

Majors Jacobite

James Ferguson

Majors Jacobite:

The Jacobite Lairds of Gask Thomas Laurence Kington-Oliphant, 1870 *Battles of the Jacobite Rebellions* Jonathan Oates, 2020-01-19 Oates examines in minute detail why the Jacobite forces posed such a threat to William and Mary Queen Anne and George I and II Books Monthly Many books have been written about the Jacobite rebellions the armed attempts made by the Stuarts to regain the British throne between 1689 and 1746 and in particular about the risings of 1689 1715 1719 and 1745 The key battles have been described in graphic detail Yet no previous book has given a comprehensive military account of the campaigns in their entirety and that is the purpose of Jonathan Oates's new history For over fifty years the Jacobites posed a serious threat to the governments of William and Mary Queen Anne and George I and II But they were unable to follow up their victories at Killiecrankie Prestonpans and Falkirk and the overwhelming defeat suffered by Bonnie Prince Charlie's army when it confronted the Duke of Cumberland's forces at Culloden in 1746 was decisive The author uses vivid eyewitness testimony and contemporary sources as well as the latest archaeological evidence to trace the course of the conflict and offers an absorbing insight into the makeup of the opposing sides their leadership their troops and the strategy and tactics they employed His distinctive approach gives the reader a long perspective on a conflict which is often viewed more narrowly in terms of famous episodes and the careers of the leading men A novel and rewarding approach in providing a comprehensive account of the Jacobite rebellions This is a story of a family torn apart by religion and entitlement Highly Recommended Firetrench

The Jacobites and Russia, 1715-1750 Rebecca Wills, 2002 This groundbreaking study explores the role played by the Jacobite diaspora in Russia in the saga of Jacobite intrigue and British foreign policy in the period between 1715 and 1750 Drawing on both Russian and British sources it follows the changing fortunes of Jacobitism in Russia as a key influence on European diplomacy

The Jacobite Movement in Scotland and in Exile, 1746-1759 D. Zimmermann, 2003-10-14 The argument presented in this book arose from an extension to the question whether the suppression of the Jacobite Rising of 1745-46 as represented by a long standing historiographical consensus spelled the end of Jacobite hopes and British fears of another restoration attempt The principal conclusion of this book is that the Jacobite Movement persisted as a viable threat to the British state and was perceived as such by its opponents to 1759

The Fate of the Jacobite Grenadiers Gavin Wood, 2017-02-09 February 1746 The rebel army of Prince Charles Edward Stuart has retreated to the north east of Scotland Here they are surrounded by three enemy armies loyal to King George Lacking money equipment and food only a decisive victory on the battlefield can turn the tide of the war Lord Kilmarnock's Horse Grenadiers have earned a reputation for loyalty sculduggery and fortitude Now Prince Charles rewards the regiment by promoting them to become his elite guards It is a dangerous honour As the war reaches its climax the Grenadiers must fight their deadliest battle yet If the regiment does not stand fast the Jacobite army will be destroyed and the rebellion will be over You behave as a filching freebooter Captain Lindesay one caught in the very act of brigancy Brigancy Your Highness the

Irish nobleman turned to address the Prince We cannot have our officers behave in such a fashion and in your royal regiment of guards to boot Such unworthy behaviour will be the ruin of our reputation And I must counsel that you dismiss Mr Lindesay from his post Before the Prince could answer Patrick stepped closer to the Quartermaster General toe to toe and eye to eye His face was feral Patrick curled his lip bared his teeth fingered his pistol The conceited inanity of the fellow was insufferable For a moment the Irishman was sure the Captain of the Grenadiers was about to offer a challenge and propose a duel Then to the astonishment of all the bystanders Patrick smiled Just the smallest upturn of the lips but a veritable and carefree smile none the less And OSullivan frowned unsure why the Grenadiers anger had turned cold And Patricks smile broadened for the canniest of ploys had just come to him

Myth of the Jacobite Clans Murray Pittock, 2019-08-07 The second edition of this revolutionary book argues that British history has long sought to caricature Jacobitism rather than to understand it and that the Jacobite Risings drew on extensive Lowland support and had a national quality within Scotland

The Jacobite Campaigns Jonathan D Oates, 2015-10-06 The military aspects of the Jacobite campaigns in eighteenth century Britain are considered in this study Taken from the viewpoint of those loyal to the Hanoverian Crown the three mainland campaigns of 1715 6 1719 and 1745 6 are examined using research based on primary sources memoirs diaries letters newspapers and State papers

