

co interviene para examinar el estado de funcionamiento de la práctica administrativa; tiene derecho a obtener la información oportuna y puede pedir examinar la práctica junto con el oficio competente, fijando eventualmente un término para la regularización o el perfeccionamiento del procedimiento. Donde persistan irregularidades, insuficiencias, impedimentos que comporten violaciones del principio de eficiencia de la acción administrativa, sigue señalamiento al superior jerárquico para eventuales sanciones disciplinarias. Donde se verifique hipótesis de delito, sigue informe a la autoridad judicial y penal. Sobre los resultados de los cotejos actuados, además, se envían siempre relaciones semestrales o anuales al consejo regional.

El defensor cívico no tiene en esto particulares poderes de sanción respecto de la administración, pero, a través de la intervención en cada procedimiento, las indicaciones que puede enviar a la administración y las relaciones al consejo parece capaz de ejercer cierta influencia en la corrección de la acción administrativa regional.

[GIUSEPPE DE VERGOTTINI]

opinión pública

1. DEFINICIÓN. La o. pública lo es en un doble sentido: sea en el momento de su formación, porque no es privada y nace de un debate público, sea por su objeto, que es la cosa pública. En cuanto "opinión" siempre es opinable, cambia con el tiempo y puede ser objeto de disensión: de hecho, expresa más juicios de valor que juicios de hecho, que pertenecen a la ciencia y a los expertos. En cuanto "pública", o lo que es lo mismo perteneciente al ámbito o al universal político, habría que hablar de opiniones en plural, porque en el universal político no hay espacio para una sola verdad política, para una epistemocracia. La o. pública no coincide con la verdad, por lo mismo que es opinión, doxa y no epistémé, pero, en lo que se forma y afirma en el debate, expresa una actitud racional, crítica y bien informada.

La existencia de la o. pública es un fenómeno de la edad moderna: de hecho presupone una sociedad civil separada del estado, una sociedad libre y articulada, en la que hay centros que consienten la formación de opiniones no individuales, tales como los periódicos y las revistas, los clubes y los salones, los partidos y las asociaciones, la bolsa y el mercado, o sea un público de particulares asociados, interesados en controlar la política del gobierno, aunque no se desarrolle una actividad política inmediata.

Por eso la historia del concepto de o. pública coincide con la formación del estado moderno que, con el monopolio de la fuerza, le ha quitado a la sociedad corporativa todo carácter político, relegando al individuo a la esfera privada de la moral, mientras que la esfera pública o política queda por completo

Reclaiming and Reaffirming our Common Administrative Space Demetrios Argyriades, Gérard Timsit, 2013-03-14 With the financial meltdown and the economic crisis in their fifth year already no one can any longer be in doubt about their exceptional gravity their truly global impact and their profound effects hurting vulnerable groups and the very poor especially As the world looks for an exit from this economic crisis the worst in eight decades the focus of attention is naturally on the causes the factors that account for its wide reach and severity as well as on strategies that might bring it to a closure The quest for exit strategies is at the very centre of the issues and concerns explored in the present volume produced by the IIAS Like the preceding volumes but even more emphatically this volume representing a collective endeavour of scholars and practitioners from many parts of the globe finds cause to lay the blame for our difficult predicament on the institutional deficit the policies the practices and values that have followed in the trail of a highly misleading and erroneous model of governance The Market Model of Governance as it is known sought to reform the structures and culture of administration and government in private sector ways While instrumental values like efficiency and effectiveness were raised and praised profusely those of democratic governance were discounted by comparison In particular integrity the rule of law and due process equity legality and public service professionalism suffered a steep decline in several parts of the world Likewise the invasion and the capture of public space inevitably led to an unprecedented surge of greed abuse and corruption that contributed directly to the crisis which is upon us Looking for exit strategies as its title aptly suggests the present volume offers a rich menu of ideas drawn from the current experience of all the world's main regions Not surprisingly two concepts stand out throughout the book as necessary correctives as well as pressing remedies to the world's ongoing malaise They call for the recapture of our common administrative space and the reaffirmation of the values and virtues appropriate for democratic governance To the IIAS none perhaps are more important than public service professionalism and none other can contribute more effectively to the reform and consolidation of sound institutions for national sub national global and regional governance For these reasons at this juncture the new volume like the others should be featured in every public library and become a vademecum of all scholars and practitioners of public administration and politics around the world

