Film and Video Censorship in Modern Britain Julian Petley, 2011-05-17 How does film and video censorship operate in Britain Why does it exist And is it too strict Starting in 1979 the birth of the domestic video industry and the first year of the Thatcher government this critical study explains how the censorship of films both in cinemas and on video and DVD has developed in Britain As well as presenting a detailed analysis of the workings of the British Board of Film Classification Petley casts his gaze well beyond the BBFC to analyse the forces which the Board has to take into account when classifying and censoring These range from laws such as the Video Recordings Act and Obscene Publications Act and how these are enforced by the police and Crown Prosecution Service and interpreted by the courts to government policy on matters such as pornography In discussing a climate heavily coloured by 30 years of lurid video nasty stories propagated by a press which is at once censorious and sensationalist and which has played a key role in bringing about and legitimating one of the strictest systems of film and video DVD censorship in Europe this book is notable for the breadth of its contextual analysis its critical stance and its suggestions for reform of the present system

City Songs and American Life, 1900-1950 Michael L. Lasser, 2019 Nothing defines the songs of the great American songbook more richly and persuasively than their urban sensibility During the first half of the twentieth century songwriter such as Harold Arlen Irving Berlin Dorothy Fields George and Ira Gershwin and Thomas Fats Waller flourished in New York City the home of Tin Pan Alley Broadway and Harlem Many of these remarkably deft and forceful creators were native New Yorkers Others got to Gotham as fast as they could Either way it was as if from their vantage point on the West Side of Manhattan these artists were describing America not its geography of politics but its heart to Americans and to the world at large In City songs and American life 1900 1950 renowned author and broadcaster Michael Lasser offers an evocative and probing account of the popular songs including some written originally for the stage or screen that America heard and sang and danced to during the turbulent first half of the twentieth century Lasser demonstrates how the spirit of the teeming city pervaded these wildly diverse songs Often that spirit took form overtly in songs that portrayed the glamor of Broadway of the energy and jazz age culture of Harlem But a city bred spirit or even a specifically New York City way of feeling and talking also infused many other widely known and loved songs stretching from the early decades of

the century to the twenties the age of the flapper bathtub gin and women s right to vote the Great Depression and finally World War II Throughout this remarkable book Lasser emphasizes how the soul of city life as echoes in the nation s songs developed and changed in tandem with economic social and political currents in America as a whole Dust jacket flap *The Eddie Cantor Story* David Weinstein,2018 A lively biography of the popular showman Eddie Cantor with a focus on his involvement in Jewish culture and politics *The Testosterone Principles 2: Manhood and Other Stuff* TC Luoma,2012-02-01 You should know up front that his book might cause you to reevaluate your life It might influence you to quit your job and switch careers You might start to look at your relationships in a different way Hell it might even cause you to realize that youre not in a good marriage Thats not just hyperbole either T C Luomas popular weekly columnthe best of which are featured here in *The Testosterone Principles 2 Manhood and Other Stuff*has elicited exactly such potentially life changing thoughts from the people who regularly read his work He doesnt preach or rap you on the knuckles Instead he shows you glimpses of what lifeyour lifecould and maybe should look like If youve got even a speck of self awareness you end up asking yourself Hey is he talking about me His observations liberally backed up with science and spiced up with quirky references to popular culture serve as a guide to the weird conflicted often horribly flawed creature called man [Behind the Scenes at the BBFC](#) Edward Lamberti,2019-07-25 This official history of the British Board of Film Classification BBFC draws on unprecedented access to the BBFC s archives to trace 100 years of film classification with contributions from leading film critics and historians and case studies of controversial films such as *Battleship Potemkin* and *A Clockwork Orange*
