The Middle Power Project Adam Chapnick, 2011-11-01 The Middle Power Project describes a defining period of Canadian and international history During the Second World War Canada transformed itself from British dominion to self proclaimed middle power It became an active enthusiastic and idealistic participant in the creation of one of the longest lasting global institutions of recent times the United Nations This was in many historians opinions the beginning of a golden age in Canadian diplomacy Chapnick suggests that the golden age may not have been so lustrous During the UN negotiations Canadian policymakers were more cautious than idealistic The civil service was inexperienced and often internally divided Canada s significant contributions were generally limited to the much neglected economic and social fields Nevertheless creating the UN changed what it meant to be Canadian Rightly or wrongly from the establishment of the UN onwards Canadians would see themselves as leading internationalists Based on materials not previously available to Canadian scholars The Middle Power Project presents a critical reassessment of the traditional and widely accepted account of Canada s role and interests in the formation of the United Nations It will be read carefully by historians and political scientists and will be appreciated by general readers with an interest in Canadian and international history

world that has captivated audiences for almost a century with stories that are often hilarious sometimes tragic and always entertaining He takes us from the rough and tumble early days when one studio paid Pancho Villa 25 000 to launch his attacks only in daylight after a film crew had set up to the studio era when Joan Crawford refused to cross the street on the MGM lot except in a chauffeured limousine to the shenanigans of today's global industry Here are stories about all the legends Charlie Chaplin Greta Garbo John Barrymore Mae West Lucille Ball Marilyn Monroe Errol Flynn Humphrey Bogart Bette Davis Judy Garland Sophia Loren John Wayne and of course Ronald Reagan There are the great directors from D W Griffith Hitchcock and Eisenstein to Kurosawa Bergman Visconti Huston Ford and Woody Allen And Hay has selected tales of the writers the wits and the grand moguls including perhaps the largest collection of Goldwynisms both genuine and apocryphal Along with the laughter this volume recreates the conflicts that have torn the movie world from battles over money and contracts to discrimination divorces and scandals Colorful incredible bitter funny the stories about moviemaking are as fantastic as the pictures themselves Now they have been gathered together in an irresistible bouquet that is certain to delight every movie buff and provide fascinating insights for serious students of film *Charles de Gaulle* William R. Keylor, 2020-12-07 In this definitive history William R Keylor traces the tumultuous relationship between Charles de Gaulle and a host of other key twentieth century figures his former mentor Marshal Philippe P tain who headed the collaborationist government in the southern French city of Vichy as the German army occupied the northern two thirds of the country Sir Winston Churchill the British prime minister whose government supported and financed de Gaulle and the Free French but who clashed with the French leader on a number of hot button issues and most critically the six American presidents from FDR to Nixon Keylor uses the metaphor thorn in the side to emphasize the fact that challenges from the intrepid French leader were often an annoyance to the Americans who all had many more important issues to deal with World War II for Roosevelt and Truman the Cold War for Eisenhower and the Vietnam War for Kennedy and Johnson Richard Nixon alone had an excellent relationship but the two men overlapped for only four months before de Gaulle's retirement Thoroughly researched and deeply knowledgeable this gripping book will appeal to all readers interested in contemporary French and US history **Little, Brown Book of Anecdotes** Clifton Fadiman, 2009-10-31 Fadiman may do for the anecdote what Bartlett did for the quotation A thoroughly entertaining and useful reference source School Library Journal Along with an introduction an index of themes and a bibliography this A to Z collection includes anecdotes about over two thousand famous people from Alexander the Great to Muhammad Ali An enjoyable journey through history and popular culture it offers a blend of biographical tidbits with words of wisdom and just plain funny stories Tailor made for speech writers in search of the right story for a special occasion or for those who enjoy browsing among quotes from our brightest wordsmiths People *The Engineer School Library Bulletin* Engineer School Library (Fort Belvoir, Va.), 1949 **Days of Sadness, Years of Triumph** Geoffrey Perrett, 1985 First published in 1973 Geoffrey Perrett's portrait of war time America was immediately hailed as a

Green,2014-07-07 A thorough and perceptive portrait of the not so famous expatriates of the City of Light The Wall Street Journal History may remember the American artists writers and musicians of the Left Bank best but the reality is that there were many more American businessmen socialites manufacturers representatives and lawyers living on the other side of the River Seine Be they newly minted American countesses married to foreigners with impressive titles or American soldiers who had settled in France after World War I with their French wives they provide a new view of the notion of expatriates Historian Nancy L Green introduces us for the first time to a long forgotten part of the American overseas population predecessors to today s expats while exploring the politics of citizenship and the business relationships love lives and wealth or in some cases poverty of Americans who staked their claim to the City of Light The Other Americans in Paris shows that elite migration is a part of migration and that debates over Americanization have deep roots in the twentieth century National Stereotypes in Perspective ,2021-11-08 Since the late 18th century when they first entered into an alliance during the American Revolution the French and

Americans have had a long and sometimes stormy relationship based on a complex mix of mutual admiration cultural criticism and sometimes downright disgust for the other The relatively new interdisciplinary field of imagology or image studies allows us to place the dynamics of such a relationship into perspective by grounding its analysis firmly in the study of national stereotypes in the process providing new insights into the mentality of the observer For if anything image studies demonstrate again and again that national character is not as assumed uncritically for centuries an innate essence of the other but rather a self serving functional construct of the observer
