Radical Novel In The United States:

"The" Radical Novel in the United States 1900-1954 Walter Bates Rideout, 1970 *Political Fiction and the American Self* John Whalen-Bridge, 1998 Examining political novels that have achieved or been denied canonical status John Whalen Bridge demonstrates how Herman Melville Jack London Norman Mailer Ralph Ellison Toni Morrison and Margaret Atwood have grappled with the problem of balancing radicalism and art He shows that some books are more political than others that some political novelists are more skillful than others and that readers must allow for basic working distinctions between politics and aesthetics if we are to make useful judgments about which political novels to read and why Whalen Bridge demonstrates with clarity and power that the American political novel should not be ostracized but celebrated as a genre equal or superior to poetic and aesthetic ones Tobin Siebers author of Cold War Criticism and the Politics of Skepticism

The Radical Novel in the United States, 1900-1954, Some Interrelations of Literature and Society. Walter B. Rideout Walter B. Rideout, 1956 **The Radical Novel in the United States 1900-1954 Some Interactions of Literature and Society** B. Ride Out Walter, 1965 **The Radical Novel in the United States, 1900-1954** Walter B. Rideout, 1956 **The Modern American Political Novel** Joseph Blotner, 2014-06-30 Politics the workings of government and of people in government has long been a fertile field for exploration by the novelist The political arena offers many examples of conflict between individuals groups or the individual and the group or within the individual It is natural then that a sizable body of fiction has grown up using politics as a main source of action In this study Joseph Blotner attempts to discover the image of American politics as presented in American novels over a sixty year span His major discussion is limited to 138 novels dealing directly with candidates officeholders party officials or individuals performing political acts as they are conventionally understood He also refers to nineteenth century predecessors European analogues or other twentieth century American novels as they bear on his discussions Blotner gives a thorough examination of certain archetypal figures the young hero the political boss and the Southern demagogue which appear in central or subordinate positions in the action of many political novels He finds that the novels reflect certain major movements or upheavals in the political history of the United States or the world in particular fascism and McCarthyism and that they also give the political aspects of universal attitudes or problems corruption disillusionment reaction and the role of women and of the intellectual The author presents a detailed analysis of each of these subjects prefacing each analysis by a survey of the historical background out of which the fiction grew and including a brief and often pungent assessment of the literary merits of each novel discussed He also surveys a large body of political fiction which cuts across all of these categories the novel of the future both utopian and apocalyptic The Modern American Political Novel will be of great interest to the student of twentieth century literature the political scientist the sociologist and even the practicing politician will also find its analyses useful and illuminating **Class Issues** Amitava Kumar, 1997-08 On the challenges of progressive pedagogy **A Class of Its Own** Laura Hapke, Lisa A.

Kirby, 2009-01-14 A Class of Its Own positions important and rediscovered American social protest authors within both a scholarly and student centered context The volume draws on the expertise and pedagogy of established and younger scholars who move gracefully from theories of what makes a text working class to how studies of class empower college teachers and courses Among the authors discussed in the volume s essays and prominent in the book s syllabi section are Zora Neale Hurston Stephen Crane Agnes Smedley and Ana Castillo Josephine Herbst's Short Fiction Barbara Wiedemann, 1998 A native of Iowa and long time resident of Pennsylvania Josephine Herbst 1892 1969 well known and highly regarded in the 1930s was the author of seven novels twenty seven short stories a biography and numerous journal and newspaper articles In the current study the first on Herbst s short fiction the author provides a critical discussion of each of Herbst s stories including relevant biographical and historical data Writers and Partisans James Burkhart Gilbert, 1992 As the primary source for important political and literary ideas from its founding in 1934 until the post World War II era the Partisan Review is a useful guide to the changing nature of 20th century American socialism James Gilbert uses the Partisan Review Masses and Seven Arts to show how avant garde literature became identified with radical politics and art and how literary radicalism matured beyond the confines of Marxist philosophy and literary criticism *Robert Cantwell and the Literary Left* T. V. Reed, 2014-06-01 Robert Cantwell and the Literary Left is the first full critical study of novelist and critic Robert Cantwell a Northwest born writer with a strong sense of social justice who found himself at the center of the radical literary and cultural politics of 1930s New York Regarded by F Scott Fitzgerald and Ernest Hemingway as one of the finest young fiction writers to emerge from this era Cantwell is best known for his superb novel The Land of Plenty set in western Washington His literary legacy however was largely lost during the Red Scare of the McCarthy era when he retreated to conservatism Through meticulous research an engaging writing style and a deep commitment to the history of American social movements T V Reed uncovers the story of a writer who brought his Pacific Northwest brand of justice to bear on the project of reworking American literature to include ordinary working people in its narratives In tracing the flourishing of the American literary Left as it unfolded in New York Reed reveals a rich progressive culture that can inform our own time Literature and Politics Today M. Keith Booker, 2015-03-10 Focusing on the intersection of literature and politics since the beginning of the 20th century this book examines authors historical figures major literary and political works national literatures and literary movements to reveal the intrinsic links between literature and history Literary works have often engaged political issues and many political writings give close attention to literary concerns This encyclopedia explores the complex relationship between literature and politics through detailed entries written by expert contributors on authors historical figures major literary and political works national literatures and literary movements covering specific themes concepts and genres related to literature and politics from the 20th century to the present The work covers cover authors that include Margaret Atwood James Baldwin Philip K Dick W E B Du Bois William Faulkner Ernest Hemingway Jack London Toni

