Mexican Mornings Essays South Of The Border:

Mexican Mornings Michael Hogan, 2007-02-26 There is a part of Mexico the west central area encompassing the state of Jalisco and its capital Guadalajara which is the cradle of many significant cultural traditions that most of us associate with that great country mariachi music tequila and charreada rodeos to name a few And Jalisco is Michael Hogan's intellectual inspiration for this bird's eye view of Mexico and elsewhere Hogan writes with deep affection for his adopted country mixed with an insider's keen interest about things Mexican The inexhaustible patience and forgiveness of the Mexican character is portrayed in many of his narratives in which life is lived largely in the slow lane but with a degree of dignity and grace that might help explain why so many North Americans choose to call Mexico home Come ride with us on the Bus From Hell to see Cuban dictator Fidel Castro and laugh at the drunken Santa Claus whose sleigh is damaged at the high school Christmas party Then feel the beat of the music as the Tigres del Norte give an all night concert in Guadalajara's immense Ro Nilo stadium squint through the eyepiece of a welder's helmet during a solar eclipse and squirm with uneasiness during a depression producing six day six night rainstorm Perhaps the strongest messages of this collection are those extolling the thoughts of Mexican diplomat and poet Octavio Paz in helping understand ourselves and those of environmentalist and writer Ed Abbey who tried to show all of us of all nationalities that if we want to save this world FOR ourselves we first have to save it FROM ourselves So follow Hogan as he examines his subjects from the lowest crawling insects that influence life in Jalisco as it is today to the two legged creatures of power that would change it forever I promise you won't regret it

Border Bandits Camilla Fojas, 2009-06-03 The southern frontier is one of the most emotionally charged zones in the United States second only to its historical predecessor and partner the western frontier Though they span many genres border films share common themes trace the mood swings of public policy and shape our cultural agenda In this examination Camilla Fojas studies how major Hollywood films exploit the border between Mexico and the United States to tell a story about U S dominance in the American hemisphere She charts the shift from the mythos of the open western frontier to that of the embattled southern frontier by offering in depth analyses of particular border films from post World War II Westerns to drug trafficking films to contemporary Latino a cinema within their historical and political contexts Fojas argues that Hollywood border films do important social work by offering a cinematic space through which viewers can manage traumatic and undesirable histories and ultimately reaffirm core American values At the same time these border narratives delineate opposing values and ideas Latino border films offer a critical vantage onto these topics they

challenge the presumptions of U S nationalism and subsequent cultural attitudes about immigrants and immigration and often critically reconstruct their Hollywood kin By analyzing films such as *Duel in the Sun* *The Wild Bunch* *El Norte* *The Border Traffic* and *Brokeback Mountain* Fojas demands that we reexamine the powerful mythology of the Hollywood borderlands This detailed scrutiny recognizes that these films are part of a national narrative comprised of many texts and symbols that create the myth of the United States as capital of the Americas

And Other Essays Michael Cohen, 2020-08-03 In this essay collection the sequel to his *A Place to Read* Michael Cohen presents the odd idea of the suicide note as a writing project that can be critiqued like any other describes encounters with illegal border crossers in south Texas and ponders the sudden popularity of books about atheism Books are a frequent subject here and Cohen makes an argument for *The Maltese Falcon* as the Great American Novel searches for the perfect Platonic nature handbook and compares playing golf to reading about it Reading is for him as engrossing a form of experience as any other say hitchhiking through the Southwest with an old friend the joys of flying small planes or the charm of studying ancient Greek while people watching at the gym all experiences chronicled here He looks back at the effect a 1956 collision of two airliners over the Grand Canyon had on him as a kid fond of flying and how he learned about the joys of good food during a wanderjahr in Europe Many of these essays begin with a question whether Americans deserve their reputation for materialism why we seem to have lost the climate change battle and whether talking to yourself might really be beneficial Another frequent topic is how our ideal places cannot avoid being bruised by time He looks at what happened as the Tucson bars of his college days closed or morphed into very different places He traces seasonal changes in the desert He notes what happens to its effect when a giant cross beside I 40 in Texas is joined by equally giant windmills And he takes a mind's eye tour through Paris's terrace cafés and their literary associations after the 2015 terrorist attack there
