It doesn't work. They have no hands on or wings on concept of how commercially produceable scripts are actually put together and then marketed and are of no real practical help to the beginning writer or anyone else who's interested. Only a swimmer or a bird or a writer who has made his living at it really knows how his special trick is done and can pass it on to others. And so here it is. Enjoy while you learn. Because if writing isn't fun, it's no way to make a living. Rob banks instead but try not to get caught.
