**Roman Wölfel**

## **Makers Of The American Mind:**

**The Pentagon's Battle for the American Mind** Lori L. Bogle, 2004-10-12 The U S military has historically believed itself to be the institution best suited to develop the character spiritual values and patriotism of American youth In Strategy for Survival Lori Bogle investigates how the armed forces assigned itself the role of guardian and interpreter of national values and why it sought to create ideologically sound Americans capable of defeating communism and assuring the victory of democracy at home and abroad Bogle shows that a tendency by some in the armed forces to diffuse their view of America s civil religion among the general population predated tension with the Soviet Union Bogle traces this trend from the Progressive Era through the early Cold War when the Truman and Eisenhower administrations took seriously the battle of ideologies of that era and formulated plans that promised not only to meet the armed forces manpower needs but also to prepare the American public morally and spiritually for confrontation with the evils of communism Both Truman s plan for Universal Military Training and Eisenhower s psychological warfare programs promoted an evangelical democracy and sought to inculcate a secular civil military religion in the general public During the early 1960s joint military civilian anticommunist conferences organized by the authority of the Department of Defense were exploited by ultra conservative civilians advancing their own political and religious agendas Bogle s analysis suggests that cooperation among evangelicals the military and government was considered both necessary and normal The Boy Scouts pushed a narrow vision of American democracy and Joe McCarthy s chauvinism was less an aberration than a particularly noxious manifestation of a widespread attitude To combat communism American society and its armed forces embraced brainwashing narrow moral education that attacked everyone and everything not consonant with their view of the world and how it ought to be ordered Exposure of this alliance ultimately dissolved it However the cult of toughness and the blinkered view of reality that characterized the armed forces and American society during the Cold War are still valued by many and are thus still worthy of consideration *The State of the American Mind* Mark Bauerlein, Adam Bellow, 2015-05-22 In 1987 Allan Bloom s *The Closing of the American Mind* was published a wildly popular book that drew attention to the shift in American culture away from the tenants that made America and Americans unique Bloom focused on a breakdown in the American curriculum but many sensed that the issue affected more than education The very essence of what it meant to be an American was disappearing That was over twenty years ago Since then the United States has experienced unprecedented wealth more youth enrolling in higher education than ever before and technology advancements far beyond what many in the 1980s dreamed possible And yet the state of the American mind seems to have deteriorated further Benjamin Franklin s self made man has become a man dependent on the state Independence has turned into self absorption Liberty has been curtailed in the defense of multiculturalism In order to fully grasp the underpinnings of this shift away from the self reliant well informed American editors Mark Bauerlein and Adam Bellow have brought together a group of cultural and educational experts to discuss the

root causes of the decline of the American mind The writers of these fifteen original essays include E D Hirsch Nicholas Eberstadt and Dennis Prager as well as Daniel Dreisbach Gerald Graff Richard Arum Robert Whitaker David T Z Mindich Maggie Jackson Jean Twenge Jonathan Kay Ilya Somin Steve Wasserman Greg Lukianoff and R R Reno Their essays are compiled into three main categories States of Mind Indicators of Intellectual and Cognitive Decline These essays broach specific mental deficiencies among the population including lagging cultural IQ low Biblical literacy poor writing skills and over medication Personal and Cognitive Habits Interests These essays turn to specific mental behaviors and interests including avoidance of the news short attention spans narcissism and conspiracy obsessions National Consequences These essays examine broader trends affecting populations and institutions including rates of entitlement claims voting habits and a low performing higher education system The State of the American Mind is both an assessment of our current state as well as a warning foretelling what we may yet become For anyone interested in the intellectual fate of America The State of the American Mind offers an accessible and critical look at life in America and how our collective mind is faring The Battle for the American Mind Carl J. Richard, 2006-08 The Battle for the American Mind brings together religion politics economics science and literature to present a compelling history of the American people In this brief and entertaining book noted historian Carl J Richard argues that there have been three worldviews that have dominated American thought theism humanism and skepticism Theists put their faith in God humanists in man and skeptics have faith in neither god nor man Each worldview has had an epoch of domination leading to the present Age of Confusion where theists humanists and skeptics battle one another for control of American hearts and minds By clearly explaining what Americans believed exploring why they did so and showing how that impacted the nation's development Carl J Richard presents a unique portrait of the United States past and present **The Branding of the American Mind** Jacob H. Rooksby, 2016-12-01 The first real exposé of how universities have trademarked copyrighted branded and patented everything they do Universities generate an enormous amount of intellectual property including copyrights trademarks patents Internet domain names and even trade secrets Until recently universities often ceded ownership of this property to the faculty member or student who created or discovered it in the course of their research Increasingly though universities have become protective of this property claiming it for their own use and licensing it as a revenue source instead of allowing it to remain in the public sphere Many universities now behave like private corporations suing to protect trademarked sports logos patents and name brands Yet how can private rights accumulation and enforcement further the public interest in higher education What is to be gained and lost as institutions become more guarded and contentious in their orientation toward intellectual property In this pioneering book law professor Jacob H Rooksby uses a mixture of qualitative quantitative and legal research methods to grapple with those central questions exposing and critiquing the industry's unquestioned and growing embrace of intellectual property from the perspective of research in law higher education and the social sciences While knowledge

