**Mexican Democracy** Kenneth F. Johnson, 1978      Mexico , 1975

**Elites and Economic Development** John

Walton, 2014-09-10 This book is a detailed comparative analysis of development politics in four urban regions of Latin America two in Mexico and two in Colombia John Walton has based his studies on the assumption that the problems of economic growth are essentially political that is are problems of choice decision making and the exercise of power His fundamental purpose has been to discover how elites of different kinds are more and less successful in the promotion of economic development which he defines as a process in the organization of a society leading not only to higher levels of efficient output but also to a more equitable distribution of benefits At the time the four cities compared were the second and third largest metropolitan areas in each country Guadalajara and Monterrey in Mexico Medell n and Cali in Colombia This selection allows the author to pair across countries cases of early and large scale industrialization Monterrey and Medell n with cases of more recent industrial growth in agricultural commercial centers Guadalajara and Cali Walton presents historical introductions to each of the regions and integrates these with original fieldwork and interviews with more than three hundred members of the political and economic elites The findings are extensive but in general they demonstrate that where political and economic power is more broadly distributed where elites are more open and accessible and where organizational life is more active and coordinated regions tend to develop qualitatively as well as quantitatively showing increases both in productivity and in such benefits as public services housing education and a more balanced distribution of income If these characteristics are absent regions may be industrialized but do not provide a broad sharing of the benefits Walton places a good deal of emphasis on the role of foreign investments demonstrating that the more penetrated regions are also the less developed Finally the results of these studies are used to evaluate and advance theories of underdevelopment and particularly of economic dependency      Area Handbook for Mexico Thomas E. Weil, 1975

1985-1986 John Paxton, 2021-06-21 No detailed description available for 1985 1986      Mexico Jaime Suchlicki, In this fascinating thousand year survey of America s controversial and rapidly changing neighbor a leading expert on Latin America explains how Mexico s present and future flow directly from its past Going well beyond analyses of recent crises Mexico is an engrossing pellucid introduction to the Indian civilization the harsh rule of the Spaniards social violence and revolution and the country s mercurial relationship with the United States up to the present Jaime Suchlicki indicates that Mexico s turbulent history contains recurring and often contradictory trends He convincingly describes how that history contributes to Mexico s current and arguably future difficulties With an engaging style that brings a colorful story to life the author provides sophisticated insights into the exciting historical development of America s increasingly important trading partner Mexico contains numerous rare photographs and offers an up to date perspective on Mexico of today and tomorrow including

an assessment of the North American Free Trade Agreement NAFTA and its implications for the future of United States Mexican relations Upon its initial release Mexico was hailed by Mario Ojeda Gomez president of El Colegio de Mexico as provocative and current The writing is sharp and the ideas are clear and original Suchlicki has focused on important aspects of Mexico s history and has explained them with intelligence selecting what is really significant And Manuel Suarez Mier of the Technological Institute of Mexico ITAM writes that Suchlicki s book is objective and appreciative and will enable readers to better understand Mexico and its behavior This is a fascinating and timely book **Feeding Mexico** Enrique C.

Ochoa,2001-09-01 Winner of the 1998 Michael C Meyer Manuscript Prize Feeding Mexico The Political Uses of Food since 1910 traces the Mexican government s intervention in the regulation production and distribution of food from the days of Cardenas to the recent privatization inspired by NAFTA Professor Ochoa argues that the real goals of the government s food subsidies were political driven by presidential desires to court urban labor Many of the agencies and policies were hastily set in place in response to short term political or economic crises Since the goals were not to alleviate poverty but to provide modest subsidies to urban consumers the policies did not eliminate destitution or malnutrition in the country Despite the minimal achievements of these interventionist policies the State Food Agency provided a symbol of the state s concern for the workers The elimination of the Agency in the 1990s prompted social protest and unrest Feeding Mexico is the first study to examine the creation of networks to deliver food products the relationship of these channels of distribution to the food crisis and the role of the state in trying to ameliorate the problem Based on exhaustive research of new archival material and richly documented with statistical tables this book exposes the dynamics and outcome of social policy in twentieth century Mexico

Hope and Frustration Carlos B. Gil,1992 This volume aims to spotlight six of contemporary Mexico s most important opposition figures In depth interviews conducted by Carlos B Gil introduce the reader to such increasingly influential leaders as Jesus Gonzalez Schmal of the conservative PAN Cuauhtemoc Cardenas the most successful opposition candidate in Mexico s history and Jorge Alcocer Villanueva who has long helped direct various offshoots of the Communist Party in Mexico

**Intellectuals and the State in Twentieth-Century Mexico** Roderic Ai Camp,2014-04-15 In developing countries the extent to which intellectuals disengage themselves in state activities has widespread consequences for the social political and economic development of those societies Roderic Camps examination of intellectuals in Mexico is the first study of a Latin American country to detail the structure of intellectual life rather than merely considering intellectual ideas Camp has used original sources including extensive interviews to provide new data about the evolution of leading Mexican intellectuals and their relationship to politics and politicians since 1920 **Authoritarianism and Corporatism in Latin America** James Malloy,2010-11-23 Since the mid 1960s it has been apparent that authoritarian regimes are not necessarily doomed to extinction as societies modernize and develop but are potentially viable if unpleasant modes of organizing a society s developmental efforts This realization has spurred new interest among social scientists in the phenomenon of

authoritarianism and one of its variants corporatism The sixteen previously unpublished essays in this volume provide a focus for the discussion of authoritarianism and corporatism by clarifying various concepts and by pointing to directions for future research utilizing them The book is organized in four parts a theoretical introduction discussions of authoritarianism corporatism and the state comparative and case studies and conclusions and implications The essays discuss authoritarianism and corporatism in Argentina Bolivia Brazil Chile Colombia the Dominican Republic Mexico Peru Uruguay and Venezuela

