### **Mib President And The Trail Of Clues:**

*Out of Time Detectives* J. Howard Allen, 2017-02-12 Max Alexandra and Peter aren't going to rest until they figure out what happened during the assassination of an American president. The only problem: The assassination they are investigating happened over a hundred years ago. The three amateur sleuths soon find themselves traveling through time back to the suspicious murder of President Garfield. They discover themselves following a trail of clues and suspense from President McKinley's assassination to the assassinations of President Garfield and President Lincoln. Max Alexandra and Peter travel from the alleys of DC to the shores of the South encountering a nefarious collection of sinister characters. From drug smugglers to a chance encounter with John Wilkes Booth, Max Alexandra and Peter realize that history is still very much alive. This thrilling follow-up to *Conspiracy to Murder* immerses you within the rich and shadowy past of some of America's most exciting chapters of history. Will the three unearth a connection between the assassinations, a secret that history has long since tried to bury? *Out of Time Detectives: Trail of the Dead Presidents* is rich with historical innovation and suspense, reminding us that history is still being written and it's up to these detectives to follow its dangerous trail.
