Mexican Origin People In The United States A Topical History Modern American West:

Mexican-Origin People in the United States Oscar J. Martínez, 2001-03-01 The history of the United States in the twentieth century is inextricably entwined with that of people of Mexican origin The twenty million Mexicans and Mexican Americans living in the U S today are predominantly a product of post 1900 growth and their numbers give them an increasingly meaningful voice in the political process Oscar J Mart nez here recounts the struggle of a people who have scraped and grappled to make a place for themselves in the American mainstream Focusing on social economic and political change during the twentieth century particularly in the American West Mart nez provides a survey of long term trends among Mexican Americans and shows that many of the difficult conditions they have experienced have changed decidedly for the better Organized thematically the book addresses population dynamics immigration interaction with the mainstream assimilation into the labor force and growth of the Mexican American middle class Mart nez then examines the various forms by which people of Mexican descent have expressed themselves politically becoming involved in community organizations participating as voters and standing for elective office Finally he summarizes salient historical points and offers reflections on issues of future significance Where appropriate he considers the unique circumstances that distinguish the experiences of Mexican Americans from those of other ethnic groups By the year 2000 significant numbers of people of Mexican origin had penetrated the middle class and had achieved unprecedented levels of power and influence in American society at the same time many problems remain unsolved and the masses face new challenges created by the increasingly globalized U S economy This concise overview of Mexican origin people puts these successes and challenges in perspective and defines their contribution to the shaping of modern America *Mexican-Origin People in the United States* Oscar J.

Martínez, 2021-10-12 The history of the United States in the twentieth century is inextricably entwined with that of people of Mexican origin The twenty million Mexicans and Mexican Americans living in the U S today are predominantly a product of post 1900 growth and their numbers give them an increasingly meaningful voice in the political process Oscar J Mart nez here recounts the struggle of a people who have scraped and grappled to make a place for themselves in the American mainstream Focusing on social economic and political change during the twentieth century particularly in the American West Mart nez provides a survey of long term trends among Mexican Americans and shows that many of the difficult conditions they have experienced have changed decidedly for the better Organized thematically the book addresses population dynamics immigration interaction with the mainstream assimilation into the labor force and growth of the Mexican American middle class Mart nez then examines the various forms by which people of Mexican descent have expressed themselves politically becoming involved in community organizations participating as voters and standing for elective office Finally he summarizes salient historical points and offers reflections on issues of future significance Where appropriate he considers the unique circumstances that distinguish the experiences of Mexican Americans from those of other ethnic groups By the

year 2000 significant numbers of people of Mexican origin had penetrated the middle class and had achieved unprecedented levels of power and influence in American society at the same time many problems remain unsolved and the masses face new challenges created by the increasingly globalized U S economy This concise overview of Mexican origin people puts these successes and challenges in perspective and defines their contribution to the shaping of modern America **American Far West in the Twentieth Century** Earl S. Pomeroy, 2008-10-21 In this richly insightful survey that represents the culmination of decades of research a leading western specialist argues that the unique history of the American West did not end in the year 1900 as is commonly assumed but was shaped as much if not more by events and innovations in the twentieth century Earl Pomeroy gathers copious information on economic political social intellectual and business issues thoughtfully evaluates it and draws a new and more nuanced portrait of the West than has ever been depicted before Pomeroy mines extensive published and unpublished sources to show how the post 1900 West charted a path that was influenced by but separate from the rest of the country and the world He deals not only with the West's transition from an agricultural to an urban region but also with the important contributions of minority racial and ethnic groups and women in that transformation Pomeroy describes a modern West increasingly urban transnational and multicultural that has overcome much of the isolation that challenged it at an earlier time His final book is nothing short of the definitive source on that West Religion in the Modern American West Ferenc Morton Szasz, 2002-01-01 When Americans migrated west they carried with them not only their hopes for better lives but their religious traditions as well Yet the importance of religion in the forging of a western identity has seldom been examined In this first historical overview of religion in the modern American West Ferenc Szasz shows the important role that organized religion played in the shaping of the region from the late nineteenth to late twentieth century He traces the major faiths over that time span analyzes the distinctive response of western religious institutions to national events and shows how western cities became homes to a variety of organized faiths that cast only faint shadows back east While many historians have minimized the importance of religion for the region Szasz maintains that it lies at the very heart of the western experience From the 1890s to the 1920s churches and synagogues created institutions such as schools and hospitals that shaped their local communities during the Great Depression the Latter day Saints introduced their innovative social welfare system and in later years Pentecostal groups carried their traditions to the Pacific coast and Southern Baptists among others set out in earnest to evangelize the Far West Beginning in the 1960s the arrival of Asian faiths the revitalization of evangelical Protestantism the ferment of post Vatican II Catholicism the rediscovery of Native American spirituality and the emergence of New Age sects combined to make western cities such as Los Angeles and San Francisco among the most religiously pluralistic in the world Examining the careers of key figures in western religion from Rabbi William Friedman to Reverend Robert H Schuller Szasz balances specific and general trends to weave the story of religion into a wider social and cultural context Religion in the Modern American West calls attention to an often overlooked

