*Astrology and the Rising of Kundalini* Barbara Hand Clow, 2013-09-02 Revised and updated edition of the classic astrology text on predicting and navigating life crises Provides charts for the transits of Saturn Uranus and Chiron now updated through 2050 to predict your personal growth cycles and timing of kundalini rising Shares tools to cope with the intensity of spiritual emergency and direct the kundalini energy released during planetary passages Includes a new preface by the author reflecting on 20 years

of success stories since the book's initial publication. No astrological chart needed to use this book. In this updated edition of *Liquid Light of Sex*, renowned astrologer and spiritual teacher Barbara Hand Clow explores the connection between life crises in your 30s, 40s, and 50s and the key astrological passages of Saturn, Uranus, and Chiron in your birth chart. She explains how kundalini energy, the liquid light of sex that lies at the base of the spine, is activated during these planetary transits, rising through the chakras and triggering the process of spiritual emergency and, in many cases, a cascade of health, emotional, and relationship problems as well as extreme anxiety. She shows that by understanding these astrological transits, you can be prepared for turbulent periods and successfully navigate them by creatively channeling the spiritual fire of kundalini. Clow provides astrological charts, now updated through 2050, for those born between 1930 and 2000, detailing the cycles of Saturn, Uranus, and Chiron so you do not need your birth chart to use this book. She explains how to use the charts to predict the onset and completion of each kundalini activation and corresponding crisis. She shares tools for individuals and therapists to cope with the intensity of spiritual emergency and too much fire energy, unblock the chakras, and integrate the power of kundalini for physical, emotional, and spiritual growth. Reflecting on 20 years of success stories since the book's initial publication, Clow presents a road map for using celestial cycles to navigate positively and productively in times of great life change.

**Luciferic Verses** Eric Cunningham, 2023-02-07 It is a significant, momentous fact that in the third millennium before Christ, an incarnation of Lucifer in the flesh actually took place in the east of Asia. And from this incarnation of Lucifer in the flesh, for this being became a teacher, there went forth what is described as the pre-Christian pagan culture that still survived in the gnosis of the earliest Christian centuries. Rudolf Steiner, *The Influences of Lucifer and Ahriman*. In the West today, Laozi, who lived sometime between the 6th and 4th centuries BC, is perhaps the best known, along with Confucius, ancient Chinese philosopher, owing to numerous modern renderings of his *Daodejing* or *Tao Te Ching*. Eric Cunningham relates the substance of Laozi's classic work to modern philosophers and thinkers, especially Rudolf Steiner and his esoteric cosmology and philosophy, drawing significant and surprising parallels and contrasts with regard to Steiner's modern path of inner development and to aspects of popular culture. In doing so, he also sheds light on the evolution of consciousness and the universality of Laozi's wisdom of more than two millennia ago. Cunningham combines a new translation of the Chinese classic *Daodejing* with a unique interpretation of the Dao for today, innovatively employing perspectives of Rudolf Steiner's Anthroposophy interwoven with esoteric world history. Inspirations for this singular reading of the *Daodejing* include the suggestion by contemporary esoteric scholars that the mythical Yellow Emperor of Chinese history was a human incarnation of the spirit called Lucifer in the West. This argument has been used to explain the ways in which demigods have inserted themselves into the earthly sphere to affect human evolution and history. This theory resonates with certain readings of Genesis 6 and the idea that fallen angels have penetrated the human world and promoted the establishment of ruling classes and elite bloodlines throughout history. *The Luciferic Verses* considers such claims from the perspective of esoteric history.

