Sacred Subdivisions Justin Wilford, 2012-11-19 In an era where church attendance has reached an all time low recent polling has shown that Americans are becoming less formally religious and more promiscuous in their religious commitments Within both mainline and evangelical Christianity in America it is common to hear of secularizing pressures and increasing competition from nonreligious sources Yet there is a kind of religious institution that has enjoyed great popularity over the past thirty years the evangelical megachurch Evangelical megachurches not only continue to grow in number but also in cultural political and economic influence To appreciate their appeal is to understand not only how they are innovating but more crucially where their innovation is taking place In this groundbreaking and interdisciplinary study Justin G Wilford argues that the success of the megachurch is hinged upon its use of space its location on the postsuburban fringe of large cities its fragmented dispersed structure and its focus on individualized spaces of intimacy such as small group meetings in homes which help to interpret suburban life as religiously meaningful and create a sense of belonging Based on original fieldwork at Rick Warren s Saddleback Church one of the largest and most influential megachurches in America Sacred Subdivisions explains how evangelical megachurches thrive by transforming mundane secular spaces into arenas of religious

significance **Repairing the Missional Breach** Kevin Blackwell, 2024-04-02 Making disciples is the primary calling of the church however in the past decades of American evangelicalism there has been a breach of Christ's Great Commission as found in Matt 28:19-20. Much of this failure can be attributed to the doctrine and practice within three modern church movements. The book offers a history and critique of modern American evangelical church movements including the Church Growth, Emergent Church, and Missional Church movements. Each of these movements did not result in disciple making multiplication. In this book you will find an analysis of disciple making in these movements as compared to the methods and model of Jesus. Informed by these critiques, formative ministry adjustments are presented as a faithful path for future missional approaches.

Preaching to a Postmodern World Graham M. Johnston, 2001-07-01 While growing churches dot our urban centers and country landscapes, churchgoers and students today are actually less likely to maintain a Christian worldview than in the past. In fact, the majority of society does not even believe in objective truth. A minister out of touch with this culture is like an uninformed missionary trying to teach in a foreign country. To communicate God's Word effectively in the twenty-first century, teachers need to know how to connect with and confront an audience of postmodern listeners. In *Preaching to a Postmodern World*, Johnston shows pastors, seminary students, professors, lay teachers, and church leaders can reach the present age without selling out to it. The book discusses how to distinguish between modernism and postmodernism, understand postmodern worldviews, change the style of preaching without compromising the substance, take advantage of new opportunities provided by the cultural shift, show an inattentive society the relevance of God's truth. The author's keen insights into contemporary pop and media culture also help equip speakers to address today's listeners with clarity and relevance.

The Great Commission: The Solution . . . (Study Guide) Raymond F. Culpepper, 2009 [Making Disciples in a World Parish](#) Paul W. Chilcote, 2011-04-01 In this collection of inspirational and challenging essays, Methodists from around the globe reflect on the practice of disciple making in their own contexts. From their own perspectives, they address questions like: What are the challenges you face? What biblical images shape your missional practice? What examples of Christian authenticity inspire your communities? What gifts related to mission and evangelism do you offer the global community of faith? Churches on every continent have their own stories of struggle and faithfulness. Indeed, each distinct community within any given region has a voice of its own that deserves to be heard. The voices included in this volume belong to women and men alike. Likewise, they resound with the accents of Africa and Asia, Latin and North America, Europe, and Oceania. Each voice is distinct but all articulate a vision of faith made effective through love. In a world characterized variously by poverty and violence as well as prosperity and peace, the church must reclaim its central mission to make disciples of Jesus Christ. In their effort to articulate a vision of mission and evangelism, the contributors to this volume bear witness to the fact that we can no longer do this work in isolation from one another. To be the ambassadors of the gospel, we need each other and we need to pay attention to the voices that sound different from our own. This volume takes a large step

A Strategy For Reaching Secular People Ernan A. Norman, D. Min., 2007-05-11 Dr Ernan A Norman D Min has identified strategies to implement John 13 35 All people will know that you are my followers if you love each other An excellent source for the essential principles of discipleship in a postmodern world This book is written in nontechnical language based on the experiences as a student pastor and professor I believe that the concepts presented are fundamental and are in harmony with the model demonstrated by Jesus during His ministry on earth Meeting people at their level putting their needs ahead of His own treating people with respect befriending the nonreligious and inviting them into a relationship with Himself are some of the concepts that are identified and supported as strategies for reaching secular people This book is

an outstanding and important piece of work and easily readable I would urge *A Strategy for Reaching Secular People* on members and leaders in every church if they are willing to challenge basic assumptions and embrace change relative to reaching lost people Strategies that remove the barriers that keep people from hearing about God's love and to create a warm friendly uncritical and non judgmental attitude of acceptance are clearly presented Full of practical how to's and watch out's this book by Ernan Norman is for individuals serious about sharing the love of God As we interact with and minister to secular people matters such as marriage and family academics employment addictions and human rights must be addressed Norman clearly gives strategies for intentional efforts to reach secular postmodern men and women in our day The central concept is the example of Jesus that we should follow A must read Weymouth Spence Ed D President of Washington Adventist University

Reaching People Under 40 while Keeping People over 60 Edward H Hammett, 2007-02-01 Many established churches are facing a number of challenges in today's increasingly secular culture Such a shift in many communities creates a challenge of church growth and church health when it seems that satisfying the needs of one group creates barriers to reaching another group So many are asking How do you keep people over sixty years of age who often hold church culture values while at the same time reach people under forty who often hold postmodern values If a church is interested in growing this situation becomes a major challenge *Reaching People under 40 while Keeping People over 60* looks at the church as it seeks to function in a new world It looks at the differences in the generations and at postmodernism not just a generational difference but a global change Most importantly *Reaching People under 40 while Keeping People over 60*

Wooddell, 2010-09-23 Nearly everyone finds beauty compelling so Christian apologists should devise ways to present an aesthetic Christian apologetic Nearly all apologists admit that the beauty of a life well lived and the beauty of the Christian community along with the use of media and the arts are not only helpful for apologetics but essential in a postmodern culture In fact it is frustrating to see how many apologists mention the need for such an approach but go on devoting most of their energies to traditional approaches This book is different It clearly shows the pros and cons of traditional approaches and offers a fresh perspective as well arguing that beauty is the most compelling apologetic and suggesting ways to implement such an approach It demonstrates how Western culture arrived in its current unfortunate situation and uses both Scripture and figures like Athenagoras and Jonathan Edwards to challenge current views on apologetics
