**The Turn to Gruesomeness in American Horror Films, 1931-1936** Jon Towlson, 2016-09-27

Critics have traditionally characterized classic horror by its use of shadow and suggestion. Yet the graphic nature of early 1930s films only came to light in the home video DVD era. Along with gangster movies and sex pictures, horror films drew audiences during the Great Depression with sensational content. Exploiting a loophole in the Hays Code which made no provision for on screen gruesomeness, studios produced remarkably explicit films that were recut when the Code was more rigidly enforced from 1934. This led to a modern misperception that classic horror was intended to be safe and reassuring to audiences. The author examines the 1931 to 1936 happy ending horror in relation to industry practices and censorship. Early works like *Murders in the Rue Morgue* 1932 and *The Raven* 1935 may be more akin to *The Texas Chain Saw Massacre* 1974 and *Hostel* 2005 than many critics believe.
