles of African Americans from Reconstruction to the Civil Rights movement This fight for equality and freedom can be seen clearly in the denomination s evolving social and ecumenical consciousness The denomination s very name changed from Colored to Christian in 1954 but the denomination did not join the struggle late Rather the CME was a critical participant from the days following the Civil War At times the Church was at odds with their white Methodist counterparts and in solidarity with other African American denominations on issues of racial desegregation and the role of social protest in religion Raymond Sommerville s important book discusses the relationship between Martin Luther King Jr and the Southern Christian Leadership Conference and the CME While King and others received most of the headlines during the Civil Rights Era the CME proved to be involved at all levels and equally important in all they did With its strategic location in the South and its long history of ecumenical involvement the CME Church emerged as a leading advocate of ecumenical civil rights activism Previous interpretations asserted that the CME was apolitical and accomodationist or that it was more progressive than it was Sommerville presents a more nuanced account of how a church of largely former slaves emancipated itself from the constraints of white Methodist paternalism and Jim Crow racism to emerge as a progressive force of racial justice and ecumenism in the South and beyond Sommerville examines major centers of the CME Nashville Birmingham Memphis Atlanta and selected leaders in the South in charting the gradual metamorphosis of the former CME as a largely nonpolitical body of former slaves in 1870 to a more politically active denomination at the apex of the modern Civil Rights movement in the 1960s *African American Religion and the Civil Rights Movement in Arkansas* Johnny E. Williams, 2003 What role did religion play in sparking the call for civil rights Was the African American church a motivating force or a calming eddy The conventional view among scholars of the period is that religion as a source for social activism was marginal conservative or pacifying Not so argues Johnny E Williams Focusing on the state of Arkansas as typical in the role of ecclesiastical activism his book argues that black religion from the period of slavery through the era of segregation provided theological resources that motivated and sustained preachers and parishioners battling racial oppression Drawing on interviews speeches case studies literature sociological surveys and other sources Williams persuasively defines the most ardent of civil rights activists in the state as products of church culture Both religious beliefs and the African American church itself were essential in motivating blacks to act individually and collectively to confront their oppressors in Arkansas and throughout the South Williams explains how the ideology of the black church roused disparate individuals into a community and how the church established a base for many diverse participants in the civil rights movement He shows how church life and ecumenical education helped to sustain the protest of people with few resources and little permanent power Williams argues that the church helped galvanize political action by bringing people together and creating social bonds even

when societal conditions made action difficult and often dangerous The church supplied its members with meanings beliefs relationships and practices that served as resources to create a religious protest message of hope *Generations of Black Life in Kennesaw and Marietta* Patrice Shelton Lassiter,1999 *Apocalyptic Fever* Richard G. Kyle,2012-08-01 How will the world end Domsday ideas in Western history have been both persistent and adaptable peaking at various times including in modern America Public opinion polls indicate that a substantial number of Americans look for the return of Christ or some catastrophic event The views expressed in these polls have been reinforced by the market process Whether through purchasing paperbacks or watching television programs millions of Americans have expressed an interest in end time events Americans have a tremendous appetite for prophecy more than nearly any other people in the modern world Why do Americans love doomsday In *Apocalyptic Fever* Richard Kyle attempts to answer this question showing how dispensational premillennialism has been the driving force behind doomsday ideas Yet while several chapters are devoted to this topic this book covers much more It surveys end time views in modern America from a wide range of perspectives dispensationalism Catholicism science fringe religions the occult fiction the year 2000 Islam politics the Mayan calendar and more **Dudley Randall, Broadside Press, and the Black Arts Movement in Detroit, 1960-1995** Julius E. Thompson,2005-02-15 In 1965 Dudley F Randall founded the Broadside Press a company devoted to publishing distributing and promoting the works of black poets and writers In so doing he became a major player in the civil rights movement Hundreds of black writers were given an outlet for their work and for their calls for equality and black identity Though Broadside was established on a minimal budget Randall s unique skills made the press successful He was trained as a librarian and had spent decades studying and writing poetry most importantly Randall was totally committed to the advancement of black literature The famous and relatively unknown sought out Broadside including such writers as Gwendolyn Brooks Margaret Walker Mae Jackson Lance Jeffers Etheridge Knight Sonia Sanchez Nikki Giovanni Audre Lorde and Sterling D Plumpp His story is one of battling to promote black identity and equality through literature and thus lifting the cultural lives of all Americans

