Banning, Marilyn J. Amey, 2023-07-03 At a time of increasing student diversity concern about security demand for greater accountability and of economic difficulty what does the future hold for higher education and how can student affairs organizations adapt to the increasing and changing demands How can university leaders position existing resources to effectively address these and other emerging challenges with a sense of opportunity rather than dread How can organizations be redesigned to sustain change while achieving excellence As student affairs organizations have grown and become increasingly complex in order to meet new demands they have often emphasized the expansion of their missions to the detriment of focusing on understanding their roles in relationship to other units to reviewing their cultures and structures and to considering how they can improve their effectiveness as organizations This book provides the tools for organizational analysis and sustainability Intended for practitioners graduate students interns and student affairs leaders this book presents the key ideas and concepts from business oriented organizational behavior and change theories and demonstrates how they can be useful in and be applied to student affairs practice and in particular how readers can use these theories to sustain change and enhance their organization s ability to adapt to complex emerging challenges At the same time it holds to values and perspectives that support the human dimension of organizational life Recognizing the complexity of today s organizations and the value of viewing them from multiple perspectives this book follows the emerging practice of providing three general epistemological perspectives the Positivist Social Constructionist and Postmodernist for analyzing often paradoxical organizational structures environments and behavior The book explores the environmental context of student affairs and how the organization interacts with both the internal and external environments examines the human dimension of organizations through a review of individual attributes human need and motivation social comparison theory and organizational learning theory presents the dimensions of structure and design theory and discusses why student affairs organizations need to think differently about how they organize their resources considers the context and process of organizational change and the dynamics of decision making power conflict and communication addresses the role of assessment and evaluation and new forms of leadership Each chapter opens with a case study and closes with a set of reflective questions The authors have all served as practitioners within student affairs and now teach and advise graduate students and future leaders in the field New Futures for Student Affairs Margaret J. Barr, M. Lee Upcraft, 1990-11-14 This book brings together sixteen student affairs experts to identify how student affairs professionals can shape and direct their field to meet the future challenges and needs of students society and higher education *Student Affairs Assessment* Gavin W. Henning, Darby Roberts, 2023-07-03 With the recognition of the integral role of student affairs in student education and with stakeholders requiring increasing accountability at a time of tight resources it has become imperative that staff be

familiar with and competent in undertaking assessment This book provides student affairs staff with the grounding they need to integrate assessment into how they design and monitor the programs services and activities they create to contribute to students development This book is intended both as a text for student affairs and higher education master s programs and as a practical guide for early career staff who have had little formal preparation in assessment It can be used for self study or in professional development workshops For divisions departments or units getting started with assessment the discussion questions at the end of the chapters can engage staff in the process of developing an effective assessment culture This book provides a thorough introduction to all aspects of assessment assuming no prior knowledge and illustrated throughout with examples of application in student affairs settings Key elements include Takes into account the latest standards and competencies defined by AAC U ACPA AER CAS NASPA and others Introductory and comprehensive Provides essential background and theory Covers preparation planning and design Describes the full range of assessment methods Introduces principles and methods of qualitative and quantitative analysis Guidance on using and sharing results Addresses cultivating and sustaining a culture of assessment Considers ethical and political concerns Covers use of technology Illustrated throughout by examples of practice in student affairs
