completely wrong And this gross misunderstanding with its attendant medications and risky surgeries is the reason heart disease remains the most common cause of death worldwide In *Human Heart Cosmic Heart* Dr Thomas Cowan presents a new way of understanding the body's most central organ He offers a new look at what it means to be human and how we can best care for ourselves and one another This book deserves to be in everyone's library It's loaded with great information and it can save your life or the life of someone you love Dr Joseph Mercola      International Journal of Religious Education ,1927