facet of regional history and broadens our understanding of the American experience **The World of the American West** Gordon Morris Bakken, 2010-10-04 The World of the American West is an innovative collection of original essays that brings the world of the American West to life and conveys the distinctiveness of this diverse constantly changing region Twenty scholars incorporate the freshest research in the field to take the history of the American West out of its timeworn Cowboys and Indians stereotype right up into the major issues being discussed today from water rights to the presence of the defense industry Other topics covered in this heavily illustrated highly accessible volume include the effects of leisure and tourism western women politics and politicians Native Americans in the twentieth century and of course oil With insight both informative and unexpected The World of the American West offers perspectives on the latest developments affecting the modern American West providing essential reading for all scholars and students of the field so that they may better understand the vibrant history of this globally significant ever evolving region of North America *America's West* David M. Wrobel, 2017-10-12 This book examines the regional history of the American West in relation to the rest of the United States emphasizing cultural and political history Hell of a Vision Robert L. Dorman, 2012-10-01 The American West has taken on a rich and evocative array of regional identities since the late nineteenth century Wilderness wonderland Hispanic borderland homesteader s frontier cattle kingdom urban dynamo Native American homeland Hell of a Vision explores the evolution of these diverse identities during the twentieth century revealing how Western regionalism has been defined by generations of people seeking to understand the West s vast landscapes and varied cultures Focusing on the American West from the 1890s up to the present Dorman provides us with a wide ranging view of the impact of regionalist ideas in pop culture and diverse fields such as geography land use planning anthropology journalism and environmental policy making Going well beyond the realm of literature Dorman broadens the discussion by examining a unique mix of texts He looks at major novelists such as Cather Steinbeck and Stegner as well as leading Native American writers But he also analyzes a variety of nonliterary sources in his book such as government reports planning documents and environmental impact studies Hell of a Vision is a compelling journey through the modern history of the American West a key region in the nation of regions known as the United States **A Land Apart** Flannery Burke, 2017-05-02 Winner Spur Award for Best Contemporary Nonfiction Western Writers of America A Land Apart is not just a cultural history of the modern Southwest it is a complete rethinking and recentering of the key players and primary events marking the Southwest in the twentieth century Historian Flannery Burke emphasizes how indigenous Hispanic and other non white people negotiated their rightful place in the Southwest Readers visit the region s top tourist attractions and find out how they got there listen to the debates of Native people as they sought to establish independence for themselves in the modern United States and ponder the significance of the U S Mexico border in a place that used to be Mexico Burke emphasizes policy over politicians communities over individuals and stories over simple narratives Burke argues that the Southwest s reputation as a region on

the margins of the nation has caused many of its problems in the twentieth century She proposes that as they consider the future Americans should view New Mexico and Arizona as close neighbors rather than distant siblings pay attention to the region's history as Mexican and indigenous space bear witness to the area's inequalities and listen to the Southwest's stories Burke explains that two core parts of southwestern history are the development of the nuclear bomb and subsequent uranium mining and she maintains that these are not merely a critical facet in the history of World War II and the militarization of the American West but central to an understanding of the region's energy future its environmental health and southwesterners conception of home Burke masterfully crafts an engaging and accessible history that will interest historians and lay readers alike It is for anyone interested in using the past to understand the present and the future of not only the region but the nation as a whole