Chicano Images Christine List,2013-12-04 Providing textual analysis of 12 feature films written and directed by filmmakers who explore aspects of the Chicano cultural movement this book discusses films including Cheech and Chong s Still Smokin 1983 El Norte 1985 and Break of Dawn 1988 The text analyzes the portrayal of Chicano or Mexican American identity in films by chicanos Part historiography part film analysis part ethnography this book offers a compelling story of how Chicanos challenge subvert and create their own popular portrayals of Chicanismo Historical stereotypical images in Hollywood films are discussed alongside contemporary images portrayed by Hollywood studios and independent Chicano filmmakers The author examines the way in which newer films construct new representations of Chicano culture and present a greater variety of images of Chicanos for mainstream audiences Originally published in 1996 this authoritative volume provides a full history of the Chicano cultural movement beginning in the 1960s as well as information on the development of Mexican American film production

Law and Development in Latin America Kenneth L. Karst,Keith S. Rosenn,2023-11-15

**Routledge Library Editions: Political Geography** Various,2021-06-23 From votes to strikes to street violence politics is intrinsically geographical Many of the books in this set originally published between 1964 and 1990 illustrate that the social contexts provided by localities are crucial in defining distinctive political identities and subsequent political activities

Leopoldo Zea Solomon Lipp,2006-01-01 The author analyzes Mexican national identity in the context of the philosophy of Leopoldo Zea contemporary Mexican thinker He attempts to establish national character traits peculiar to Mexico using sociological psychological historical and philosophical approaches He then shows how Zea deals with the problem of Mexican identity and how he relates specifically Mexican concepts to universal philosophic and historic thought Ranging widely over many disciplines this scholarly study will be particularly valuable to readers familiar with philosophy sociology and psychology

**Maximino Avila Camacho and the One-Party State** Alejandro Quintana,2010-03-15

Maximino Avila Camacho and the One Party State The Taming of Caudillismo and Caciquismo in Post Revolutionary Mexico is a political biography of General Maximino Avila Camacho 1891 1945 one of the most powerful regional politicians in Mexico from 1935 to 1945 He was a member of an officially sponsored party known today as the Institutional Revolutionary Party PRI which claimed to represent the goals of the Mexican Revolution 1910 1921 and which managed to win most federal and regional elections from 1929 until its first presidential defeat in 2000 Maximino as he is commonly known became a powerful politician at the time when the official party effectively transformed the Mexican political system from one based on the

personal power of regional strongmen and political bosses relying on clientelistic networks popularly known as caudillos and caciques to a modern one based on a centralized civilian administration supported by institutions The story of Maximino the powerful cacique of the state of Puebla demonstrates that the emergence of the one party dominated Mexican state did not destroy caudillos and caciques but simply controlled them Specifically it shows how the official party incorporated these leaders and their authoritarian practices into the state's political machinery The result was 71 years of one party political domination based on a political culture that emphasized patronage favoritism corruption coercion and co-optation By tracing Maximino's career from revolutionary soldier to powerful political leader we learn how and why the goals that had originally inspired the party of the revolution primarily democracy and social justice were sacrificed in order to empower it

**Memories of 1968** Ingo Cornils, Sarah Waters, 2010 Some years figure more keenly in the collective memory than others This volume explores how 1968 has come to be perceived in France Germany Italy U S Mexico China how various national preoccupations with order political violence individual freedom youth culture self expression have been reflected

Mexico's Political Stability Roderic Ai Camp, 2019-08-28 Mexico is undergoing its worst economic crisis since the world depression of the 1930s In this volume contributors analyze significant patterns that might affect political stability and legitimacy economic viability and social change over the next several years often reaching controversial conclusions They argue for example that the military is not likely to change its present civil military role that political opposition rather than political violence or pressure from foreign governments will have the most profound influence on the changing pattern of political legitimacy and system stability and that decision making in the private sector may have the greatest potential to resolve or exacerbate the current crisis Finally they suggest that because economic conditions have been altered so dramatically in the recent period Mexican policymakers will need to develop a new range of political alternatives to stabilize the economy and redirect the country's future

*Labyrinths of Power* Peter H. Smith, 2015-03-08 Peter Smith has written a comprehensive and in depth study of the structure and more important of the transformation of the national political elite in twentieth century Mexico In doing so he analyzes the long run impact of the Mexican Revolution of 1910 on the composition of the country's ruling elite Included in his focus are such issues as the social basis of politics the recruitments process political career patterns the amount of periodic turnover and the relationships between the political and economic elites The author explores these issues through an empirical computer assisted investigation of biographical information on more than 6 000 individuals who held national political office in Mexico at any time between 1900 and 1976 He then employs various comparative and statistical techniques along with a use of archival data questionnaires and interviews to determine precisely how Mexico's political system actually works Professor Smith finds that the Revolution of 1910 did not fundamentally alter the class composition of the national elite although it did redistribute power within it He further observes that the Mexican Revolution did bring about a separation of political and economic elites and that the route to political success is much more

varied and less predictable now than before the revolutionary period Originally published in 1979 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

### **Mexican Democracy A Critical View Introduction**

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Mexican Democracy A Critical View PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and

empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Mexican Democracy A Critical View PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Mexican Democracy A Critical View free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.