Morrison George Orwell John Steinbeck and Virginia Woolf just to mention a few International in scope Literature and Politics Today The Political Nature of Modern Fiction Poetry and Drama covers writing ranging from the beginning of the 20th century to the present with special emphasis on works written in English The content of the some 150 alphabetically arranged entries is ideal for high school students working on assignments involving literature to explore such current yet historically ongoing social issues as censorship and propaganda This book is appropriate for public libraries where it will serve to support student research and to help general readers learn more about enduring political concerns through literary works Academic libraries will find this reference a valuable guide for undergraduates studying literature history political science law and other disciplines Burning Valley Phillip Bonosky,1998 Originally published in 1953 Burning Valley tells the story of Benedict Bulmanis son of a Lithuanian immigrant steelworker in western Pennsylvania Determined to become a priest Benedict faces great inner conflict as he witnesses the steelworkers struggle against the destruction of their homes as well as the separation of classes that even the church cannot escape As the story unfolds Benedict discovers his beliefs and values changing and becomes more sympathetic with the workers and union organizers Alan Wald s introduction focuses on the semi autobiographical aspect of Burning Valley as well as its multifaceted dramatization of ethnicity and race

Underground Passages Jesse Cohn,2015-01-26 An exhaustive study of the richly textured resistance culture anarchists create to sustain their ideals and identities amid everyday lives defined by capital and the state a culture prefiguring a post revolutionary world and allowing an escape from domination even while enmeshed in it Whether discussing famous artists like Kenneth Rexroth John Cage and Diane DiPrima or relatively unknown anarchist writers Jesse Cohn clearly links aesthetic dynamics to political and economic ones This is cultural criticism at its best Jesse Cohn is the author of Anarchism and the Crisis of Representation Hermeneutics Aesthetics Politics and an associate professor of English at Purdue University North Central in Indiana **Labor and Desire** Paula Rabinowitz,2000-11-09 This critical historical and theoretical study looks at a little known group of novels written during the 1930s by women who were literary radicals Arguing that class consciousness was figured through metaphors of gender Paula Rabinowitz challenges the conventional wisdom that feminism as a discourse disappeared during the decade She focuses on the ways in which sexuality and maternity reconstruct the classic proletarian novel to speak about both the working class woman and the radical female intellectual Two well known novels bracket this study Agnes Smedley s Daughters of Earth 1929 and Mary McCarthy s The Company She Keeps 1942 In all Rabinowitz surveys more than forty novels of the period many largely forgotten Discussing these novels in the contexts of literary radicalism and of women s literary tradition she reads them as both cultural history and cultural theory Through a consideration of the novels as a genre Rabinowitz is able to theorize about the interrelationship of class and gender in American culture Rabinowitz shows that these novels generally dismissed as marginal by scholars of the literary and political cultures of the 1930s are in fact integral to the study of American fiction produced during the decade Relying on recent

feminist scholarship she reformulates the history of literary radicalism to demonstrate the significance of these women writers and to provide a deeper understanding of their work for twentieth century American cultural studies in general

