Michael Bullock Selected Works 19361996:

The Vital Art of D.H. Lawrence Jack Stewart,1999 D H Lawrence asserts Jack Stewart expresses a painter s vision in words supplementing visual images with verbal rhythms With the help of twenty three illustrations Stewart shows how Lawrence s style relates to impressionism expressionism primitivism and futurism Stewart examines Lawrence s painterly vision in *The White Peacock* *Sons and Lovers* *The Rainbow* *Women in Love* *Kangaroo* and *The Plumed Serpent* Stewart s final three chapters deal with the influence exerted on Lawrence s fiction by the work of Van Gogh Cezanne Gauguin and the Japanese artists Hokusai and Hiroshige He concludes by synthesizing the themes that pervade this interarts study vision and expression art and ontology *Selected Works, 1936-1996* Michael Bullock,1998 *The Writers Directory 2008* Michelle Kazensky,2007-06 Features bibliographical biographical and contact information for living authors worldwide who have at least one English publication Entries include name pseudonyms addresses citizenship birth date specialization career information and a bibliography *Index de Périodiques Canadiens* ,1964 **The Concise Oxford Companion to Canadian Literature** William Toye,2001 The concise version of the critically acclaimed second edition of *The Oxford Companion to Canadian Literature* offers all the authority of the original in a smaller more affordable format Entries have been updated and over sixty new entries have been added making it an indispensable resource **The Cumulative Book Index** ,1999 **Book Review Index** ,2003 Every 3rd issue is a quarterly cumulation Photography Michelle Henning,2023-01-06 We live in a time in which photographs have become extraordinarily mobile They can be exchanged and circulated at the swipe of a finger across a screen The digital photographic image appears and disappears with a mere gesture of the hand Yet this book argues that this mobility of the image was merely accelerated by digital media and telecommunications Photographs from the moment of their invention set images loose by making them portable reproducible projectable reduced in size and multiplied The fact that we do not associate analogue photography with such mobility has much to do with the limitations of existing histories and theories of photography which have tended to view photographic mobility as either an incidental characteristic or a fault *Photography The Unfettered Image* traces the emergence of these ways of understanding photography but also presents a differently nuanced and materialist history in which photography is understood as part of a larger development of media technologies It is situated in much broader cultural contexts caught up in the European colonial ambition to grasp the world and in the development of a new artificial second nature dependent on the large scale processing of animal and mineral materials Focussing primarily on Victorian and 1920s 30s practices and theories it demonstrates how photography was never simply a technology for fixing a fleeting reality *Cumulated Index to the Books* ,1999 **The Writers Directory** ,2004 □□□ Michael Bullock,2005 **International Who's Who in Poetry 2004** Europa Publications,2003 Provides up to date profiles on the careers of leading and emerging poets **Latin American Popular Culture** Elia Geoffrey Kantaris,Rory O'Bryen,2013 Explores a wide range of cultural phenomena to