The author evaluates them on the basis of their convergence with kindred concepts including Zen enlightenment mysticism and the simulation hypothesis depicted in the Matrix films revealing the activities and historical implications of Gnosticism. He makes a bold case for this common thread in various consciousness only concepts of mind from Plato and the ancient Skeptics to Daoism Zen and even the idealism of the 1960s leading directly to postmodern hypotheses of digital consciousness. Today philosophers are exploring such topics as virtual reality and digital simulation as new ways of discussing the contours of reality suggested in the Daodejing. Rather than leading us to a more humanistic vision of reality as the Daoist scholars traditionally maintain, this theory of mind might be the root of a systematic anti humanist impulse that has operated throughout world history. The Luciferic Verses offers fresh perspectives on Laoze's classic guide to life and inner development, describing its relevance and meaning for today's cultural milieu and modern esoteric thought.

**The Order of Days** David Stuart, 2011-05-17 The world's foremost expert on Maya culture looks at 2012 hysteria and explains the truth about what the Maya meant and what we want to believe. *Apocalypse 2012: An Investigation into Civilizations End The World Cataclysm in 2012*. 2012 The return of Quetzalcoatl. According to many of these alarmingly titled books, the ancient Maya not only had a keen insight into the mystical workings of our planet and the cosmos but they were also able to predict that the world will end in the year 2012. David Stuart, the foremost scholar of the Maya and recipient of numerous awards for his work, takes a hard look at the frenzy over 2012 and offers a fascination and accurate trip through Mayan culture and belief. Stuart shows how the idea that the end of the Mayan calendar, which supposedly heralds the end of our own existence, says far more about our culture than about the ancient Maya. *The Order of Days* explores how the real intellectual achievement of ancient Maya timekeeping and worldview is far more impressive and remarkable than any of the popular and often outrageous claims about this advanced civilization. As someone who has studied the Maya for nearly all of his life and who specializes in reading their ancient texts, Stuart sees the 2012 hubbub as the most recent in a long chain of related ideas about Mesoamericans, the Maya in particular, that depicts them as somehow oddball, not of this world, or as having some strong mystical link to other realms. Because the year 2012 has no prominent role in anything the ancient Maya ever actually wrote, Stuart takes a wider look at the Maya concepts of time and their underlying philosophy as we can best understand them. The ancient Maya Stuart contends were worthy of study and admiration not because they were strange but because they were altogether human and they developed a compelling vision of time unlike any other civilization before or since.

[Missionary Practices and Spanish Steel](#) Andrew L. Toth, 2012-10 The work and ministries of the Roman Catholic friars who gave their lives both as martyrs for the cause of their church and in years of hard and often thankless labor are the inspiration and basis for *Missionary Practices and Spanish Steel*, a theological and practical narrative that seeks to remember and understand their accomplishments in Christian mission. **Transhumanism** David Livingstone,2015-09-02 Transhumanism is a recent movement that extols man s right to shape his own evolution by maximizing the use of scientific technologies to enhance human physical and intellectual potential While the name is new the idea has long been a popular theme of science fiction featured in such films as 2001 A Space Odyssey Blade Runner the Terminator series and more recently The Matrix Limitless Her and Transcendence However as its adherents hint at in their own publications transhumanism is an occult project rooted in Rosicrucianism and Freemasonry and derived from the Kabbalah which asserts that humanity is evolving intellectually towards a point in time when man will become God Modeled on the medieval legend of the Golem and Frankenstein they believe man will be able to create life itself in the form of living machines or artificial intelligence Spearheaded by the Cybernetics Group the project resulted in both the development of the modern computer and MK Ultra the CIA s mind control program MK Ultra promoted the mind expanding potential of psychedelic drugs to shape the counterculture of the 1960s based on the notion that the shamans of ancient times used psychoactive substances equated with the apple of the Tree of Knowledge And as revealed in the movie Lucy through the use of smart drugs and what transhumanists call mind uploading man will be able to merge with the Internet which is envisioned as the end point of Kabbalistic evolution the formation of a collective consciousness or Global Brain That

awaited moment is what Ray Kurzweil a director of engineering at Google refers to as The Singularity By accumulating the total of human knowledge and providing access to every aspect of human activity the Internet will supposedly achieve omniscience becoming the God of occultism or the Masonic All Seeing Eye of the reverse side of the American dollar bill
