Radical Chic Mau Mauing The Flak Catch:

Spectacular Blackness Amy Abugo Ongiri, 2010 Exploring the interface between the cultural politics of the Black Power and the Black Arts movements and the production of postwar African American popular culture Amy Ongiri shows how the reliance of Black politics on an oppositional image of African Americans was the formative moment in the construction of authentic blackness as a cultural identity While other books have adopted either a literary approach to the language poetry and arts of these movements or a historical analysis of them Ongiri's captures the cultural and political interconnections of the postwar period by using an interdisciplinary methodology drawn from cinema studies and music theory She traces the emergence of this Black aesthetic from its origin in the Black Power movement's emphasis on the creation of visual icons and the Black Arts movement's celebration of urban vernacular culture

Beyond Fred M. Frohock, 2010-03-03 Is death the final event in human life or does another existence follow What are the signs and possible proofs of such continuity Such questions have sparked speculation in philosophy religion art and science throughout human history and remain a familiar concern for even the most casual observer of the human condition In his provocative new book Fred Frohock explores the possibility that our existence is neither defined by nor limited to the purely physical nor is it terminated at death Fearlessly pursuing such a sensitive subject Frohock suggests that death's domain may not be quite the undiscovered country lamented by Hamlet He wades boldly into the debates between hardcore materialists and devout spiritualists provides glimpses of recent findings in brain research the so called mind body problem and consciousness studies and in general offers an idiosyncratic introduction to some of the most provocative and least understood aspects of what we call conscious life In the process he provides fresh insights into the narratives claims and conundrums associated with life after death near death and out of body experiences reincarnation and a host of psychic phenomena that continue to puzzle the experts Demonstrating a keen grasp of subjects ranging from neurochemistry to popular culture Frohock is a sure footed tour guide through a richly diverse field of research He considers what past life regression therapy suggests about reincarnation assessing the credibility of pioneering research by Brian Weiss and Ian Stevenson He introduces readers to the work of the University of Virginia's Near Death Experience Project with reports stretching back 35 years and the Human Consciousness Project's study of 1 500 survivors of cardiac arrest And he contemplates whether people in permanent vegetative states like Terri Schiavo and Sunny von Blow are alive or not and what these transitional states tell us about death Leavened with humor and a Renaissance style intellect that draws in Tolstoy and Hemingway along with films like *Solaris* and *Blade Runner* Frohock's deep meditations are deftly interposed with brief fictional interludes that humanize his book's more abstract dimensions while exploring claims about the supernatural Approaching the world's most baffling subjects with

The Opacity of Narrative Peter Lamarque, 2014-03-25 What is narrative What is distinctive about the great literary narratives In virtue of

what is a narrative fictional or non fictional In this important new book Peter Lamarque one of the leading philosophers of literature at work today explores these and related questions to bring new clarity and insight to debates about narrative in philosophy critical theory and narratology He highlights opacity as a feature of literary narratives and examines the implications for our understanding of fictional worlds and fictional characters Throughout he challenges received views about narrative questioning the indispensability of narrative in an individual s self conception and the importance of both truth and emotion as measures of literary greatness He reflects on the non fiction novel arguing that it does not weaken the distinction between fiction and no fiction The book offers a compelling and original account of these and other issues making a critical contribution to topical and wide ranging debates **The Vanishing American Dream** Gene Ludwig,2020-09-22

As we remap our economy we have an opportunity to rebuild the American Dream for the long term The gap between low and moderate income Americans and their wealthier counterparts has become unconscionably wide A post pandemic economic recovery presents an opportunity to address this deeper troubling challenge and to rectify the economic injustice that threatens so many Americans In 2019 founder and CEO of Promontory Financial Group Gene Ludwig gathered a bipartisan group of the nation s foremost economic thinkers academics and politicians CEOs and former presidential advisors to break with convention and candidly discuss that widening gap The Vanishing American Dream A Frank Look at the Economic Realities Facing Middle and Lower Income Americans comes from their insights The opportunity to rebuild our economy should inspire the most important conversations and ideas of our time The dialogue captured in this book provides broad and experienced perspectives on inequality and policy shortcomings along with examples of ideas that have successfully narrowed the wealth gap from government investment to the role of the private sector Combining expertise with optimism The Vanishing American Dream invites readers to take a seat at the table for a bracing look at the road back to widespread opportunity security and prosperity With Contributions By Sarah Bloom Raskin Glenn Hubbard Deval Patrick Robert Shiller Larry Summers Luke Bronin Daryl Byrd Oren Cass Jacob Hacker Heather Gerken Susan Krause Bell Andrea Levere Zachary Liscow Jonathan Macey Daniel Markovits Mary Miller Michael Moskow David Newville Steven Pearlstein Isabel Sawhill Jay Shambaugh Anika Singh Lemar and Andrew Tisch *Relations in Public* Erving Goffman,2017-07-28 Until recently to be in a public place meant to feel safe That has changed especially in cities Urban dwellers sense the need to quickly react to gestural cues from persons in their immediate presence in order to establish their relationship to each other Through this communication they hope to detect potential danger before it is too late for self defense or flight The ability to read accurately the informing signs by which strangers indicate their relationship to one another in public or semi public places without speaking has become as important as understanding the official written and spoken language of the country In *Relations in Public* Erving Goff man provides a grammar of the unspoken language used in public places He shows that the way strangers relate in public is part of a design by which friends and acquaintances manage their relationship in the

presence of bystanders He argues that taken together this forms part of a new domain of inquiry into the rules for co mingling or public order Most people give little thought to how elaborate and complex our everyday behavior in public actually is For example we adhere to the rules of pedestrian traffic on a busy thoroughfare accept the usual ways of acting in a crowded elevator or subway car grasp the delicate nuances of conversational behavior and respond to the rich vocabulary of body gestures We behave differently at weddings at meals in crowds in couples and when alone Such everyday behavior though generally below the level of awareness embodies unspoken codes of social understandings necessary for the orderly conduct of society