Bishop Henry McNeal Turner and African-American Religion in the South Stephen Ward Angell,1992 Henry McNeal Turner was an epoch making man as his colleague Reverdy Ransom called him A bishop in the African Methodist Episcopal Church from 1880 to 1915 Turner was also a politician and Georgia legislator during Reconstruction U S Army chaplain newspaper editor prohibition advocate civil rights and back to Africa activist African missionary and early proponent of black theology This richly detailed book the first full length critical biography of Turner firmly places him alongside DuBois and Washington as a preeminent visionary of the postbellum African American experience The strength and vitality of today s black church tradition owes much to the herculean labors of pioneers such as Turner one of the most skillful denominational builders in American history When emancipation created the prerequisites for a strong national religious organization Turner with his boldness charisma political wisdom eloquence and energy took full advantage of the opportunity Combining

evangelicalism with forthright agitation for racial freedom he instigated the most momentous transformation in A M E Church history the mission to the South Stephen Angell views Turner s advocacy of ordination for women and his missionary work in Africa as a further outgrowth of the bishop s deep evangelical commitment The book s epilogue offers the first serious analysis of Turner s theology and his replies to racist distortions of the Christian message **God and Human Responsibility** Rufus Burrow,2003 Walker took seriously God s expectation that justice be done in righteous ways and that persons respect the humanity and dignity of self and others fundamental claims of the Hebrew Prophets The Harvard Guide to African-American History Evelyn Brooks Higginbotham,2001 This massive guide sponsored by the W E B Du Bois Institute for Afro American Research at Harvard University and compiled by renowned experts offers a compendium of information and interpretation on over 500 years of black experience in America **Black Catholic Studies Reader** David J. Endres,2021-04-16 This first ever Black Catholic Studies Reader offers an introduction to the theology and history of the Black Catholic experience from those who know it best Black Catholic scholars teachers activists and ministers The reader offers a multi faceted interdisciplinary approach that illuminates what it means to be Black and Catholic in the United States This collection of essays from prominent scholars both past and present brings together contributions from theologians M Shawn Copeland Kim Harris Diana Hayes Bryan Massingale and C Vanessa White and historians Cecilia Moore Diane Batts Morrow and Ronald Sharps and selections from an earlier generation of thinkers and activists including Thea Bowman Cyprian Davis and Clarence Rivers Contributions delve into the interlocking fields of history spirituality liturgy and biography Through their contributions Black Catholic Studies scholars engage theologies of liberation and the reality of racism the Black struggle for recognition within the Church and the distinctiveness of African inspired spirituality prayer and worship By considering their racial and religious identities these select Black Catholic theologians and historians add their voices to the contemporary conversation surrounding culture race and religion in America inviting engagement from students and teachers of the American experience social commentators and advocates and theologians and persons of faith In an Inescapable Network of Mutuality Lewis V. Baldwin,Paul R. Dekar,2013-08-30 The scholarship on Martin Luther King Jr has too often cast him in the image of the Southern black preacher and the American Gandhi while ignoring or trivializing his global connections and significance This groundbreaking work written by scholars religious leaders and activists of different backgrounds addresses this glaring pattern of neglect in King studies King is treated here as both a global figure and a forerunner of much of what is currently associated with contemporary globalization theory and praxis The contributors to this volume agree that King must be understood not only as a thinker visionary and social change agent in his own historical context but also in terms of his meaning for the different generations who still appeal to him as an authority inspiration and model of exemplary service to humanity The task of engaging King both in context and beyond context is fulfilled in remarkable ways in this volume without doing essential violence to this phenomenal figure *Review of Religious Research*

,1987 The Will to Arise Caleb Oluremi Oladipo,2006 One of the most important developments of Christianity in the twentieth century was its transformation in South Africa where it became a vibrant religion rooted in African idioms and cultures The church also became engaged in the struggle against social and political injustice and church leaders employed the vocabularies of faith to secure civil liberty This hard hitting book focuses on post apartheid Christian character and establishes the theological and spiritual authority of African Christians calling contemporary Christians to renew their faith and Christian identity It shows too that one cannot seriously consider contemporary Christianity apart from the African experience