A Companion to Latin American Anthropology Deborah Poole, 2015-12-21
Comprised of 24 newly commissioned chapters this defining reference volume on Latin America introduces English language readers to the debates traditions and sensibilities that have shaped the study of this diverse region Contributors include some of the most prominent figures in Latin American and Latin Americanist anthropology Offers previously unpublished work from Latin America scholars that has been translated into English explicitly for this volume Includes overviews of national anthropologies in Mexico Cuba Peru Argentina Ecuador Bolivia Colombia and Brazil and is also topically focused on new research Draws on original ethnographic and archival research Highlights national and regional debates Provides a vivid sense of how anthropologists often combine intellectual and political work to address the pressing social and cultural issues of Latin America

New Mexico Historical Review Lansing Bartlett Bloom, Paul A. F. Walter, 2005 *The Sagebrush Trail* Richard Aquila, 2015-04-16 The Sagebrush Trail is a history of Western movies but also a history of twentieth century America Richard Aquila's fast paced narrative covers both the silent and sound eras and includes classic westerns such as Stagecoach A Fistful of Dollars and Unforgiven as well as B Westerns that starred film cowboys like Tom Mix Gene Autry and Hopalong Cassidy The book is divided into three parts Part 1 traces the birth and growth of Westerns from 1900 through the end of World War II Part 2 focuses on a transitional period in Western movie history during the two decades following World War II Finally part 3 shows how Western movies reflected the rapid political social and cultural changes that transformed America in the 1960s and the last decades of the twentieth century The Sagebrush Trail explains how Westerns evolved throughout the twentieth century in response to changing times and it provides new evidence and fresh interpretations about both Westerns and American history These films offer perspectives on the past that historians might otherwise miss They reveal how Americans reacted to political and social movements war and cultural change The result is the definitive story of Western movies which contributes to our understanding of not just movie history but also the mythic West and American history Because of its subject matter and unique approach that blends movies and history The Sagebrush Trail should appeal to anyone interested in Western movies pop culture the American West and recent American history and culture The mythic

West beckons but eludes Yet glimpses of its utopian potential can always be found even if just for a few hours in the realm of Western movies There on the silver screen the mythic West continues to ride tall in the saddle along a sagebrush trail that reveals valuable clues about American life and thought Mexican American Voices Steven Mintz,2009-05-04 This short comprehensive collection of primary documents provides an indispensable introduction to Mexican American history and culture Includes over 90 carefully chosen selections with a succinct introduction and comprehensive headnotes that identify the major issues raised by the documents Emphasizes key themes in US history from immigration and geographical expansion to urbanization industrialization and civil rights struggles Includes a visual history chapter of images that supplement the documents as well as an extensive bibliography *Aztlán Arizona* Darius V. Echeverr'a,2014-03-27 *Aztlán Arizona* is the first thorough examination of Arizona's Chicano student movement providing an exhaustive history of the emergence of the state's Chicano Movement politics and its related school reform efforts Darius V Echeverr'a reveals how Mexican American communities fostered a togetherness that ultimately modified larger Arizona society by revamping the educational history of the region **Nature's Northwest** William G. Robbins,Katrine Barber,2011-04-15 At the beginning of the twentieth century the greater Northwest was ablaze with change and seemingly obsessed with progress The promotional literature of the time praising railroads population increases and the growing sophistication of urban living however ignored the reality of poverty and ethnic and gender discrimination During the course of the next century even with dramatic changes in the region one constant remained inequality With an emphasis on the region's political economy its environmental history and its cultural and social heritage this lively and colorful history of the Pacific Northwest defined here as Oregon Washington Idaho Montana and southern British Columbia places the narrative of this dynamic region within a national and international context Embracing both Canadian and American stories in looking at the larger region renowned historians William Robbins and Katrine Barber offer us a fascinating regional history through the lens of both the environment and society Understanding the physical landscape of the greater Pacific Northwest and the watersheds of the Columbia Fraser Snake and Klamath rivers sets the stage for understanding the development of the area Examining how this landscape spawned sawmills fish canneries railroads logging camps agriculture and shared immigrant and ethnic traditions reveals an intricate portrait of the twentieth century Northwest Impressive in its synthesis of myriad historical facts this first rate regional history will be of interest to historians studying the region from a variety of perspectives and an informative read for anyone fascinated by the story of a landscape rich in diversity natural resources and Native culture **Beyond the Missouri** Richard W. Etulain,2006 This new historical overview tells the dramatic story of the American West from its prehistory to the present A narrative history it covers the region from the North Dakota to Texas states to the Pacific Coast and includes experiences and contributions of American Indians Hispanics and African Americans **The Big Empty** R. Douglas Hurt,2011-09 The Great Plains known for grasslands that stretch to the horizon is a difficult region to define Some