The Jacobites Daniel Szechi, 2019-04-05 The product of forty years of research by one of the foremost historians of Jacobitism this book is a comprehensive revision of Professor Szechi s popular 1994 survey of the Jacobite movement in the British Isles and Europe Like the first edition it is undergraduate friendly providing an enhanced chronology a convenient introduction to the historiography and a narrative of the history of Jacobitism alongside topics specifically designed to engage student interest This includes Jacobitism as a uniting force among the pirates of the Caribbean and as a key element in sustaining Irish peasant resistance to English colonial rule As the only comprehensive introduction to the field the book will be essential reading for all those interested in early modern British and European politics

Insurgency Warfare Jeremy Black, 2023-06-22 This timely book offers a world history of insurgencies and of counterinsurgency warfare Working beyond traditional Western centric narrative arguing that it is crucial to ground experiences in Afghanistan and Iraq in a global framework Unlike other studies that begin with the American and French revolutions this book reaches back to antiquity to trace the pre modern origins of war Interweaving thematic and chronological narratives Black probes the enduring linkages between beliefs events and people on the one hand and changes over time on the other hand He shows the extent to which politics technologies and ideologies have evolved creating new parameters and paradigms that have framed both governmental and public views Tracing insurgencies ranging from China to Africa to Latin America Black highlights the widely differing military and political dimensions of each conflict He weighs how and why lessons were learned or rather asserted in both insurgency and counterinsurgency warfare At every stage he considers lessons learned by contemporaries the ways in which norms developed within militaries and societies and their

impact on doctrine and policy His sweeping study of insurrectionary warfare and its counterinsurgency counterpart will be essential reading for students of military history *Revolution and the Historical Novel* John McWilliams, 2017-12-15 John McWilliams has written the first much needed account of the ways the promise and threat of political revolution have informed masterpieces of the historical novel The jolting sense of historical change caused by the French Revolution led to an immense readership for a new kind of fiction centered on revolution counter revolution and warfare which soon came to be called the historical novel During the turbulent wake of The Declaration of the Rights of Man promptly followed by the phenomenon of Napoleon Bonaparte the historical novel thus served as a literary hybrid in the most positive sense of that often dismissive term It enabled readers to project personal hopes and anxieties about revolutionary change back into national history While immersed in the fictive lives of genteel often privileged heroes readers could measure their own political convictions against the wavering loyalties of their counterparts in a previous but still familiar time McWilliams provides close readings of some twenty historical novels from Scott and Cooper through Tolstoy Zola and Hugo to Pasternak and Lampedusa and ultimately to Marquez and Hilary Mantel but with continuing regard to historical contexts past and present He traces the transformation of the literary conventions established by Scott's Waverley novels showing both the continuities and the changes needed to meet contemporary times and perspectives Although the progressive hopes imbedded in Scott's narrative form proved no longer adaptable to twentieth century carnage and the rise of totalitarianism the meaning of any single novel emerges through comparison to the tradition of its predecessors A foreword and epilogue explore the indebtedness of McWilliams's perspective to the Marxist scholarly tradition of Georg Lukacs and Frederic Jameson while defining his differences from them This is a scholarly work of no small ambition and achievement *London in the Jacobite Times* Dr. Doran (John), 1877 *Jacobite Gleanings from State Manuscripts* J. Macbeth Forbes, 1903 *Poetry and Jacobite Politics in Eighteenth-Century Britain and Ireland* Murray G. H. Pittock, 2006-11-02 The project of this book is to question and rewrite assumptions about the nature of the Augustan era through an exploration of Jacobite ideology Taking as its starting point the fundamental ambivalence of the Augustan concept the author studies canonical and non canonical literature and uncovers a new four nations literary history of the period defined in terms of struggle for control of the language of authority between Jacobite and Hanoverian writers This struggle is seen to have crystallized Irish and Scottish opposition to the British state The Jacobite cause generated powerful popular literature and the sources explored include ballads broadsides and writing in Scots Irish Welsh and Gaelic The author concludes that the literary history we inherit is built on the political outcome of the Revolution of 1688 **The Jacobite Rebellions of the British Isles** Andrew Jackson, 2024-04-18 The story of the Jacobite Rebellions really began in 1534 when King Henry VIII changed the official religion of England from Catholic to Protestant The narrative then continued through turbulent times of civil war and religious and political strife leading to tensions and discontent boiling over when the Catholic King James II came to the throne in 1685 whereupon he was

