

The Ark

Make for yourself an ark of gopher wood; you shall make the ark with rooms, and shall cover it inside and out with pitch. This is how you shall make it: the length of the ark three hundred cubits, its breadth fifty cubits, and its height thirty cubits. - Gen. 6:14-15

Rabbi Slater's commentaries to illuminate their message *In the Image of God* Shirley Mayhood, 2022-05-02 We were created in the image of our Creator It was a perfect and loving relationship but when Adam and Eve chose evil over that relationship with their Creator that image of God we were created with was lost to us In our world today many Christians are more attuned to the world than to God's Word Many seem to have the attitude that because they are in the world they must be like the world But this world is not anything like God and Christians need to come to the certain knowledge that they are in the world but not of the world We as God's kids are not to live in the image of a lost world careening into a dark and bottomless pit of pure evil Jesus Christ became our atoning sacrifice so that you and I can return to that original image of God that we were created to be This ought to be our goal in life to be like God to do our very best to live in the image of God This book is a daily devotional of biblical attitudes characteristics of Jesus Christ the deep meaning and example of God's amazing precepts and loving actions God gave us a book to show us His right and loving law but when Jesus came He condensed all of the Father's law into just two Jesus said to him You shall love the Lord your God with all your heart with all your soul and with all your mind This is the first and great commandment And the second is like it You shall love your neighbor as yourself On these two commandments hang all the Law and the Prophets Matthew 22 37 40 It is my sincere hope that this book of devotions will help all who read it to know God better to love Him more and to understand what the true image of God means 451 *The Book* Allen Wright, 2014-03-31 This study by author Allen Wright offers an entertaining informative and fresh interpretation of the Bible's first books Genesis through Kings II Part One compares two of the Bible's most familiar tales Noah and the flood and David versus Goliath with a much earlier ancient Mesopotamian text originally written in cuneiform long before the biblical writers sat down to their work Part Two analyzes each book of Genesis through Kings II coupled with the historical backdrop of the times Learning how the biblical writers set about their business can help you stir up healthy and entertaining discussions among believers and nonbelievers alike learn about ancient times and the conditions under which the first books of the Bible were written And discover the true intention of the Bible as well as its original intended audience The Book recounts how the early writers of the Bible went about saving their own civilization against overwhelming odds See the Bible through a new lens and return to modern life with a more enlightened understanding of the Bible's first books with *The Book* Why the First Books of the Bible Were Written and Who They Were Written For **Hagah** Enoch B Mnisi, D.D, 2020-01-03 The importance of meditation can never be over emphasised in human life Whether one is religious or not everyone in some form engages in the art of meditation Almost every religion in the world maintains this practice as an integral part of their religious practices While the methods of meditation practices may vary from each group the underlying commonality is that meditation is a huge cornerstone in humanity However amongst some Christians this practice has lost meaning and significance it is regarded as an unimportant aspect of the Christian experience Success and prosperity has strong links to biblical meditation **The Preacher's Commentary,**

THE HOLY BIBLE: Updated American Standard Version (UASV) Christian Publishing House, 2022-02-07 The Updated American Standard Version UASV is a literal translation Translating from the original languages of Hebrew Aramaic and Greek is a task unlike any other and should never be taken lightly It carries with it the heaviest responsibility the translator renders God's thoughts into a modern language What does that mean It means that our primary purpose is to give the Bible readers what God said by way of his human authors not what a translator thinks God meant in its place In other words our primary goal is to be accurate and faithful to the original text The meaning of a word is the responsibility of the interpreter i e reader not the translator The translator remains faithful to this literal translation philosophy unless it has been determined that the rendering will be misunderstood or misinterpreted The translator is not tasked with making the text easy to read but rather to make it as accurately faithful to the original as possible UASV PURPOSE Our primary purpose is to give the Bible readers what God said by way of his human authors not what a translator thinks God meant in its place Truth Matters UASV GOAL Our primary goal is to be accurate and faithful to the original text The meaning of a word is the responsibility of the interpreter i e reader not the translator Translating Truth OUR RESOURCES The Updated American Standard Version will be one of the most faithful and accurate translations to date by Christian Publishing House It will remain faithful to the original and what the authors

penned We will not go beyond the translator s responsibility into the field of the interpreter Removing the Outdated Passages with the Old English thee s and thou s etc have been replaced with modern English Many words and phrases that were extremely ambiguous or easily misunderstood since the 1901 ASV have been updated according to the best lexicons Verses with difficult word order or vocabulary have been translated into correct English grammar and syntax for easier reading However if the word order of the original conveyed meaning it was kept More Accurate The last 110 years have seen the discovering of far more manuscripts especially the papyri with many manuscripts dating within 100 years of the originals While making more accurate translation choices we have stayed true to the literal translation philosophy of the ASV while other literal translations abandon the philosophy far too often The translator seeks to render the Scriptures accurately without losing what the Bible author penned by changing what the author wrote by distorting or embellishing through imposing what the translator believes the author meant into the original text Accuracy in Bible translation is being faithful to what the original author wrote the words that he used as opposed to going beyond into the meaning trying to determine what the author meant by his words The latter is the reader s job The translator uses the most reliable accurate critical texts e g WH NA UBS BHS as well as the original language texts versions and other sources that will help him to determine the original reading Why the Need for Updated Translations New manuscript discoveries Changes in the language A better understanding of the original languages Improved insight into Bible translation **His Touch of Grace** Cathy
