to trace the film's development from conception to screen. Offering new insights into the design process in particular, she shows how *An American in Paris* established the cinematic template for a city with which Hollywood would become increasingly infatuated in the decades to follow. *The Frank Sinatra Film Guide* Daniel O'Brien, 2014-10-30. On *The Town*, *High Society*, *From Here to Eternity*, *The Man With the Golden Arm*, *Guys and Dolls*, *The Manchurian Candidate*, *Van Ryan's Express*. The films of Frank Sinatra are startling in their diversity and sheer range: Musicals, comedies, thrillers, war films, intense dramas, sagas of small town America. In *The Frank Sinatra Film Guide*, Daniel O'Brien provides detailed information on all of Sinatra's movies, co-stars, collaborators, and directors, and naturally, full details on all the musical numbers from the films. As well as reassessing Sinatra's contribution to a wide variety of screen genres, O'Brien restates the case for Sinatra as a major and innovative film actor. A true film star, even if he had never sung a note. **She Damn Near Ran the Studio** Jacqueline R. Braitman, 2020-10-19. Best known as the woman who ran MGM, Ida R. Koverman (1876-1954) served as talent scout, mentor, executive secretary, and confidante to American movie mogul Louis B. Mayer for twenty-five years. *She Damn Near Ran the Studio: The Extraordinary Lives of Ida R. Koverman* is the first full account of Koverman's life and the true story of how she became a formidable politico and a creative powerhouse during Hollywood's Golden Era. For nearly a century, Koverman's legacy has largely rested on a mythical narrative, while her more fascinating true life story has remained an enduring mystery until now. This story begins with Koverman's early years in Ohio and the sensational national scandal that forced her escape to New York, where she created a new identity and became a leader among a community of women. Her second incarnation came in California, where she established herself as a hardcore political operative, challenging the state's progressive impulse. During the Roaring Twenties, she was a key architect of the Southland's conservative, female-centric partisan network that refashioned the course of state and national politics and put Herbert Hoover in the White House. As the political boss of Los Angeles County, she was the premiere matchmaker in the courtship between Hollywood and national partisan politics, which, as Mayer's executive secretary, was epitomized by her third incarnation as one of the most formidable women in Hollywood, whose unparalleled power emanated from her unique perch inside the executive suite of Metro-Goldwyn-Mayer. Free to adapt her managerial skills and political know-how on behalf of the studio, she quickly drew upon her artistic sensibilities as a talent scout, expanding MGM's catalog of stars and her own influence on American popular culture. Recognized as one of the invisible power centers in both MGM and the city of Los Angeles, she nurtured the city's burgeoning performing arts by fostering music and musicians and the public financing of them. As the lioness of MGM royalty, Ida Koverman was not just a naturalized citizen of the Hollywood kingdom; at times during her long reign, she damn near ran the studio. *Discovering Musicals* Marc Raymond Strauss, 2019-07-02. Resounding International Relations M.I. Franklin, 2016-09-23 This book explores a provocative area of inquiry for critical theory and research into world politics and popular culture music Not just because political science barely engages with anything musical but also because it is clear that many opportunities for critical scholarship and reflection on global politics and economics are present in the spaces and relationships created by organized sound It is easy to focus on the textual elements of music but there is more at stake than just the words Critical reflection on the intersections between music and politics also need to take into account the visceral and non verbal elements such as counterpoint and harmony polyphony and dissonance noise rhymes rhythms performance and the visual aural dimensions to music making

A Little Solitaire Murray Pomerance, R. Barton Palmer, 2011 Think about some commercially successful film masterpieces *The Manchurian Candidate* *Seven Days in May* *Seconds* Then consider some lesser known yet equally compelling cinematic achievements *The Fixer* *The Gypsy* *Moths Path to War* These triumphs are the work of the best known and most highly regarded Hollywood director to emerge from live TV drama in the 1950s five time Emmy award winner John Frankenheimer Although Frankenheimer was a pioneer in the genre of political thrillers who embraced the antimodernist critique of contemporary society some of his later films did not receive the attention they deserved Many claimed that at a midpoint in his career he had lost his touch World renowned film scholars put this myth to rest in *A Little Solitaire* which offers the only multidisciplinary critical account of Frankenheimer's oeuvre Especially emphasized is his deep and passionate engagement with national politics and the irrepressible need of human beings to assert their rights and individuality in the face of organizations that would reduce them to silence and anonymity