classify it as the region beginning in the east at the ninety eighth or one hundredth meridian Others identify the eastern boundary with annual precipitation lines soil composition or length of the grass In *The Big Empty* leading historian R Douglas Hurt defines this region using the towns and cities Denver Lincoln and Fort Worth that made a difference in the history of the environment politics and agriculture of the Great Plains Using the voices of women homesteaders agrarian socialists Jewish farmers Mexican meatpackers New Dealers and Native Americans this book creates a sweeping survey of contested race relations radical politics and agricultural prosperity and decline during the twentieth century This narrative shows that even though Great Plains history is fraught with personal and group tensions violence and distress the twentieth century also brought about compelling social economic and political change The only book of its kind this account will be of interest to historians studying the region and to anyone inspired by the story of the men and women who found an opportunity for a better life in the Great Plains

Rocky Mountain Heartland Duane A. Smith, 2022-09-13 This is a lively history of three Rocky Mountain states in the twentieth century With the sure hand of an experienced writer and the engaging voice of a veteran storyteller the well known historian Duane A Smith recounts the major social political and economic events of the period with verve and zest Smith is thoroughly familiar with his subject and has a genuine enthusiasm for the history of the region Written with the general reader in mind *Rocky Mountain Heartland* will appeal to students teachers and armchair historians of all ages This is the colorful saga of how the Old West became the New West Beginning at the end of the nineteenth century and concluding after the turn of the twenty first *Rocky Mountain Heartland* explains how Colorado Montana and Wyoming evolved over the course of the century Smith is mindful of all the factors that propelled the region mining agriculture water immigration tourism technology and two world wars And he points out how the three states responded in varying ways to each of these forces Although this is a regional story Smith never loses sight of the national events that influenced events in the region As Smith skillfully shows the vast natural resources of the three states attracted optimistic hopeful Americans intent on getting rich enjoying the outdoors or creating new lives for themselves and their families How they resolved these often conflicting goals is the modern story of the Rocky Mountain region

Chicano-Chicana Americana Anthony Macías, 2023-02-07 *Chicano Chicana Americana* is a cultural history of Mexican Americans in film television and theater Through biographical sketches of performers such as Anthony Quinn Katy Jurado Robert Beltran and Lupe Ontiveros this work asserts Mexican Americans proper place in the national narratives of our collective imaginary Conveying a multicentered polycultural America this book shows us intriguing performers in bit parts who steal the scene and redefine what it means to be American Each biographical chapter analyzes an underappreciated actor revealing their artistic contributions to U S common culture Their long shot careers tell a tale of players taking action with agency and fighting for screen time and equal opportunity despite disadvantages and differential treatment in Hollywood These dynamic and complex individuals altered cinematic representations and audience expectations by

surpassing stereotypes The book explores American national character by showing how ethnic Mexicans attained social and cultural status through fair open competition without a radical realignment of political or economic structures Their creative achievements demanded dignity and earned respect Anthony Mac as argues that these performances demonstrated a pop culture pluralism that subtly changed mainstream America transforming it from the mythological past of the Wild West to the speculative future of science fiction Western Lives Richard W. Etulain, University of New Mexico. Center for the Southwest, 2004 The life stories of many individuals are woven together to tell the history of the American West from the earliest days of westward expansion to the twentieth century **America, History and Life** , 2007 Article abstracts and citations of reviews and dissertations covering the United States and Canada

Mexican Origin People In The United States A Topical History Modern American West Introduction

In the digital age, access to information has become easier than ever before. The ability to download Mexican Origin People In The United States A Topical History Modern American West has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Mexican Origin People In The United States A Topical History Modern American West has opened up a world of possibilities. Downloading Mexican Origin People In The United States A Topical History Modern American West provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Mexican Origin People In The United States A Topical History Modern American West has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Mexican Origin People In The United States A Topical History Modern American West. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be

cautious while downloading Mexican Origin People In The United States A Topical History Modern American West. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Mexican Origin People In The United States A Topical History Modern American West, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Mexican Origin People In The United States A Topical History Modern American West has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
