M. Langley,2013-07-02 This is the true story of the men behind the great escapes from Europe of WWII      MI9 MRD Foot,2020-02-11 Many of the most famous escapes in history took place during the Second World War These daring flights from Nazi occupied Europe would never have been possible but for the assistance of a hitherto secret British service MI9 This small dedicated and endlessly inventive team gave hope to the men who had fallen into enemy hands and aid to resistance fighters in occupied territory It sent money maps clothes compasses even hacksaws and in return coded letters from the prisoner of war camps and provided invaluable news of what was happening in the enemy s homeland Understaffed and under resourced MI9 nonetheless made a terrific contribution to the Allied war effort First published in 1979 this book tells the full inside story of an extraordinary organisation      **MI 9** Michael R. D. Foot,James M. Langley,1975      MI9 Michael R. D. Foot,2011      **MI 9** Michael R. D. Foot,James M. Langley,1979      **MI 9: the British Secret Service that Fostered Escape and Evasion, 1939-1945, an Its American Counterpart** Michael Richard Daniel Foot,      MI9 Helen Fry,2020-10-27 A thrilling history of MI9 the WWII organization that engineered the escape of Allied forces from behind enemy lines When Allied fighters were trapped behind enemy lines one branch of military intelligence helped them escape MI9 The organization set up clandestine routes that zig zagged across Nazi occupied Europe enabling soldiers and airmen to make their way home Secret agents and resistance fighters risked their lives and those of their families to hide the men Drawing on declassified files and eye witness testimonies from across Europe and the United States Helen Fry provides a significant reassessment of MI9 s wartime role Central to its success were figures such as Airey Neave Jimmy Langley Sam Derry and Mary Lindell one of only a few women parachuted into enemy territory for MI9 This astonishing account combines escape and evasion tales with the previously untold stories behind the establishment of MI9 and reveals how the organization saved thousands of lives      *The Hidden Army - MI9's Secret Force and the Untold Story of D-Day* Matt Richards,2018-07-05 Almost seventy five years ago MI9 dreamt up the most audacious escape and evasion plan of World War Two Formulated by Airey Neave one of the first men ever to escape from Colditz this plan was one of subterfuge concealment and deception on a scale never seen before With numerous downed RAF and Allied pilots on the run in Europe and with the fabled Comete Escape Line having been infiltrated by double agents Neave s plan was to hide these men right under the very noses of the Nazis rather than risk repatriation Choosing a forest in the heart of France right next to one of the German Army s largest ammunition bases Neave Belgian agents and the French Resistance would secretly transport and hide Allied pilots and soldiers within feet of the enemy

Nobody thought it would work but such was the success of the secret camp that a whole community of over one hundred and fifty Allied escapers lived within the forest for three months in the run up to D Day Despite numerous close shaves they were never discovered and this outrageous plan brilliant in its simplicity saw the Allied evaders make their home in the forest cooking and hunting to survive and even setting up a golf course in the forest using branches for clubs without discovery This operation remained absolutely secret to the point that the inhabitants of the villages surrounding the forest were unaware until the end of the existence of that allied force so close to them Told through interviews with evaders members of the Resistance and the children charged with smuggling food into the forest this book tells the compelling story of one of the most audacious operations in World War Two A story that has until today remained as secret as the Hidden Army of Freteval

**Kill the Fuhrer** Denis Rigden,2011-11-08 During the Second World War Britain s top secret Special Operations Executive plotted to assassinate Hitler A small department of SOE known as Section X had the tantalisingly complex task of investigating how when and where their plan could be executed The section also plotted the killing of Goebbels Himmler and other selected members of Hitler s inner circle Only Section X and a handful of other SOE staff had any knowledge of these projects codenamed Operation Foxley and Operation Little Foxleys As history has shown these schemes turned out to be pipe dreams Even so Section X renamed the German Directorate in 1944 made a huge contribution to the Allied war effort through their organised sabotage and clandestine distribution of black propaganda Denis Rigden describes Section X s efforts to discover as much as possible about the intended assassination targets and questions whether a successful Operation Foxley would have helped or hindered the Allied cause Based on top secret documents and private sources and illustrated with archive photographs Kill the Fuhrer is an intriguing insight into the shadowy world of Britain s wartime secret services
