Sexual Inequalities and Social Justice Niels Teunis,Gilbert H. Herdt,2007 This pioneering collection of ten ethnographically rich essays signals the emergence of a new paradigm of social analysis committed to understanding and analyzing social oppression in the context of sexuality and gender The contributors an interdisciplinary group of social scientists representing anthropology sociology public health and psychology illuminate the role of sexuality in producing and reproducing inequality difference and structural violence among a range of populations in various geographic historical and cultural arenas In particular the essays consider racial minorities including Hispanics Koreans and African Americans discuss disabled people examine issues including substance abuse sexual coercion and HIV AIDS and delve into other topics including religion and politics Rather than emphasizing sexuality as an individual trait the essays view it as a social phenomenon focusing in particular on cultural meaning and real world processes of inequality such as racism and homophobia The authors address the complex and challenging question of how the research under discussion here can make a real contribution to the struggle for social justice **The Sharon Kowalski Case** Casey Charles,2003-05-20 While car crash victim Sharon Kowalski lay comatose in the hospital battle lines were drawn between her parents and her lesbian companion Karen Thompson initiating a nearly decade long struggle over the guardianship of Kowalski The ensuing litigation

became a rallying point for gays and lesbians frustrated by laws and social stigmas that treated them as second class citizens Considered the most compelling case of his lifetime by the late Tom Stoddard former executive director of the Lambda Legal Defense Fund the Kowalski legal saga also resonated deeply among AIDS patients who worried that they too might be legally deprived of their partners care A gripping story of love and law The Sharon Kowalski Case chronicles one of the true landmarks in the fight for the rights of same sex partners fully framed for the first time within its social political and historical contexts Drawing on trial transcripts medical records newspaper archives and personal interviews Casey Charles goes well beyond Thompson s own highly personal account in Why Can t Sharon Kowalski Come Home In the process he brings to life emotions and personalities that dominated the courtroom dramas and illuminates the highly contested judgments emerging from supposedly objective authorities in journalism medicine and the law Charles weaves together various versions of the story to show how one isolated dispute in Minnesota became part of a larger national struggle for gay and lesbian rights in an era when the movement was coming of age both legally and politically His account recalls the rough road lesbians and gay men have had to travel to gain legal recognition examines how the law is politicized by the social stigma attached to homosexuality and demonstrates how conflicted the decision to come out can be for lesbians and gays who view the closet as both prison and refuge For Charles himself as a gay man with HIV this story greatly transcends mere academic interest and necessarily addresses the broader implications for lesbians and gay men for legal recognition His book should be both instructional and inspirational to all readers concerned with the evolution of civil liberties especially for lesbians gays and the disabled in America today *The Advocate* ,1996-04-30 The Advocate is a lesbian gay bisexual transgender LGBT monthly newsmagazine Established in 1967 it is the oldest continuing LGBT publication in the United States *Feminist Periodicals* ,1996 *A Guide to Humanistic Studies in Aging* Thomas R. Students in Grades 2 through 6 Karen Shawn EF "What about the Children?" Lisa Saffron, 1996 What about the children a concern commonly expressed about children raised by lesbian and gay parents is here addressed through the life stories of twenty sons and daughters of lesbians or gay men With a combination of humour and serious reflection they examine the effect of their upbringing on their adult lives and place the sexuality of their parents in perspective Pejorative and stereotypical representations of lesbian and gay parents are firmly rejected in these stories while associated problems are realistically and sensitively explored At the core of the book is the belief that parents cannot be responsible for other people's bigotry but they must aim to equip their children with the moral fortitude and integrity to deal with the prejudice and injustice that they may encounter in their lives Some of the interviewees identify as lesbian gay or bisexual most identify as heterosexual They are aged from eleven to sixty six and vary in class and race Their stories are supported by an analysis of recent research on the children of lesbians and gay men as well as consideration of the issues raised by interviewees living with prejudice what children need from parents influences on sexuality and who counts as family This book is essential reading for lesbian and gay people contemplating parenthood for children raised in lesbian and gay families for childcare professionals and anyone who wants to understand the diversity of today's families