creation and dissemination have a long history in higher education using intellectual property as a vehicle for rights staking and enforcement is a relatively new and as Rooksby argues dangerous phenomenon for the sector The Branding of the American Mind points to higher education's love affair with intellectual property itself in all its dimensions including newer forms that are less tied to scholarly output The result is an unwelcome assault on the public's interest in higher education Presuming no background knowledge of intellectual property and ending with a call to action The Branding of the American Mind explores applicable laws legal regimes and precedent in plain English making the book appealing to anyone concerned for the future of higher education

**Media and the American Mind** Daniel J. Czitrom, 2010-02-03 In a fascinating and comprehensive intellectual history of modern communication in America Daniel Czitrom examines the continuing contradictions between the progressive possibilities that new communications technologies offer and their use as instruments of domination and exploitation

**The Mormon Image in the American Mind** J.B. Haws, 2013-11-01 Winner of the Mormon History Association Best Book Award What do Americans really think about Mormons and why Through a fascinating survey of Mormon encounters with the media including such personalities and events as the Osmonds the Olympics the Tabernacle Choir evangelical Christians the Equal Rights Amendment Sports Illustrated and even Miss America J B Haws reveals the dramatic transformation of the American public's understanding of Mormons in the past half century When the Mormon George Romney former governor of Michigan ran for president in 1968 he was admired for his personal piety and characterized as a kind of political Billy Graham When George's son Mitt ran in 2008 a widely distributed email told hundreds of thousands of Christians that a vote for Mitt Romney was a vote for Satan What had changed in the intervening four decades Why were the theology of the Latter day Saints and their Christian status mostly nonissues in 1968 but so hotly contested in 2008 For years the American perception of Mormonism has been torn between admiration for individual Mormons seen as friendly hard working and family oriented and ambivalence toward institutional Mormonism allegedly secretive authoritarian and weird The Mormon Image in the American Mind offers vital insight into the complex shifts in public perception of The Church of Jesus Christ of Latter day Saints its members and its place in American society

**The State of the American Mind: Stupor and Pathetic Docility Volume II** Amechi Okolo, 2010-06-11 This book The State of the American Mind Stupor and Pathetic Docility Volume One begins to unravel some of the most obvious perplexing embarrassing and enduring problems and contradictions of American history and sociology viz how could the American revolution that started with the most ringing and most inspiring Declarations of human equality in world history end up establishing the most vicious exploitative society the world ever knew Black chattel slavery and only ten percent white enfranchisement etc Further how could men of such great wisdom and intellect like George Washington James Madison Thomas Jefferson and others who were Enlightenment scholars and clearly knew that slavery was despicable and evil because they had variously experienced white servitude and slavery themselves collude to establish and institutionalize the

