Brian Tucker,2024-10-17 Paul s first letter to the Corinthians deals with key aspects of the formation of the Christian community at Corinth Paul uses his correspondence with the Corinthians to address issues of morality of community structure of ritual and of religious behaviour The letter is a key document for understanding the development of Christianity and for understanding Christianity in its earliest context In this Social Identity Commentary J Brian Tucker provides a comprehensive coverage of the issues and concerns related to 1 Corinthians from the perspective of social identity Tucker outlines his interpretation of the theoretical issues concerned and then applies this to provide a clear overview of historical and critical issues related to the study of 1 Corinthians This provides a clear engagement with the text that will serve as a useful resource for scholars students clergy and people interested in the formation and purpose of the letter **Messenger and Visitor** ,1919 **Herald of Gospel Liberty** Elias Smith,1909 **Matthew** Frederick Dale Bruner,2007-06-25 Recognized as a masterly commentary when it first appeared Frederick Dale Bruner s study of Matthew is now available as a greatly revised and expanded two volume work the result of seven years of careful refinement enrichment and updating Through this commentary crafted especially for teachers pastors and Bible students Bruner aims to help God s people love what Matthew s Gospel says Bruner s work is at once broadly historical and deeply theological It is historical in drawing extensively on great church teachers through the centuries and on the classical Christian creeds and confessions It is theological in that it unpacks the doctrines in each passage chapter and section of the Gospel Consciously attempting to bridge past and present Bruner asks both what Matthew s Gospel said to its first hearers and what it says to readers today As a result his commentary is profoundly relevant to contemporary congregations and to those who guide them Bruner s commentary is replete with lively verse by verse discussion of Matthew s text While each chapter expounds a specific topic or doctrine the book s format consists of a vivid original translation of the text followed by faithful exegesis and critical analysis a survey of historical commentary on the text and current applications of the text or theme under study In this revision Bruner continues to draw on the best in modern scholarship including recent work by W D Davies and Dale C Allison Jr by Ulrich Luz and by many others adding new voices to the reading of Matthew At the same time he cites the classic commentaries of Chrysostom Jerome Augustine Luther Calvin Bengel and the rest who like Bruner himself were not simply

doctrinal teachers but also careful exegetes of Scripture. Such breadth and depth of learning assure that Bruner's Matthew will remain as a reviewer for Interpretation wrote the most dog-eared commentary on the shelf. Volume 1 of Bruner's commentary is called The Christbook because the first twelve chapters of Matthew are focused on the nature and work of Christ. As Bruner proceeds through these chapters he shows how Matthew presents step by step central themes of Christology: Jesus coming (chapters 1-4), his teaching (5-7), his miracles (8-9), his sermon on mission (10), and his person (11-12). Throughout the book there are also thoughtful discussions of significant topics such as baptism, marriage, Jewish-Christian relations, and heaven and hell. Eminently readable, rich in biblical insight, and ecumenical in tone, Bruner's two-volume commentary on Matthew now stands among the best in the field.

Christ, Church, and World Theodore J.

Hopkins, 2021-10-11 As the North American church struggles to navigate the emerging post-Christian context, Theodore J. Hopkins argues that the church is identified by three fundamental relationships: Christ, church, and world. By attending to the Christological center of Dietrich Bonhoeffer's theology, Hopkins establishes a framework for the church's mission in the world that flows from Christ's relationship to the church and his relationship to the world. This Christological framework also illuminates the changing relationship between the church and the world in Bonhoeffer's works: such that Discipleship seems to demarcate the church from the world while Ethics seems to unite church and world in one Christ reality. Following Bonhoeffer, Hopkins contends that the church is both distinct from the world and in solidarity with it in the dynamic of the crucified Lord Jesus, who took the form of a servant and is present in Word, Sacrament, and community as the Risen One. Hopkins envisions the church within the story of Jesus so that preaching and teaching the Gospel identifies the church and calls it to faithfulness in Christ's own mission. The church is formed to see itself and the world in Jesus and enabled to follow Christ's mission of witness and service in the world.

A Dictionary of Christ and the Gospels James Hastings, 2004-10

The purpose of this dictionary is to give an account of everything that relates to Christ: His Person, Life, Work, and Teaching. It is in a sense complementary to the Dictionary of the Bible, in which, of course, Christ has a great place. But a dictionary of the Bible, being occupied mainly with things biographical, historical, geographical, or antiquarian, does not give attention to the things of Christ sufficient for the needs of the preacher to whom Christ is everything. This is first of all a preacher's dictionary. The authors of the articles have been carefully chosen from among those scholars who are or have been themselves preachers. And even when the articles have the same titles as articles in the Dictionary of the Bible, they are written by new men and from a new standpoint. It is thus a work which is quite distinct from and altogether independent of the Dictionary of the Bible. It is called a Dictionary of Christ and the Gospels because it includes everything that the Gospels contain, whether directly related to Christ or not. Its range, however, is far greater than that of the Gospels. It seeks to cover all that relates to Christ throughout the Bible and in the life and literature of the world. There will be articles on the Patristic estimate of Jesus, the Medieval estimate, the Reformation and Modern estimates. There will be articles on Christ in the Jewish writings and in

the Muslim literature Much attention has been given to modern thought whether Christian or anti Christian Every aspect of modern life in so far as it touches or is touched by Christ is described under its proper title James Hastings 1852 1922 was a distinguished scholar and pastor He was founder and editor of the Expository Times and is also well known for editing the five volume Dictionary of the Bible as well as the Encyclopaedia of Religion and Ethics the Dictionary of Christ and the Gospels and the Dictionary of the Apostolic Church

Missionary Methods: St. Paul's or Ours? Roland Allen, 2016-10-12
