JG Myers

Oxford The Novel By Bellingham Leo:

Oxford in English Literature John Dougill, 1998 As the English Athens Oxford has long been seen as central to England's intellectual life For over six centuries the city has been lauded slighted and cited in the pages of English literature While it has been hailed as the embodiment of excellence beauty and truth on the one hand it has also been attacked for its elitism insularity and traditionalism on the other Oxford in English Literature provides for the first time an overview of these literary representations ranging from Chaucer's account of medieval students to modern day detective stories set in the city The book begins with the early university possibly founded by an eighth century princess named Frideswide The volume moves on through the Middle Ages with Chaucer's clerks and Foxe's martyrs Oxford in English Literature touches on more recent centuries with Lewis Carroll and Alice in Wonderland Matthew Arnold Max Beerbohm and Evelyn Waugh and the Infamous St Oscar Following the rise of the colleges the literature becomes characterized by a sense of insulation for the closed collegiate structure led to elitism and eccentricity The notion of the university as a paradise of youth beauty and intelligence led to the so called Oxford myth and the backlash against it after World War II The underlying argument of John Dougill's work is that the defining symbol of Oxford is not so much the dreaming spire as the college wall In Oxford literature the college is depicted as a world of its own secluded conservative and eccentric driven by its own rituals Idealized it becomes a cloistered utopia an Athenian city state a fantasy wonderland or an Arcadian idyll Exclusivity led to resentment from those on the outside as is evident in Thomas Hardy's Jude the Obscure With the advent of democratic and egalitarian values in the twentieth century the privilege and elitism of the university has come under increasing attack as has the whole notion of the English Athens Oxford in English Literature is aimed at the general reader interested in the literature and history of a very unusual town Its familiar subject and the inclusion of numerous rare and specially commissioned illustrations and photographs make this a compelling book John Dougill is Associate Professor of English Literature Ryukoku University Kyoto Japan He is an Oxford graduate and author of The Writers of English Literature

Revolutionizing Women's Education at the University of Oxford Dennis A. Ahlburg, 2024-11-26 This book delves into the impacts and consequences of the policy of co residence at the University of Oxford investigating why and how women were kept at the periphery of the university and how Oxford responded to the growing demand for women's higher education The book further examines how the admittance of women into men's colleges and vice versa ultimately shaped the identities of both the University and the student population The author draws upon identity theory to explain the existence and persistence of single sex colleges at the University and the theory of social epidemics or cascades is used to explain the rapid embrace of co residence by the remaining men's colleges after its adoption by the first five men's colleges In addition the author uses both quantitative and qualitative approaches to evaluate claims about the impact of co residence on undergraduate women women dons and women's colleges Unearthing and providing a sustained and in depth analysis of a quiet yet revolutionary undertaking at one

of the world's most renowned institutions it will appeal to scholars faculty and upper level students with interests in gender in education educational inclusion and diversity history of education international education as well as sociology of education and social theory **University Fiction** ,2024-01-15 [Ancient Cultures of Conceit](#) Ian Carter,2019-10-08 The campus novel is one of the best loved forms of fiction in the post war period But what are its characteristic themes What are its prejudices And what does it take for granted Originally published in 1990 this is the first study to connect literary historical and sociological aspects of modern British universities It shows that the culture celebrated in British university fiction represents a particular view of humane education which has its origins in the values of Oxbridge Threats are seen to come from the redbrick and new universities from proletarians scientists including sociologists women and foreigners This exhilarating book makes a nonsense of sociology's reputation for turgid and plodding analysis Sharp witted shrewd and penetrating it will be of interest to students of sociology literature and for the same wide audience that appears to have an insatiable appetite for stories about university life *The Bibliography of Regional Fiction in Britain and Ireland, 1800-2000* Keith D. M. Snell,2017-03-02 Pioneering and interdisciplinary in nature this bibliography constitutes a comprehensive list of regional fiction for every county of Ireland Scotland Wales and England over the past two centuries In addition other regions of a usually topographical or urban nature have been used such as Birmingham and the Black Country London The Fens the Brecklands the Highlands the Hebrides or the Welsh border Each entry lists the author title and date of first publication The geographical coverage is encompassing and complete from the Channel Islands to the Shetlands An original introduction discusses such matters as definition bibliographical method popular readerships trends in output and the scholarly literature on regional fiction **Women's University Fiction, 1880-1945** Anna Bogen,2015-10-06 The rise of the middle classes brought a sharp increase in the number of young men and women able to attend university Developing in the wake of this increase the university novel often centred on male undergraduates at either Oxford or Cambridge Bogen argues that an analysis of the lesser known female narratives can provide new insights *Whitaker's Cumulative Book List* ,1981

National Union Catalog ,1982 **El síndrome del lector** Elena Rius,2017-09-01 El síndrome del lector no es una enfermedad que venga resaca en ningún manual de medicina pero ha sido descrita con frecuencia en la literatura Es imposible pasar por alto sus síntomas el enfermo lee y lee sin medida llueva o haga sol de día o de noche en la salud o en la enfermedad Los afectados sin embargo no creen estar realmente enfermos ya que leer es para ellos algo tan necesario y tan natural como respirar Son personas que en su maleta incluyen más libros que ropa y para las que el plan perfecto de un sábado por la tarde es ir de librerías Gente ya lo ven que no tiene remedio Y es que si alguien inventase un remedio para curar este síndrome ninguno de los enfermos querrá tomarlo Los textos que componen este volumen tratan de ellos y lo hacen desde el conocimiento más profundo pues la autora padece una variedad aguda de este síndrome En él se estudia desde todos los ángulos posibles a los lectores la propia lectura y una de las consecuencias más frecuentes del síndrome del lector la