horrible system of Negro chattel slavery in America and also disenfranchised over 90 percent of people of their own race actions that racism could not explain The structural institutional slavery system they established and the resultant consequent racism hobbles America today as it did in the past and forced Eric Holder the Attorney General to declare that America is a nation of cowards when it comes to race discussions Thus this book starts with serious critical discussions of race in America and reveals what no textbook has ever done viz that most early American whites and Blacks were slaves an uncomfortable fact that would shock most Americans because it contradicts the orthodoxy or the dominant narrative that only Blacks were brought here in chains Further the book also shows the year Black slavery started something almost all textbooks got wrong It also shows who was the first Black slave in America something no textbook ever mentions It also shows when and how racism started in America and many other very sensitive and embarrassing but necessary issues that America avoids but must be frankly discussed for America to move forward This book therefore shatters the two dominant themes of Americas history and sociology that Blacks were brought into America in chains as slaves while whites came to America in search of freedom as Harvard educated President Obama famously told us in his race speech Thus the crowning lesson of this book in addition to discussing some critical policy issues like education health care etc is that it discovers the centripetal force of the American society that eluded contemporary Americans because American bosses have laboriously concealed the facts from the public the scary but clearly healthy uniting fact that most Americans are united by their common ancestry their universal history and experience of servitude bond indentures and slavery Nothing is more universal more common and more shared in American history and sociology than the fact that most of our ancestors black and white were servants bond indentures and slaves who were dominated and super exploited by few overlords Colonial America was the preferred dumping ground for British outcasts rejects criminals masterless class vagabonds bond indentures slaves etc until 1776 when Australia replaced America as the British dump for its rejects and surplus citizens Thus that America was a nation founded by British rejects and losers is inherently more rational than the prevailing orthodoxy or the Obama theory of Americas founders that they were great honorable men who journeyed across the ocean for freedom because of the obvious reason that good powerful achieving citizens do not normally emigrate to new uncharted lands

**The Poisoning of the American Mind** Lawrence M. Eppard, Jacob L. Mackey, Lee Jussim, 2024-09-25 What would you have to believe in order to dress up as a shaman paint your face and storm the U S Capitol What could possibly lead somebody to claim that it upholds white supremacy to encourage hard work self reliance rational thinking punctuality and politeness Such behaviors would have been unimaginable only a few years ago And yet here we are witnessing millions of people across the political spectrum displaying these clear indications of an epistemically poisoned mind Both red America and blue America are retreating into their own information bubbles seceding from a common reality Both consume far too much misinformation and disinformation developing worldviews that can sometimes be unintelligible to others This book explores these disturbing

developments and what they mean for our society and implores us all to recover a shared sense of what is true **The Splintering of the American Mind** William Egginton, 2018-08-28 A timely provocative necessary look at how identity politics has come to dominate college campuses and higher education in America at the expense of a more essential commitment to equality Thirty years after the culture wars identity politics is now the norm on college campuses and it hasn't been an unalloyed good for our education system or the country Though the civil rights movement feminism and gay pride led to profoundly positive social changes William Egginton argues that our culture's increasingly narrow focus on individual rights puts us in a dangerous place The goal of our education system and particularly the liberal arts was originally to strengthen community but the exclusive focus on individualism has led to a new kind of intolerance degrades our civic discourse and fatally distracts progressive politics from its commitment to equality Egginton argues that our colleges and universities have become exclusive expensive clubs for the cultural and economic elite instead of a national publicly funded project for the betterment of the country Only a return to the goals of community and the egalitarian values underlying a liberal arts education can head off the further fracturing of the body politic and the splintering of the American mind With lively on the ground reporting and trenchant analysis *The Splintering of the American Mind* is a powerful book that is guaranteed to be controversial within academia and beyond At this critical juncture the book challenges higher education and every American to reengage with our history and its contexts and to imagine our nation in new and more inclusive ways

The Opening of the American Mind The Point, 2020-11-06 In a cultural landscape dominated by hot takes and petty polemics *The Point* stands for something different Informed by the conviction that humanistic thinking has relevance for everyday life the magazine has long maintained a rare space for thoughtful dialogue between a wide range of political views philosophical perspectives and personal experiences its contributors include liberals and conservatives philosophers and activists Marxists and Catholics New Yorkers and Midwesterners A little more than a decade since its founding on the campus of the University of Chicago it offers a unique and revelatory look at the changing face of America one that speaks not only to way American minds have been forced to open by a decade of trauma and transformation but also to the challenge of remaining open to our fellow citizens during our deeply divided present Featuring award winning and highly acclaimed essays from *The Point*'s first ten years *The Opening of the American Mind* traces the path of American intellect from the magazine's inception in 2009 when Barack Obama was ascending the steps of the White House to the brink of the 2020 election The essays chosen both for the way they capture their time and transcend it are assembled into five sections that address cycles of cultural frustrations social movements and the aftermath of the 2016 election and provide lively forward looking considerations of how we might expand our imaginations into the future Spanning the era of Obama and Trump Occupy Wall Street and Black Lives Matter MeToo and renewed attention to reparations this anthology offers critical reflections on some of the decade's most influential events and stands as a testament to the significance of open exchange

