studios every Mary Pickford new release in 1914 was met with a Pickford re release For 50 years after the Silent Era reissues were a battle between the studios who considered old movies found money and cinema owners who often saw audiences reject former box office hits In the mid 1960s the return of The Bridge on the River Kwai 1957 the second biggest reissue of all time altered industry perceptions and James Bond double features pushed the revival market to new heights In the digital age reissues have continued to confound the critics This is the untold hundred year story of how old movies saved new Hollywood Covering the booms and busts of a recycling business that became its own industry the author describes how the likes of Charlie Chaplin Humphrey Bogart and Alfred Hitchcock won over new generations of audiences and explores the lasting appeal of films like Napoleon 1927 Gone with the Wind 1939 The Rocky Horror Show 1975 and Blade Runner 1982 **The Video Movie Guide to the present Following a straightforward chronology corresponding to specific periods of film industry history each chapter describes how successive managements adjusted their production strategies and business practices in response to evolving industrial and market conditions As the production subsidiary of the Loew s Inc theatre chain MGM spent lavishly on its pictures and injected them with plenty of star power The practice helped sustain MGM s preeminent position during the heyday of Hollywood But MGM was a conservative company and watched as other studios innovated with sound and widescreen adjusted to television and welcomed independent producers By the 1960s the company sans its theatre chain was in decline and was ripe for a takeover A defining moment occurred in 1969 when Kirk Kerkorian a Las Vegas entrepreneur made a successful bid for the company There followed a tumultuous thirty six year period when Kerkorian bought and sold MGM three times Meanwhile MGM never regained its former status and has functioned as a second tier company to this day Focusing on MGM s top talent such as Louis B Mayer Irving Thalberg David O Selznick and Arthur Freed directors King Vidor and Vincente Minnelli and stars of the screen Greta Garbo Judy Garland Clark Gable and Mickey Rooney and award winning films this book highlights the studio's artistic achievements and status within the industry Turner Classic Movies Presents Leonard Maltin's Classic Movie Guide Leonard Maltin, 2015-09-29 The definitive guide to classic films from one of America's most trusted film critics don t exist in a vacuum Each MGM movie is a tiny piece of a large colorful although often black and white guilt with threads tying it into all of the rest of that studio s product going forward yes but also backward and horizontally and three dimensionally across its entire landscape Not necessarily a best of compilation this book discusses the films that for one reason or another and not all of them good ones changed the trajectory of MGM and the film industry in general from the revolutionary use of Cinerama in 1962 s How the West Was Won to Director Alfred Hitchcock s near extortion of the profits from the 1959 hit thriller North by Northwest And there are the studio s on screen self shoutouts to its own past or stars in films like Party Girl 1958 the That's Entertainment series Garbo Talks 1984 Rain Man 1955 and De Lovely 2004 or the studio's acquisition of other successful franchises such as James Bond But fear not what we consider MGM s classic films all get their due here often with a touch of irony or fascinating anecdote Singin in the Rain 1952 for example was in its day neither a financial blockbuster nor critically acclaimed but rather an excuse for the studio to reuse some old songs it already owned The Wizard of Oz 1939 cost almost as much to make as Gone With the Wind also 1939 and took ten years to recoup its costs But still the MGM mystique endures Like the popular Netflix series The Movies that Made Us this is a fascinating look behind the scenes of the greatest and at times notorious films ever made **Dialogue on Film**, 1973 Transcriptions of