El machismo invisible Marina Castañeda, 2019-10-15 No es necesario ser mujer para ser víctima del machismo ni hombre para ser machista. Ambos padecen las formas sutiles del machismo tan profundamente arraigadas que se han vuelto invisibles. Nueva edición. Incluye un capítulo sobre el movimiento MeToo. Casi dos décadas después de la primera publicación de *El machismo invisible* muchas cosas han cambiado. Cada vez se tolera menos la violencia contra las mujeres, la notoria desigualdad en sueldos y oportunidades y la escasa representación de las mujeres en diversos ámbitos. Asimismo con la aparición del movimiento MeToo sobre cuyos logros, contradicciones y deficiencias se incluye un nuevo capítulo en esta edición se ha dado una voz a las víctimas de acoso sexual largamente silenciadas y se ha conseguido atraer la luz pública sobre una forma de dominación masculina que hasta hace poco se sufría en silencio. Sin embargo las normas y los juegos de poder del machismo invisible siguen vigentes en la experiencia diaria de todos. Permean la relación entre hombres y mujeres en la comunicación, la vida emocional y sexual, la doble moral, las actitudes y los pequeños gestos, así como en la autoimagen y los roles de género de todos. En años recientes se ha recrudecido la reacción de quienes no sólo rechazan los avances del feminismo sino que intentan revertirlos. Figuras en el poder como Donald Trump, partidos de derecha y grupos religiosos en muchos países expresan abiertamente su misoginia y actúan en consecuencia para acotar los derechos conquistados por las mujeres en las últimas décadas. Ante un futuro incierto en el cual peligran los derechos de todos, Marina Castañeda nos ofrece una nueva y ampliada edición de esta obra que se ha convertido ya en un clásico. *Democracia, opinión pública y prensa* Calogero Pizzolo, 1997

Léxico de la política Varios, 2000 Selección de ideas y conceptos relacionados con el análisis político actual también cuestiona la vigencia de paradigmas sociales y políticos ya tradicionales profundizando en el verdadero significado e historia de términos como democracia, tolerancia, modernidad o ciudadanía.

¡VIVA NAPOLEÓN / MUERA BONAPARTE! Propaganda y opiniones contrastadas en el mundo hispanico (1798-1810) Carlos Gustavo Mejía Chávez, Despuntaba el siglo XIX cuando la imagen heroica de Napoleón Bonaparte se esparcía por España y América. Escritos, canciones, poemas y estampas evocaban al general invicto al artífice de la paz al gran estadista del mundo moderno. Pero la invasión a España en 1808 provocó la inversión de la propaganda. Una avalancha de textos dibujó a Napoleón como el gran traidor y tirano. El excelso emperador se disolvió en el Anticristo de Creciga, el aclamado moderador de la Revolución francesa fue calificado como hereje y ateísta. En Nueva España agitada por conspiraciones y movimientos revolucionarios, el rostro de Napoleón quiso verse reflejado en el espejo de Hidalgo y de los ideales de la independencia. A través del estudio de un inmenso repertorio de sermones, gacetas, estampas, libelos, satíricos y procesos judiciales, este libro nos permite apreciar la presencia contradictoria de Napoleón en las postrimerías de la Nueva

el caso mexicano y cómo no se otorga a su población protección de sus derechos sociales permitiendo que se presenten enormes deficiencias que impiden la realización de este Derecho Humano a la vez que se propicia un marco de discriminación y alteración del orden social. Así pues, según se desprende de la lectura de este libro, la figura del Ombudsman de la Vivienda puede ser un catalizador institucional y jurídico como órgano garante adecuado para dar cumplimiento a este Derecho Humano.