immediately beset by a Protestant rebellion led by the Duke of Monmouth which set a chain of events in motion resulting in William III and Mary II being crowned as Joint Monarchs after a bloodless coup. It was James' removal from the throne which created the spark for his supporters to orchestrate a series of revolts known as the Jacobite Rebellions, the name coming from the Latin for James, Jacobus. These uprisings, which included the rebellions from the Highlands of Scotland and the Williamite Wars in Ireland, also formed part of the wider picture of a European war known as the Nine Years War, the War of the Grand Alliance or the War of the League of Augsburg, 1688-1697. During which King Louis XIV of France strived to realise his expansionist plans while enforcing the Catholic religion and continuing to promote the Jacobite cause for his own ends. Later King Louis XIV was instrumental in initiating another conflict in Europe, the Spanish War of Succession, 1701-1714, which led the French to continue to support Jacobite risings in Scotland during the same period and beyond, ultimately leading to Bonnie Prince Charlie's audacious bid for the British throne in 1745. The 45 rebellion was eventually put down in the crushing military defeat at Culloden in 1746, when the last pitched battle on British soil finally sounded the death knell for the Catholic and Stuart monarchy. However, the legend of the dashing prince who came so near but yet so far in his bid to win the throne back for the Stuarts is still very much alive in Scotland, especially as he continued to frustrate an enormous government manhunt to capture him amidst a savage backdrop of reprisals being wreaked on the Highland Jacobites.

The Last Jacobites Keith Coleman, 2024-12-30. For most people, the story of the Jacobites perished on a bitter April day in 1746 when their hopes of restoring the exiled Stuart monarchy at the battle of Culloden were crushed. Beyond this military defeat, which marked the end of the 45 rebellion, there were surviving embers who kept alive the cause for some time. For some years, Prince Charles Edward Stuart, Bonnie Prince Charlie, and his exiled supporters plotted with European powers to restore his banished house and regain the British throne, but there was never again a military attempt to oust the Hanoverians who displaced his lineage. In Europe, Jacobite networks flourished in France but also in Scandinavia and were influential in spreading Masonic ideas in the areas they operated. Exiles joined the military as far afield as Spain and even Russia, while others, formerly loyal to the cause, found themselves in the New World, either banished by the British state or willing emigrants hoping for a better life. Ironically, most of the latter supported the British Empire and faced further hardship in the aftermath of the American War of Independence, finding themselves as losers in two major historic upheavals. Jacobitism arose again as a romantic ideal in the 19th century, surprisingly revived by the Hanoverian royal family, which had displaced the Stuarts. The cult of Highland Scotland was spearheaded by Queen Victoria, who saw herself as the embodiment and successor of the Jacobites. Towards the end of her reign, political Jacobitism became a fringe element in British politics, energized Scottish nationalism and became an element in that country's artistic renaissance. The question of what Jacobitism means to different people in different ages is not an easily answered question. Even in its early days, the movement was not simply a political monarchist group devoted to restoration of a shattered dynasty. Its adherents and some of its detractors

recognized some mysterious attraction in its ideals and its symbolism Which other British royal cult survived so long and inspired a succession of Pretenders devoted to the doomed romance of a long vanished line of monarchs *The Major Works* Alexander Pope,2008-10-09 First published with revisions as an Oxford World s Classics paperback 2006 **Two**

Scottish soldiers [J. and P. Ferguson] and a Jacobite laird [W. Forbes] and his forbears James Ferguson,1888

London in the Jacobite times John Doran,1877 **Jacobitism** Murray Pittock,1998-09-21 The last genuine rebellion on British soil the Jacobite rising of 1745 forms one of the greatest what ifs of British history If Bonnie Prince Charlie s troops had defeated the forces of George II it is fair to say that the entire subsequent course of the country s history would have been dizzyingly changed Jacobitism is a comprehensive study of the Stuart dynasty s attempts to regain the thrones of England Scotland and Ireland in the eighteenth century It provides not only a history of the Jacobite cause and the Risings but also studies of Jacobite culture the financing of Jacobitism the Jacobite diaspora and Jacobitism and nationalism as well as a critical review of the major changes in Jacobite scholarship this century *A Companion to Eighteenth-Century Britain* H. T. Dickinson,2008-04-15 This authoritative Companion introduces readers to the developments that lead to Britain becoming a great world power the leading European imperial state and at the same time the most economically and socially advanced politically liberal and religiously tolerant nation in Europe Covers political social cultural economic and religious history Written by an international team of experts Examines Britain s position from the perspective of other European nations