The intellectual dialogue provided by The Point has never been more urgently needed and this collection will bring the magazine's vital work to an even broader readership

*The Canceling of the American Mind* Greg Lukianoff, Rikki Schlott, 2023-10-17 A timely deep dive into cancel culture an account of its dangers to all Americans and the much needed antidote from the team that brought you Coddling of the American Mind Includes hard data and research on what cancel culture is and how it works along with hundreds of new examples showing the left and the right both working to silence their enemies Offers concrete steps toward reclaiming a free speech culture with materials specifically tailored for parents teachers business leaders and everyone who uses social media

*The American Mind: The E. T. Earl Lectures* Bliss Perry, 2009-01-01

**On the Form of the American Mind** Eric Voegelin, 1995 In 1924 not quite two years after receiving his doctorate from the University of Vienna Eric Voegelin was named a Laura Spelman Rockefeller Memorial Fellow and thus given the opportunity to pursue postdoctoral studies in the United States For the next twenty four months Voegelin worked with some of the most creative scholars in America and at several of the country's great universities an experience that undoubtedly influenced his scholarly and personal perspectives throughout his life A more immediate result was the publication in 1928 of *On the Form of the American Mind* the young philosopher's first major work in which his acute perceptions and analyses combine with a conceptual vocabulary struggling to find its own coherence and form Voegelin begins his inquiry into the form of the American mind with a complex discussion of the concepts of time and existence in European and American philosophy and continues with an extended interpretation of George Santayana a study of the Puritan mystic Jonathan Edwards a presentation on Anglo American jurisprudence and a consideration of the historian economist and political scientist John R Commons Voegelin was particularly interested in Commons views on the mental political social and economic aspects of democracy in modern urban and industrial America Although admitting that this diversity of themes seems only loosely connected Voegelin demonstrates the actual overall unity of these various subjects each concerns linguistic expressions of a theoretical nature Analysis of *On the Form of the American Mind* indicates that Voegelin integrated the approaches of Lebensphilosophie into what Georg Misch called the philosophical combination of anthropology and history which characterized contemporary trends within the discourse of the Geisteswissenschaften and finally resulted in a theoretical paradigm of philosophical anthropology Jürgen Gebhardt and Barry Cooper provide access to this brilliant study with their two part introduction The first part considers *On the Form of the American Mind* in the context of methodological debates ongoing in Germany at the time Voegelin was writing the book the second describes Voegelin's American experience and compares his work with similar studies written during the post World War I period

**Opening the American Mind: Recognizing the Threat to the Nation** Andrew P. O'Meara Jr., 2016-02-15 Opening the American Mind is a history of our involvement in Vietnam and an examination of the communist models of revolution O'Meara's report examines the impact of the War on the Vietnamese people and on the American Home Front He looks at the role of

communist front organizations used to mobilize resistance in underdeveloped societies as well as more sophisticated fronts used to wage revolutionary warfare in industrialized societies The long march of the radical left through American colleges and universities established the support for the cause of International Socialism and communist revolutionaries in America It was Marxist professors and fellow travelers who wrote the one sided historical accounts of American involvement in Vietnam justifying the cause of our enemies Colonel OMeara wraps up his survey of Americas stand in Vietnam by looking at communist front organizations operating behind the scenes here in America His work is must reading for all Americans especially young Americans seeking answers to questions concealed by politically correct control of higher education in America

*A Reference Guide for English Studies* Michael J. Marcuse, 1990-01-01 This ambitious undertaking is designed to acquaint students teachers and researchers with reference sources in any branch of English studies which Marcuse defines as all those subjects and lines of critical and scholarly inquiry presently pursued by members of university departments of English language and literature Within each of 24 major sections Marcuse lists and annotates bibliographies guides reviews of research encyclopedias dictionaries journals and reference histories The annotations and various indexes are models of clarity and usefulness and cross references are liberally supplied where appropriate Although cost conscious librarians will probably consider the several other excellent literary bibliographies in print such as James L Harner s Literary Research Guide Modern Language Assn of America 1989 larger academic libraries will want Marcuse s volume Jack Bales Mary Washington Coll Lib Fredericksburg Va Library Journal