Recovering the U.S. Hispanic Literary Heritage Virginia Sánchez Korrol, María Herrera-Sobek, 1993 Presents essays dealing with literature written by Hispanic Americans from the sixteenth century through 1960 evaluates individual authors and examines the contributions of Latino authors in a multicultural multilingual society

The Cambridge Companion to the Twentieth-Century American Novel and Politics Bryan M. Santin, 2023-10-12 Surveying the relationship between American politics and the twentieth century novel this volume analyzes how political movements ideas and events shaped the American novel It also shows how those political phenomena were shaped in turn by long form prose fiction The book is made up of three major sections The first section considers philosophical ideologies and broad political movements that were both politically and literarily significant in the twentieth century United States including progressive liberalism conservatism socialism and communism feminism and Black liberation movements The second section analyzes the evolving political valences of key popular genres and literary forms in the twentieth century American novel focusing on crime fiction science fiction postmodern metafiction and immigrant fiction The third section examines ten diverse politically minded novels that serve as exemplary case studies across the century Combining detailed literary analysis with innovative political theory this Companion provides a groundbreaking study of the politics of twentieth century American fiction

The Health of the State Jonathan E. Vincent, 2017 The Health of the State is a cultural history that explores how war writing figured in three phases of modern America s political evolution Civil War remembrance during the Progressive Era the culture of World War I and the new internationalism and World War II s legitimation of Cold War liberalism

Pity is Not Enough Josephine Herbst, 1998 I d rather fail in story writing than succeed in anything else Josephine Herbst declared in 1913 The Iowa native s Trexler family trilogy with Pity Is Not Enough as its first volume shows clearly that Herbst in fact succeeded at storytelling The book draws loosely on Herbst s family history using Reconstruction s demise in Georgia to link the advance of free market capitalism to the North s abandonment of its commitment to racial justice The protagonists Catherine Trexler and her brother Joe a carpetbagger embroiled in railroad scandals are ripped apart financially and psychologically by competing codes of domesticity Southern manners and capitalism In her introduction to the book Mary Ann Rasmussen argues that Herbst was unlike many other 1930s Leftists in that she refused the essentialist notions of gender difference that confounded radical men and women of her generation Herbst s first two novels published in the late 1920s were praised by both Katherine Anne Porter and Ernest Hemingway but the writer gained greater fame with the proletarian fiction and leftist journalism she wrote during the next decade Though never a member of the Communist Party Herbst was ostracized as a sympathizer and dismissed from a government job in 1942 Because she never repudiated her radical beliefs and lifestyle her literary reputation suffered

American Fiction in the Cold War Thomas H. Schaub, 1991 In American Fiction in the Cold

War Thomas Hill Schaub makes it clear that Trilling's summary was in itself a mythic reconstruction a prominent example of the way liberal writers in the late 1940s and 1950s came to terms with their political past Schaub's book brilliantly analyzes their efforts to reshape an old liberalism alleged to hold naively optimistic views of human nature scientific reason and social progress into a new skeptical liberalism that recognized the persistence of human evil the fragility of reason and the ambiguity of moral decision Most important as *American Fiction in the Cold War* demonstrates these liberal reassessments of history politics human nature and destiny what Schaub calls the liberal narrative mediated the critical and imaginative production of the literary community after World War II Schaub shows that the elements of this narrative are visible in a wide spectrum of cultural narratives in American history political philosophy and social criticism during the Cold War era His analysis of the dominant critical communities of the late 1940s led by critics such as Lionel Trilling and Irving Howe Cleanth Brooks and Allen Tate recovers the political meanings embedded within their debates over the nature of literary realism the definition of the novel and speculations on its death In the second part of his study Schaub turns to Ralph Ellison Flannery O'Connor Norman Mailer and John Barth His readings of their fiction isolate the political and cultural content of works often faulted for their apparent efforts to transcend social history Reviewing John Barth's *End of the Road* for example he shows the politics of culture concealed within what seems to be a philosophical narrative In novel after novel he demonstrates the liberal narrative is operating from within tuning and steering the direction of the plot and the creation of the character Schaub's penetrating exploration of the relationship between U.S. political and social thought and the literary consciousness in the early postwar years will be of interest to intellectual historians and to students of American literary culture
