Make Believe Monsters:

Magic, Monsters, and Make-Believe Heroes Douglas E. Cowan, 2019-02-26 Magic Monsters and Make Believe Heroes looks at fantasy film television and participative culture as evidence of our ongoing need for a mythic vision for stories larger than ourselves into which we write ourselves and through which we can become the heroes of our own story Why do we tell and retell the same stories over and over when we know they can't possibly be true Contrary to popular belief it's not because pop culture has run out of good ideas Rather it is precisely because these stories are so fantastic some resonating so deeply that we elevate them to the status of religion Illuminating everything from Buffy the Vampire Slayer to Dungeons and Dragons and from Drunken Master to Mad Max Douglas E Cowan offers a modern manifesto for why and how mythology remains a vital force today *Shelter* Susan Palwick, 2007-06-12 An ambitious near future SF novel of climate change artificial intelligence and human feeling **The Weekly Curriculum** Barbara Backer, 2003 What's your plan If you're not sure this great big book has the answer With 52 weekly plans it's easy to come up with appropriate learning experiences that children will love This essential classroom resource covers special holidays seasonal topics everyday plans and other things you've probably never thought of such as National Pretzel Month or National Pancake Day **Olivofonics** Francis A. Olivo, 2001-02 Olivofonics Oh Lee Vo Fawn Ecks Small Business Management Philosophy for Beginners Small business management is nothing more than philosophies It covers business ethics business reality marketing philosophies logic and much more As individuals the only thing that we own is our beliefs If you believe something to be true you consider it to be your knowledge If however you don't believe something to be true you have very little knowledge of it So knowledge is power but only if you believe it to be true If one side of the coin says Man has no guarantees in life then it's safe to assume that the opposite side of the coin guarantees man one thing No individual can live forever Yet people flip the coin every day Even though I cannot offer you any guarantees we already have our guarantee Let me say that if you believe the philosophies in this book then my philosophies will become your knowledge If however you don't believe the philosophies in this book you'll have very little knowledge of small business management Regards Frank **Retribution: Chronicles of Reaper Book II** J.R. Lightfoot, 2025-04-01 In the wake of the devastation at Colley Jaml seeks solace in prayer and relentless training As part of his journey to heal he reluctantly joins a fellow Reaper on a mission to track down a wayward prince But what begins as a pursuit quickly spirals into a harrowing battle against emerging forces of darkness kingdoms falling under the shadowy manipulation vengeful kings and a fallen angel bent on igniting a war of unimaginable proportions Caught in the chaos Jaml faces a horrifying revelation a new kind of monster has risen and it is one he has sworn to protect mankind itself As morality blurs he must grapple with an impossible choice to protect humanity at all costs or to follow his divine directives and eliminate evil Every step brings him closer to his greatest fear and most lethal foe the Dark Reaper Set in the infancy of Christianity this gripping saga unfolds as Lucifer's minions wage war on mankind with the Reapers God's superhuman

Weird Parenting Wins Hillary Frank,2019-01-15 Unconventional yet effective parenting strategies carefully curated by the creator of the popular podcast The Longest Shortest Time Some of the best parenting advice that Hillary Frank ever received did not come from parenting experts but from friends and podcast listeners who acted on a whim often in moments of desperation These weird parenting wins were born of moments when the expert advice wasn t working and instead of freaking out these parents had a stroke of genius For example there s the dad who pig snorted in his baby s ear to get her to stop crying and the mom who made a flat daddy out of cardboard and sat it at the dinner table when her kids were missing their deployed military father Every parent and kid is unique and as we get to know our kids we can figure out what makes them tick Because this is an ongoing process Weird Parenting Wins covers children of all ages ranging in topics from The Art of Getting Your Kid to Act Like a Person on hygiene potty training and manners to The Art of Getting Your Kid to Tell You Things because eventually they re going to be tight lipped You may find that someone else s weird parenting win works for you or you might be inspired to try something new the next time you re stuck in a parenting rut Or maybe you ll just get a good laugh out of the mom who got her kid to try beets because it might turn her poop pink