**UNDERMINING THE AMERICAN MIND** Darlene M. Groben, 2025-02-26 In an ever increasing progressive society most Americans are losing their survival instincts and abandoning their healthy ability to reason Americans have forgotten the use of logic critical thinking and foregoing truthful speech in the way we use Logos words which allows Americans to navigate through life s adversities with discernment In this book the author will illuminate how global and social elites are Undermining the American Mind by Using the Art of Psychological Warfare to Destabilize a Free Thinking Society This book will dissect how our government is being led by global elitists who are paving a road to collective communistic thinking using relative speech classical conditioning priming and deception all forewarned by scholars scripture philosophers novelists scientists and political advocates who are for and against the American Edward L Bernays Propaganda said Men are rarely aware of the real reasons which motivate their actions Adolph Hitler when he said I use emotions for the many and reason for the few

The Snapping of the American Mind David Kupelian, 2022-09-20 America the beautiful has become America the bizarre REVISED AND EXPANDED EDITION A must read if you really want to understand the world we live in and where it s headed SEAN HANNITY David Kupelian s The Snapping of the American Mind chronicles the decline and fall of America and shows that it is no accident but rather a direct result of progressive misrule an eye opening scary and galvanizing book DINESH D SOUZA David Kupelian has once again given us a must read in these times of political turbulence and cultural insanity PAUL KENGOR America the beautiful

has become America the bizarre Government promotes shockingly deranged policies while purposely turning citizens against each other Christians are prosecuted as criminals children transition to the opposite sex crime skyrockets and 130 million Americans depend on mind altering substances just to get through life Turbocharged by the Obama presidency and continuing into the present day long coalescing forces of the political and cultural Left are bringing about their much heralded fundamental transformation of America That much everyone knows But this revolution is also causing a fundamental transformation of Americans in profoundly negative ways In *The Snapping of the American Mind* veteran journalist and bestselling author David Kupelian shows how the progressive Left which today dominates America's key institutions from the news and entertainment media to Big Tech to education to government itself is accomplishing much more than just enlarging government redistributing wealth and de Christianizing the culture With the Left's wild celebration of sexual anarchy its intimidating culture of political correctness and its incomprehension of the fundamental sacredness of human life it is also whether intentionally or not promoting widespread dependency debauchery family breakdown crime corruption addiction despair and suicide Surveying this growing chaos in American society Kupelian exposes both the utopian revolutionaries and their extraordinary methods that have turned America's most cherished values literally upside down to the point that madness is celebrated and normality demonized

**The Founders and the Idea of a National University** George Thomas, 2015 *Constituting the American Mind* is about early efforts to establish a national university and what those efforts say about the nature and logic of American Constitutionalism This book offers the first in depth study of the efforts to establish a national university from a constitutional perspective While mostly noted in passing the national university was put forward by every president from Washington to John Quincy Adams as a necessary supplement to the formal institutions of government it would help constitute the American mind in a manner that carried forward the ideas the constitution rested on including for example the separation of the civic from the theological

**Closing of the American Mind** Allan Bloom, 2008-06-30 The brilliant controversial bestselling critique of American culture that hits with the approximate force and effect of electroshock therapy The New York Times now featuring a new afterword by Andrew Ferguson in a twenty fifth anniversary edition In 1987 eminent political philosopher Allan Bloom published *The Closing of the American Mind* an appraisal of contemporary America that hits with the approximate force and effect of electroshock therapy The New York Times and has not only been vindicated but has also become more urgent today In clear spirited prose Bloom argues that the social and political crises of contemporary America are part of a larger intellectual crisis the result of a dangerous narrowing of curiosity and exploration by the university elites Now in this twenty fifth anniversary edition acclaimed author and journalist Andrew Ferguson contributes a new essay that describes why Bloom's argument caused such a furor at publication and why our culture so deeply resists its truths today

*The American Mind* Bliss Perry, 2023-10-01 Welcome to the enlightening world of *The American Mind* by Bliss Perry a thought provoking exploration of the intellectual

and cultural landscape of America that offers readers a deeper understanding of the nation's history, values, and identity. ### **Makers Of The American Mind Introduction**

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Makers Of The American Mind PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning.

By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Makers Of The American Mind PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Makers Of The American Mind free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

### **FAQs About Makers Of The American Mind Books**

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility.