CinemaTexas Notes Louis Black, Collins Swords, 2018-02-26 Austin's thriving film culture renowned for international events such as SXSW and the Austin Film Festival extends back to the early 1970s when students in the Department of Radio Television Film at the University of Texas

at Austin ran a film programming unit that screened movies for students and the public Dubbed CinemaTexas the program offered viewers a wide variety of films old and new mainstream classic and cult at a time when finding and watching films after their first run was very difficult and prohibitively expensive For each film RTF graduate students wrote program notes that included production details a sampling of critical reactions and an original essay that placed the film and its director within context and explained the movie's historical significance Over time CinemaTexas Program Notes became more ambitious and were distributed around the world including to luminaries such as film critic Pauline Kael This anthology gathers a sampling of CinemaTexas Program Notes organized into four sections USA Film History Hollywood Auteurs Cinema First Renegade Talents and America's Shadow Cinema Many of the note writers have become prominent film studies scholars as well as leading figures in the film TV music and video game industries As a collection CinemaTexas Notes strongly contradicts the notion of an effortlessly formed American film canon showing instead how local film cultures whether in Austin New York or Europe have forwarded the development of film studies as a discipline

It's So French! Vanessa R. Schwartz, 2007-12-15 The recent history of cultural exchange between France and the United States would appear to be defined by freedom fries and boycotts against Beaujolais or on the other side of the Atlantic by enraged farmers toppling statues of Ronald McDonald But this dismal state of affairs is a long way from the mutual admiration that followed World War II epitomized in a 1958 cover of Look magazine that declared Brigitte Bardot conquers America It's So French explores the close affinity between the French and American film industries that flourished in the postwar years breaking down myths of American imperialism and French cultural protectionism while illuminating the vital role that cinema has played in the globalization of culture Hollywood was once enamored with everything French and this infatuation blossomed in a wildly popular series of films including An American in Paris Gigi and Funny Face Schwartz here examines the visual appeal of such films and then broadens her analysis to explore their production and distribution probing the profitable influences that Hollywood and Paris exerted on each other This exchange moved beyond individual films with the sensational spectacle of the Cannes Film Festival and the meteoric career of Brigitte Bardot And in turn their success led to a new kind of film that celebrated internationalism and cultural hybridity Ultimately Schwartz uncovers an intriguing paradox that the road to globalization was paved with nationalist clichés and thus films beloved for being so French were in fact the first signs of a nascent cosmopolitan culture Packed with an array of colorful film stills publicity photographs paparazzi shots ads and never before seen archival images It's So French is an incisive account of the fertile collaboration between France and the United States that expanded the geographic horizons of both filmmaking and filmgoing forever changing what the world saw and dreamed of when they went to the movies

Camp TV Quinlan Miller, 2019-04-04 Sitcoms of the 1950s and 1960s are widely considered conformist in their depictions of gender roles and sexual attitudes In Camp TV Quinlan Miller offers a new account of the history of American television that explains what campy meant in practical sitcom terms in shows as iconic as

The Dick Van Dyke Show as well as in more obscure fare such as The Uglyest Girl in Town Situating his analysis within the era's shifts in the television industry and the coalescence of straightness and whiteness that came with the decline of vaudevillian camp Miller shows how the sitcoms of this era overflowed with important queer representation and gender nonconformity Whether through regular supporting performances Ann B Davis's Schultz in The Bob Cummings Show guest appearances by Paul Lynde and Charles Nelson Reilly or scripted dialogue and situations industry processes of casting and production routinely esteemed a camp aesthetic that renders all gender expression queer By charting this unexpected history Miller offers new ways of exploring how supposedly repressive popular media incubated queer genderqueer and transgender representations
