The Making of a Class Luc Boltanski,1987 **Anticommunism in French Society and Politics, 1945-1953** Aaron Clift,2023 A work which evaluates anticommunism among the French population 1945 1953 examining its causes character and consequences through a series of case studies on areas of French society including the scouting movement family organisations agricultural associations middle class groups and trade unions and other working class organisations **The Making of the Chinese Middle Class** Jean-Louis Rocca,2016-11-07 This book analyses the making of the Chinese middle class that started in the 1990s using a constructivist approach With the development of the Chinese economy a new group of middle wage earners appeared Chinese social scientists and state institutions promoted the idea that China needs a middle class to achieve modernization Middle class members are defined and define themselves as good consumers educated people politically engaged but reasonable citizens As such the making of the middle class is the result of three convergent phenomena an attempt to define the middle class a process of civilization and the development of protest movements The making of the Chinese middle class Rocca argues is a way to end the stalemate that modern Chinese society is facing in particular the necessity to democratize without introducing an election system *Good Neighbors* Sylvie Tissot,2015-06-01 Does gentrification destroy diversity Or does it thrive on it Boston s South End a legendary working class neighborhood with the largest Victorian brick row house district in the United States and a celebrated reputation for diversity has become in recent years a flashpoint for the problems of gentrification It has born witness to the kind of rapid transformation leading to pitched battles over the class and race politics throughout the country and indeed the contemporary world This subtle study of a storied urban neighborhood reveals the way that upper middle class newcomers have positioned themselves as champions of diversity and how their mobilization around this key concept has reordered class divisions rather than abolished them **Comparing European Workers** David Brady,2011-06-22 Focuses on the politics economics sociology and history of work and workers in Europe This title places the labor markets workplaces jobs and workers of Europe in comparative perspective and compares contemporary patterns and the history of European workers with other models of work worldwide **The Spirit of Luc Boltanski** Simon Susen,Bryan S. Turner,2014-11-01 What is the relevance of Luc Boltanski s pragmatic sociology of critique to central issues in contemporary social and political analysis In seeking to respond to this question this book contains critical commentaries from prominent social theorists attempting to map out the influence and broad scope of Boltanski s oeuvre **Classic and Contemporary Readings in Sociology** Ian Marsh,Rosie Campbell,Mike Keating,2014-05-12 Classic and Contemporary Readings in Sociology introduces the reader to sociological issues theories and debates providing extracts of primary source material from both classical and contemporary theorists Theorists are examined within their historical and sociological framework and the text provides an analysis of developments in sociological thought and research The text is divided into four main sections Part One Origins and Concepts surveys the

Managerial Capitalism Gérard Duménil, Dominique Lévy, 2018-03-20 The debate around growing inequality is raging amongst economists and Marxists are finding new ways to map out the modern economy Managerial Capitalism introduces a new way of understanding the changing structure of our economy through the emergence and behaviour of a new class managers In the post war years as social democracy reigned managers tended to form compromises with workers However under neoliberalism allegiances have shifted Today a new alliance is forming between managers and capitalist owners changing the nature of the hierarchy of power under capitalism Additionally the authors argue this is happening much faster and universally than was previously thought By applying Marx's basic concepts to the reality of the system today through the use of extensive data sets as well as firmly rooting the argument in its historical context Managerial Capitalism updates Marxism for the twenty first century through showing how the modes of production today are shaped by a new class that must be understood if it is to be challenged
