Mi Querido Rafa:

Rolando Hinojosa Klaus Zilles, 2001 The first comprehensive interpretation of the work of a major figure in Chicano literature Klaus Zilles's study of the fourteen novels in Rolando Hinojosa's Klail City Death Trip series will appeal equally to the specialist to the student and to the interested reader of Hinojosa's intriguing and innovative Tejano novels The series is dedicated to revealing the suppressed oral history of Mexican Texas and to making the reader a companion on a quest for this elusive history Published between 1973 and 1998 the Klail City series ranges in historical time from the mid 1700s to the end of the twentieth century attesting to 250 years of Spanish Mexican presence in the Lower Rio Grande Valley of Texas The main body of Hinojosa's series however is set in fictitious Belken County located on the U S Mexico border and charts the lives of Hinojosa's two protagonists Rafe Buenrostro and his cousin Jeh Malacara two men raised in the rigidly segregated world of a South Texas farming community The Klail City series constitutes a truly novel approach to the novel each installment in the cycle differs from the one before it in genre the adult Buenrostro becomes a police detective and appears in several mystery novels in narrative style one novel is written entirely in verse while another takes epistolary form or in language Hinojosa writes in Spanish in English in Chicano idiom and in mixtures of all three Zilles' accomplishment is to provide a critical guide to the complicated fictional world that Hinojosa creates By showing the profusion of forms and styles Hinojosa deploys Zilles reveals the true dimensions of Hinojosa's design What makes Zilles so refreshing is his style He writes in a language accessible to the average reader His work is solid informative thoughtful and useful I recommend it highly Juan Bruce Novoa Harvard University

Chicano Satire Guillermo Hernandez, 2014-07-24 Geographically close to Mexico but surrounded by Anglo American culture in the United States Chicanos experience many cultural tensions and contradictions Their lifeways are no longer identical with Mexican norms nor are they fully assimilated to Anglo American patterns Coping with these tensions knowing how much to let go of how much to keep is a common concern of Chicano writers who frequently use satire as a means of testing norms and deviations from acceptable community standards In this groundbreaking study Guillermo Hernandez focuses on the uses of satire in the works of three authors Luis Valdez Rolando Hinojosa and Jos Montoya and on the larger context of Chicano culture in which satire operates Hernandez looks specifically at the figures of the pocho the assimilated Chicano and the pachuco the zoot suiter or urbanized youth He shows how changes in their literary treatment from simple ridicule to more understanding and respect reflect the culture's changes in attitude toward the process of assimilation Hernandez also offers many important insights into the process of cultural definition that engaged Chicano writers during the 1960s and 1970s He shows how the writers imaginatively and syncretically formed new norms for the Chicano experience based on elements from both Mexican and United States culture but congruent with the historical reality of Chicanos With its emphasis on culture change and creation *Chicano Satire* will be of interest across a range of human sciences

Family, Friends and Foes Debra D. Andrist, 2018-11-01 Jigsaw puzzles notorious complexity and mega multiple amorphously shaped pieces provide an appropriate metaphor for the navigating and maneuvering necessary throughout all aspects of human dynamics Involvement comprises not only efforts by an individual personally trying to fit together a life of relationships with Family Friends Foes within complex categories and different levels but the efforts by groups of individuals within those categories progressively by those groups within a larger society and or societies and then across so many so called boundaries geographic ethnic linguistic artistic and more Such is the starting point for this particular collection of essays which focuses on the human dynamics in cultures characterized mostly linguistically as Hispanic worlds and those cultures both in real life and in terms of cultural productions such as movies visual art and literature Unlike jigsaw puzzles with their convenient guiding box cover representation of the finished product once the pieces are correctly assembled human dynamics pieces are more like amoebas ever changing size and shape multiplying and dividing sometimes fitting in with other pieces sometimes not sometimes overlapping in short frequently unpredictable and always challenging for the would be assembler s Thus the title of this book could easily morph ad infinitum with the three elements of Family Friends Foes reflecting an enormous and unwieldy range of relationship emotion and viewpoint Mixed messages abound And as can be seen from the individual chapter titles and content so called successful relationships may be fleeting or unattainable or may match the imagined hoped for picture of a working relationship dynamic
