Sociolinguistics of the South Kathleen Heugh, Christopher Stroud, Kerry Taylor-Leech, Peter I. De Costa, 2021-07-01 This book brings to life initiatives among scholars of the south and north to understand better the intelligences and pluralities of multilingualisms in southern communities and spaces of decoloniality. Chapters follow a long due perspective of human co-existence with communal presents, pasts and futures, attachments to place and insights into how multilingualisms emerge, circulate and alter over time. Each chapter informed by the authors' experiences living and working among southern communities illustrates nuances in ideas of south and southern, tracing interconnected discourses in vastly different geopolitical contexts. Authors reflect on the roots, routes and ecologies of linguistic and epistemic heterogeneity while remembering the sociolinguistic knowledge and practices of those who have gone before. The book re-examines the appropriacy of how theories, policies and methodologies for multilingual contexts are transported across different settings and underscores the ethics of research practice and reversal of centre and periphery perspectives through careful listening and conversation. Highlighting the potential of a southern sociolinguistics to articulate a new humanity and more ethical world in registers of care, hope and love, this volume contributes to new directions in critical and decolonial studies of multilingualism and to reimagining sociolinguistics, cultural studies and applied linguistics more broadly. **Sport: Sport**

Anthropologist Carlos G. Vélez-Ibáñez, 2020-10-20 Taking us on a journey of remembering and rediscovery, anthropologist Carlos G. Vélez-Ibáñez explores his development as a scholar and in so doing, the development of the interdisciplinary fields of transborder and applied anthropology. He shows us his path through anthropology as both a theoretical and an applied anthropologist whose work has strongly influenced borderlands and applied research. Importantly, he explains the underlying, often hidden process that led to his long insistence on making a difference in the lives of people of Mexican origin on both sides of the border and to contribute to a People with Histories. In each chapter, Vélez-Ibáñez revisits a critical piece of his written work, providing a new introduction and discussion of ideas, sources and influences for the piece. These are followed by the

work chosen because it accentuates key aspects of his development and formation as an anthropologist. By returning to these previously published works Velázquez offers insight not only into the evolution of his own thinking and conceptualization but also into changes in the fields in which he has been so influential. Throughout his career Velázquez has addressed why he does the work that he does and in this volume he continues to address the personal and intellectual drives that have brought him from Netzahualcóyotl to Aztlan. *Reflections of a Transborder Anthropologist* shows how both Velázquez and anthropology have changed and formed over a fifty year period. Throughout he has worked to understand how people survive and thrive against all odds. Velázquez has been guided by the burning desire to understand inequality, exploitation, and legitimacy and most importantly to provide platforms for the voiceless to narrate their own histories.

Chicanas/Chicanos at the Crossroads David R. Maciel, Isidro D. Ortiz, 2022-06-21. Dubbed the decade of the Hispanic, the 1980s was instead a period of retrenchment for Chicanas/os as they continued to confront many of the problems and issues of earlier years in the face of a more conservative political environment. Following a substantial increase in activism in the early 1990s, Chicana/o scholars are now prepared to take stock of the Chicano Movement's accomplishments and shortcomings and the challenges it yet faces on the eve of a new millennium. *Chicanas/Chicanos at the Crossroads* is a state-of-the-art assessment of the most significant developments in the conditions, fortunes, and experiences of Chicanas/os since the late seventies, with an emphasis on the years after 1980 which have thus far received little scholarly attention. Ten essays by leading Chicana and Chicano scholars on economic, social, educational, and political trends in Chicana/o life examine such issues as the rapid population growth of Chicanas/os and other Latinos, the ascendancy of Reaganomics, and the turn to the right of American politics; the rise of anti-immigrant sentiment; the launching of new initiatives by the Mexican government toward the Chicano community; and the emergence of a new generation of political activists. The authors have been drawn from a broad array of disciplines ranging from economics to women's studies in order to offer a multidisciplinary perspective on Chicana/o developments in the contemporary era. The inclusion of authors from different regions of the United States and from divergent backgrounds enhances the broad perspective of the volume. The editors offer this anthology with the intent of providing timely and useful insights and stimulating reflection and scholarship on a diverse and complex population. A testament to three decades of intense social struggle, *Chicanas/Chicanos at the Crossroads* is ample evidence that the legacy of the *Movimiento* is alive and well.
