Making Of Meanders Comedy:

Plautus and the English Renaissance of Comedy Richard F. Hardin, 2017-11-08 The fifteenth century discovery of Plautus's lost comedies brought him for the first time since antiquity the status of a major author both on stage and page. It also led to a reinvention of comedy and to new thinking about its art and potential. This book aims to define the unique contribution of Plautus detached from his fellow Roman dramatist Terence and seen in the context of that European revival first as it took shape on the Continent. The heart of the book with special focus on English comedy ca 1560 to 1640 analyzes elements of Plautine technique during the period as differentiated from native and Terentian considering such points of comparison as dialogue, asides, metadrama, observation scenes, characterization and atmosphere. This is the first book to cover this ground raising such questions as: How did comedy rather suddenly progress from the interludes and brief plays of the early sixteenth century to longer, more complex plays? What did Plautus mean to playwrights and readers of the time? Plays by Shakespeare, Jonson and Middleton are foregrounded but many other comedies provide illustration and support. **Roger Ebert's Movie**

Thorold, Arthur Hornblow, Arthur Hornblow (Jr.), Perriton Maxwell, Stewart Beach, 1920 *A Cultural History of Comedy in the Age of Empire* Matthew Kaiser, 2021-12-30 Drawing together contributions from scholars in a range of fields within 19th and 20th century cultural, literary, and theater studies, this volume provides a thorough and varied overview of the many forms comedy took in the 19th century. Given the earth-shattering cultural changes and political events that mark the decades between 1800 and 1920—shifting borders, socioeconomic upheaval, scientific and technological innovation, the rise of consumerism and mass culture, unprecedented overseas expansion by European and American imperial powers—it is no wonder that people in the Age of Empire turned to comedy in order to make sense of the contradictions that structure modern identity and navigate the sociocultural fault lines within modern life. Comical, humorous, and satirical cultural artifacts from the period capture the anxieties and aspirations, the petty resentments and lofty ideals of a world buffeted by change. This volume explores the aesthetic, political, and ethical dimensions of comedy in the context of blackface minstrelsy, nonsense,

poetry music hall and pantomime comic almanacs and joke books journalism silent film popular novels and hygiene magazines among other phenomena It also provides a detailed account of contentious debates among social Darwinists psychoanalysts and political philosophers about the meaning and significance of comedy and laughter to human life Each chapter takes a different theme as its focus form theory praxis identity the body politics and power laughter and ethics These eight divergent approaches to comedy in the Age of Empire add up to an extensive synoptic coverage of the subject **Film, Environment, Comedy** Robin L. Murray, Joseph K. Heumann, 2022-05-23 This book explores the transformative power of comedy to help connect a wider audience to films that explore environmental concerns and issues This book offers a space in which to explore the complex ways environmental comedies present their eco arguments With an organizational structure that reveals the evolution of both eco comedy films and theoretical approaches this book project aims to fill a gap in ecocinema scholarship It does so by exploring three sections arranged to highlight the breadth of eco comedy I Comic Genres and the Green World Pastoral Anti Pastoral and Post Pastoral Visions II Laughter Eco Heroes and Evolutionary Narratives of Consumption and III Environmental Nostalgia Fuel and the Carnavalesque Examining everything from Hollywood classics Oscar winners and animation to independent and international films Murray and Heumann exemplify how the use of comedy can expose and amplify environmental issues to a wider audience than more traditional ecocinema genres and can help provide a path towards positive action and change Ideal for students and scholars of film studies ecocriticism and environmental studies especially those with a particular interest in ecocinema and or ecocritical readings of popular films

described liberals on a tour of contemporary conservative comedy and the right wing comedy complex In *That's Not Funny* complex takes on an important double meaning On the one hand liberals have developed a social psychological complex it feels difficult even dangerous to acknowledge that their political opposition can produce comedy At the same time the right has been slowly building up a comedy industrial complex utilizing the humorous irony laden media strategies of liberals such as Jon Stewart Samantha Bee and John Oliver to garner audiences and supporters Right wing comedy has been hiding in plain sight finding its way into mainstream conservative media through figures ranging from Fox News's Greg Gutfeld to libertarian podcasters like Joe Rogan *That's Not Funny* taps interviews with conservative comedians and observations of them in action to guide readers through media history text and technique You will find many of these comedians utterly appalling some surprisingly funny and others just plain weird They are all however culturally and politically relevant the American right is attempting to seize spaces of comedy and irony previously held firmly by the left You might not like this brand of humor but you can't ignore it

English Long Beach (Calif.). Board of Education,1932 *Without the Least Tremor* M. Ross Romero, SJ,2016-03-31 A reading of the death of Socrates as a self sacrifice with implications for ideas about suffering wisdom and the soul's relationship to the body In *Without the Least Tremor* M Ross Romero considers the death of Socrates as a sacrificial act rather than an execution and analyzes the implications of such an understanding for the meaning of the *Phaedo* Plato's recounting of Socrates's death fits many of the conventions of ancient Greek sacrificial ritual Among these are the bath the procession Socrates's appearance as a bull the libation the offering of a rooster to Asclepius the treatment of Socrates's body and corpse and *Phaedo*'s memorialization of Socrates Yet in a powerful moment Socrates's death deviates from a sacrifice as he drinks the *pharmakon* without the least tremor Developing the themes of suffering and wisdom as they connect to this scene Romero demonstrates how the embodied Socrates is setting forth an *eikōn* of the death of the philosopher Drawing on comparisons with tragedy and comedy he argues that Socrates's death is more fittingly described as self sacrifice than merely an execution or suicide After considering the implications of these themes for the soul's immortality and its relationship to the body the book concludes with an exploration of the place of sacrifice within ethical life
