**What Falls Away** Mia Farrow, 2018-05-15 NEW YORK TIMES BESTSELLER A simply elegant memoir Newsweek In this exquisitely written memoir Mia Farrow takes us on a journey into her remarkable life As the daughter of actress Maureen O Sullivan and film director John Farrow she lived what was by all appearances a charmed and privileged childhood But below the surface money troubles marital tensions drinking and occasionally violence marred the Hollywood illusion And when Mia was nine she would be forever wrenched from childhood by the terrible isolation of a bout with polio Her father's death propelled her out into the world where she embarked onto an acting career that included television theater and film from her debut in Peyton Place to her first starring role in Rosemary's Baby and on to her thirteen films with Woody Allen Here is a luminous memoir of childhood and motherhood a thoughtful exploration of a spiritual journey and a candid examination of her marriages to Frank Sinatra and Andr Previn and her close but troubled twelve year relationship with Woody Allen Told with grace and deep understanding as well as humor What Falls Away is an unforgettable book an extraordinary record of an extraordinary life

In the Limelight and Under the Microscope Diane Negra, Su Holmes, 2011-03-17 This timely collection explores the politics of female celebrity across a range of contemporary and historical media contexts Amidst concerns about the apparent decline in the currency of modern fame famous for being famous as well as debates about the shifting parameters of public private visibility it is female celebrities who are positioned as the most active discursive terrain This collection seeks to interrogate such phenomena by forging a greater conceptual theoretical and historical dialogue between celebrity studies and critical gender studies It takes as its starting point the understanding that female celebrity is a particularly fraught cultural phenomenon with ideological and industrial implications that warrant careful scrutiny In moving across case studies from the 19th century to the present day this book works from the assumption that the case study should play a crucial role in generating debate about the dialogue between past and present and the individual essays seek to reflect this spirit of enquiry
